Karen L. Garner, Director
El Dorado County Planning and Building Department
2850 Fairlane Court
Placerville, CA 95667
Karen.L.Garner@edcgov.us

Dear Director Garner,

Thank you for taking the time to update us on the status of the grading permit application for 2761 Sands Road in Rescue and sharing the questions on which the Planning Division seeks clarification.

The attached materials address the questions raised in your letter sent on May 3, 2024, and offer clarification of the statute enacting the Behavioral Health Continuum Infrastructure Program (BHCIP.) These materials include: 1) a legal analysis, prepared by our legal counsel, outlining the project's exemption from local zoning requirements and qualifications for a CEQA exemption and 2) letters of support for the project.

Please do not hesitate to reach out should you have any further questions or if you would like any additional information. We appreciate your careful consideration of the grading permit application for this essential project.

Sincerely,

Ramona Valadez *Patrick Prado*

RE: Legal analysis in response to Karen L. Garner letter of May 3, 2024

Dear Director Valadez and COO Prado:

I have reviewed the subject letter, which asserts the proposed project does not meet local zoning requirements and does not qualify for a CEQA exemption. Contrary to the conclusions in the letter, I believe the statute enacting the Behavioral Health Continuum Infrastructure Program (BHCIP), under which this project has received a grant, exempts the project from local zoning ordinances, and that the proposed project meets the conditions of the statute for a CEQA exemption.

Zoning

The project is exempt from local zoning provisions due to an explicit statewide zoning exemption in the statute that enacted the Behavioral Health Continuum Infrastructure Program, Welfare and Institutions Code section 5960.3 (a):

“Notwithstanding any other law, a facility project funded by a grant pursuant to this chapter shall be deemed consistent and in conformity with any applicable local plan, standard or requirement, and allowed as a permitted use within the zone in which the structure is located and shall not be subject to a conditional use permit, discretionary permit, or any other discretionary reviews or approvals [emphasis added].”

The Legislature deemed BHCIP to be of the highest priority in addressing serious behavioral health needs, appropriated significant funds to carry it out, and could not have been more crystal clear that local zoning or any other local regulations would not be allowed to stand in the way of

approved projects. The Program Funding Agreement, the binding contract signed by Advocates for Human Potential, DHCS's designated manager of the BHCIP program, and Home CA, directly references section 5960.3(a) as the governing law relating to local land use restrictions. It is part of the contract on which both parties are relying.

CEQA

Welfare & Institutions Code section 5960.3 (b) states that the California Environmental Quality Act "shall not apply to a project...funded by a grant pursuant to this chapter if, where applicable, all of the following applicable requirements are satisfied [emphasis added]."

The letter from Director Garner raises questions about just two of the nine requirements (the other requirements are fulfilled either by the underlying facts (the property was not acquired by eminent domain) or because they are part of the basic performance elements secured by the Deed of Restrictions).

The two requirements at issue are:

"(5) The project applicant submits to the lead agency a letter of support, or other durable documentary proof for the project, from a county, city or other local public entity for any new proposed construction, major alteration work, or rehabilitation....

"(9) The project does not result in any increase in the onsite development footprint of structures or improvements."

Letter of Support

This project is co-sponsored by Native Directions, Inc., an urban tribal entity and nonprofit organization. Its Executive Director now and for the last 30 years is Ramona Valadez (of the Comanche tribe). According to Director Valadez, the organization was formerly called the San Joaquin Council for the American Indian, an urban tribal entity. The name changed because their service footprint extended to members of multiple tribes.

Native Directions operates Three Rivers Lodge, an urban Indian alcohol and substance abuse recovery facility located in Manteca, which is licensed by DHCS and funded by Indian Health Service, the federal health program for American Indians and Alaska Natives. Indian Health Service has extensive activities in California (see ihs.gov). Indian Health Service has formally recognized Native Directions as an Urban Indian Organization, which is one of the tribal entities, aside from tribes, recognized as eligible under the RFA.

May 14, 2024
Letter to Home CA, Inc
Re: Legal Analysis in Response to Garner Letter
Page 3

Given these credentials, Native Directions qualifies as a “local public entity” under the language of the statute.

The project is not relying solely on NDI: it has significant additional support from the El Dorado County region, submitted as part of the BHCIP application, including a petition signed by native American organizations and individuals and other businesses and individuals.

Increase in the Onsite Development Footprint

The land here is vacant land. There is no onsite development footprint. Accordingly, this section is not “applicable” within the meaning of the introductory sentence of section 5960.3 (b).

To consider this section “applicable” on vacant land would be to negate the entire purpose of the CEQA exemption, which the Legislature so clearly intended to smooth the way for and expedite the development of projects receiving BHCIP grants.

Other Issues

The subject letter also raises questions about whether NDI is eligible under the standards of the Request for Applications. The answer to that is the Department of Health Care Services, through its designated agent in charge of the BHCIP program, found that NDI was eligible, approved the grant and executed the Program Funding Agreement.

The letter also raises questions about NDI’s commitment to providing Medi-Cal services. The RFA is clear that any such contract is contemplated “once the funded facility’s expansion or construction is complete.” It also says that “community wellness centers and youth behavioral health prevention centers are not required to have a contract to provide Medi-Cal behavioral health services; however, they must provide services to Medi-Cal beneficiaries.”

For these reasons, we believe the project fully complies with Health and Safety Code section 5960.3 and that El Dorado County should approve the CEQA exemption and move forward with the grading permit to allow construction to proceed.

Sincerely,

Robert W. Naylor

Subject: Letter of Support and Endorsement of Native Directions Inc. Initiatives

To Whom It May Concern:

CCUIH extends our enthusiastic support for the ongoing and future initiatives of Native Directions Inc. (NDI), particularly those aimed at improving conditions for Native Americans who are either unhoused or at risk of homelessness, with a special focus on prenatal and perinatal women.

NDI's commitment to providing housing and tailored services in a culturally sensitive manner aligns with our vision of nurturing and empowering our community through supportive and dignified environments. Their approach not only addresses immediate housing needs but also fosters long-term healing and personal growth within the least restrictive settings, which is crucial for the well-being of our community members.

We commend NDI for their steadfast dedication to our people. We are committed to supporting their projects that promise to enhance the quality of life and opportunities for American Indians and Alaska Natives in California. Our organization is prepared to collaborate and provide necessary assistance to ensure the success of these projects.

Thank you for acknowledging our support. We anticipate a fruitful collaboration with NDI and are excited to witness the positive outcomes of their impactful work.

Sincerely,

Virginia Hedrick, MPH (Yurok)
Executive Director, CCUIH

To Whom It May Concern:

Subject: Support for Native Directions Inc. Projects in El Dorado County

I am pleased to express my strong support for the projects being undertaken by Native Directions Inc. within El Dorado County. These initiatives, aimed at providing housing and essential non medical services, are crucial for the nurturing and empowerment of Native Americans who are in dire need of support to facilitate their healing and growth.

Native Directions Inc. has consistently demonstrated an unwavering commitment to our community, particularly in areas that resonate deeply with our tribe's objectives-offering a peaceful environment where individuals can heal, grow and thrive. Their projects not only provide physical shelter but also ensure access to essential services that are culturally sensitive and tailored to meet the unique needs of our people.

I believe that through collaborative efforts and mutual understanding, we can significantly enhance the effectiveness of these projects, thereby ensuring they yield the greatest benefits for those in need.

Thank you for considering this endorsement of Native Directions Inc.'s invaluable projects. I look forward to seeing the positive impact of these projects unfold within our community.

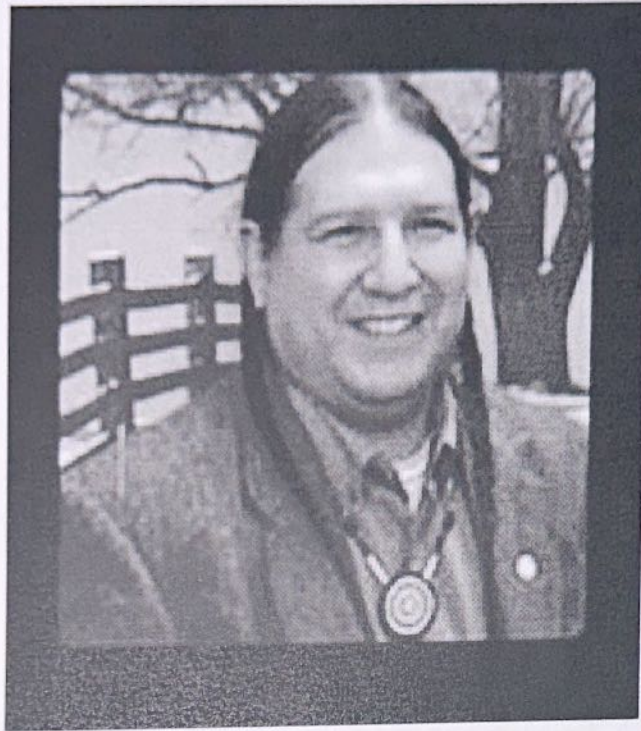

Sincerely

05/07/2024

To Whom It May Concern,

I am Deanna Pineda, board member and native liaison, and I am pleased to represent HomeCA Inc., a non profit community based organization based in El Dorado, California, dedicated to addressing the critical issue of homelessness in our state. Founded in 2016, our mission has been to connect low-income, frail elderly individuals and adults with behavioral health issues, including native Americans, to suitable assisted living and independent living facilities, providing these services at no cost to the individuals or the facilities involved. Our operations are largely driven by a compassionate team of volunteers who believe firmly that everyone deserves a place to call home.

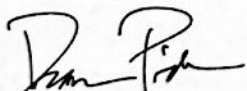

We are writing to express our support for the collaborative initiatives undertaken with Native Directions Inc. (NDI) in the design and development of housing facilities aimed at serving unhoused Native Americans. This partnership is grounded in our shared commitment to creating solutions that not only provide shelter but also promote cultural sensitivity, healing, and growth.

Through our collaboration with NDI, we are implementing the 'native to native' principle of care, ensuring that the services and support provided are culturally attuned and respectful of the traditions and needs of Native American communities. Our joint efforts are focused on coordinating the efficient matching of unhoused Native Americans to these new resources, facilitating access to housing and other critical services operated by and for natives.

HomeCA Inc. is proud to contribute to this initiative, leveraging our expertise in housing solutions and resource coordination to enhance the impact of these projects. We believe that our partnership with NDI will lead to sustainable improvements in the lives of many individuals, fostering a sense of community and belonging.

Thank you for acknowledging our efforts and supporting our mission.

Sincerely,

Deanna Pineda

6Beds, Inc.

Advocating for Safe, Quality and Affordable Residential Care

Ron Simpson, President
6Beds Inc.
El Dorado Hills, 95762
1-833-MY6-BEDS. www.6beds.org

May 7, 2024

To El Dorado County Board of Supervisors,

I am writing on behalf of the Board of Directors of 6Beds Inc., established in 2014 and headquartered in El Dorado Hills, California. As a statewide organization, 6Beds operates primarily from our main office in El Dorado, CA. We are a key stakeholder recognized by the State of California and various agencies, including the Department of Social Services and the Department of Developmental Services, representing smaller residential care facilities. As a 501(c)(6) non-profit organization, 6Beds actively engages in lobbying efforts at the State Capitol through our distinguished lobbyists, Attorney Robert Naylor and Roxanne Gould. Our advocacy contributed to the enactment of significant state legislations in 2021—AB 133 and AB 172, which respectively established the Behavioral Health Continuum Infrastructure Program (BHCIP) and Community Care Expansion (CCE) programs. Representing approximately 3,500 Residential Care Facilities for the Elderly (RCFE) and Adult Residential Facilities (ARF) statewide, including several in El Dorado County, we are delighted to extend our support to the forthcoming initiatives and projects of Native Directions Inc. (NDI) in El Dorado County.

Our endorsement of NDI's initiatives comes from a shared commitment to enhancing the quality of life for vulnerable populations, including the unhoused and economically challenged Native Americans. NDI's projects in El Dorado County are pivotal, promising to make substantial impacts on our community by providing essential services and support in innovative and sustainable ways.

6Beds Inc. is proud to support NDI's efforts. We are committed to collaborating closely with NDI, offering our expertise in regulatory compliance and residential care operations to aid the successful rollout and ongoing success of these initiatives. Our involvement is aimed at ensuring these projects not only meet but exceed their objectives, providing a safe and supportive environment for those in need.

We are enthusiastic about the potential impacts of these projects and look forward to contributing to their success.

Thank you for your attention and the opportunity to be part of this commendable effort.

Sincerely,

Ron Simpson, MBA, PhD

BEST LIFE FOR NATIVES

Empower, Heal, Thrive: The Native Journey

May 8, 2024

To Whom it May Concern:

I am writing on behalf of Best Life for Natives and also as a resident of El Dorado Hills. Best Life is an urban tribal entity and also a 501c3 non-profit organization dedicated to empowering Native Americans to overcome historical trauma, substance use disorders, and cycles of poverty through culturally sensitive mentorship, counseling and support. Founded in Shingle Springs in 2021 as an urban tribal entity, our mission is to mentor and support natives in reaching their fullest potential.

We express our strong support for the initiatives and projects of Native Directions Inc. (NDI) in El Dorado County. Our goals align perfectly with NDI's efforts, particularly in enhancing the well-being and development of the Native American community through strategic and impactful projects.

At Best Life, we understand the critical role that culturally informed counseling plays in healing and growth. To this end, we are committed to collaborating with NDI to ensure the success of their projects. Our team of volunteer mentors and counselors is prepared to provide culturally sensitive guidance and therapeutic support, integrating traditional practices that resonate deeply with our community's values and needs.

We believe that our support to NDI will be instrumental in creating meaningful change and long-lasting benefits for the communities we serve. We look forward to the opportunity to contribute to the success of these important initiatives.

Thank you for considering this letter of support. We are excited about what we can achieve together for the betterment of our communities. I can be reached at 916-337-7617 if you have any questions.

Sincerely,

Rodney Yeldon

Ultimax Builder *Build Smart, Live Better*

05/08/2024

To Whom It May Concern,

I am Max Peralta, President of Ultimax Builders, a licensed and bonded construction company, and Department of Industrial Relations (DIR) registered, based in El Dorado Hills, California. Specializing in the construction of residential facilities throughout Northern California, we are committed to excellence in every project, ensuring that each build meets the highest standards of quality and safety.

It is with great pride that I extend my support to Native Directions Inc. (NDI) for their upcoming projects in El Dorado County. As a resident of El Dorado Hills and an active participant in community development, I have a deep appreciation for initiatives that aim to enhance the living conditions and wellbeing of local populations, particularly those that serve underrepresented groups.

NDI's commitment to providing culturally sensitive housing and resources for Native Americans is both commendable and necessary. Their approach not only respects but also preserves the cultural heritage of the Native American community, integrating these principles into every aspect of their housing projects. This dedication to cultural integrity is crucial for the success of such initiatives and aligns with our values at Ultimax Builders.

As NDI moves forward with their projects, Ultimax Builders is eager to lend our expertise in construction and project management to assist wherever possible. We recognize the importance of these developments in promoting healing and growth within the community, and we are committed to supporting NDI's efforts to ensure these facilities are constructed to the highest standards of quality and functionality.

Please feel free to contact me for any further information or to discuss how we can contribute to the success of these projects. We look forward to the opportunity to collaborate with Native Directions Inc. and make a lasting impact in El Dorado County.

I can be reached at 408-621-0465 if you have any questions.

Thank you for your consideration.

Sincerely,

Max Peralta
President, Ultimax Builders

Oxford Manor Management Group LLC

Elevating elderly care with Compassion in Cameron Park. Oxford Manor Lic 092700163

05/07/2024

To Whom It May Concern,

I am Jose Santos, the Administrator and Owner of Oxford Manor, a licensed residential care facility for the elderly (RCFE) that specializes in dementia care and hospice care located in Cameron Park, California. This RCFE had been in operation since the 80s and I took over in 2007 and we serve the community of Cameron Park and the rest of El Dorado County. At Oxford Manor, we are dedicated to providing high-quality care and a nurturing environment for our residents, recognizing the importance of dignity and respect in the later stages of life.

I am pleased to support the initiatives of Native Directions Inc. (NDI) in El Dorado County. Having observed their commitment to community care and their impactful projects, I am convinced that their efforts are crucial for the wellbeing of the local Native American population.

At Oxford Manor, we share a common goal with NDI: to enhance the quality of life for those we serve. This shared mission is why I believe in the success of NDI's projects, which aim to provide culturally sensitive and appropriate support to Native Americans in our community. Their work in developing housing and resources operated by natives for natives is not only innovative but deeply necessary for fostering healing and growth.

I am particularly impressed by NDI's approach to incorporating culturally specific care into their services, which aligns closely with our philosophy at Oxford Manor, where we strive to meet the unique needs of each resident. We are committed to supporting NDI's projects and look forward to potential collaborations that could further our mutual objectives of care and respect for all individuals.

Thank you for considering this letter of support. I am optimistic about the future projects of NDI and the substantial benefits they are sure to bring to our area. I can be reached at 530-676-0150 if you have any questions.

Sincerely,

Jose Santos

Jose Santos, Business Owner
Cameron Park Resident

May 8, 2024

To El Dorado County Board of Supervisors,

As a recently retired Fire Captain from the San Rafael Fire Department with over three decades of experience in paramedic and fire safety roles, and a resident of El Dorado Hills for over 20 years, I am intimately familiar with the unique challenges and needs of our community.

I am writing to express my full support for Native Directions Inc., an organization dedicated to improving the lives of Native American communities through culturally sensitive and effective programs. Their commitment to integrating the community's profound connection to nature into their services is commendable and vital for holistic well-being.

In my capacity as a retired fire safety professional, I am keenly interested in collaborating with Native Directions Inc. to enhance fire safety measures within their facilities and the wider Rescue, California neighborhood. Understanding the importance of maintaining natural and pristine surroundings, I am prepared to offer guidance to ensure these environments are managed in a way that significantly reduces fire risks, thereby ensuring the safety of all residents and the surrounding community.

Please feel free to reach out to me for any further discussion on how I can support the ongoing success and safety initiatives at Native Directions Inc.

Sincerely,

William Wasdyke

Retired Fire Captain

Williamwasdyke@gmail.com

NATIVE DIRECTIONS

On April 15 and July 1, 2023, over 220 signatures were collected from Native Americans across various tribes, rallying support for the Tribal Youth Perinatal Residential Facility at 3335 Deer Valley Court, Rescue. This initiative, spearheaded by Native Core—Native Directions' outreach arm based in Stockton, CA—highlighted the community's commitment to a unique facility designed to serve young pregnant Native women. These efforts underscore the facility's mission to offer culturally sensitive and traditional healing methods, tailored specifically to residents who may be grappling with Substance Use Disorders or fleeing violent environments.

This youth facility aims to provide a safe haven for vulnerable women, addressing the pressing issue of missing and murdered Indigenous women (MMIW) in California—a state with the third-highest number of MMIW cases in the U.S. Alarming, a report from 2021 noted that MMIW cases in California had risen to 183, marking a significant increase over previous years. This facility represents a critical step forward in offering protection and support to this at-risk population, reflecting the urgency and importance of addressing these challenges within the community.
