Phone: (530) 621-7501 Fax: (530) 295-2774

**Emergency Generator Instructions For Completing
2023 Calendar Year THROUGHPUT/PRODUCTION**

Reports are due by April 1, 2024

A separate Throughput Report is required for each permit to operate. Ensure that the reported usage corresponds to the correct permit number. Make sure to specify the permit number on each report. The form must be completed each calendar year whether the permitted equipment was used or not. This information is necessary to track emission within the District.

Report your ACTUAL usage, not your maximum throughput limit(s) listed on the permit. Email the completed report **on page 2** to aqmd@edcgov.us to receive a confirmation of receipt. We also accept faxes at (530) 295-2774, mail or hand delivery.

1. **REPORT YEAR** - Print the report year, for example, 2023 is the report year for the 2024 submittal.
2. **COMPANY NAME** - Print the complete name of the company. The company name placed on the Throughput Report must match the company name listed on the permit.
3. **SITE ADDRESS** - Print the street address where the equipment is located.
4. **PERMIT TO OPERATE #** - You can find this number located on the first page of the permit. The number will look like Permit to Operate # XX-XXXX.
5. **STACK HEIGHT** - The height from ground level to the top of the exhaust stack.
6. **RESPONSIBLE PERSON** - Print the name of the person responsible for the permitted operation.
7. **TITLE** - Print the title of the responsible person listed.
8. **E-MAIL:** Print the e-mail address for the responsible person listed.
9. **PHONE NUMBER** - Print the area code and phone number of the responsible person listed.
10. **ACTUAL PERMIT PROCESS USAGE** - Print the hours of operation for the engine in the appropriate row (e.g. testing/maintenance).

Please contact Cory Gutierrez, Air Quality Engineer, at (530) 621-7571 or email: cory.gutierrez@edcgov.us for general questions.
