Re: Recap of 7-19-24 Meeting

Dear Mr, Prado,

Thank you for meeting with me on Friday, July 19, 2024. The following is a recap of the meeting.

Applicant Attendees:

Patrick Prado, HomeCA COO
Gina Wasdyke, HomeCA President
Roxanne Gould, HomeCA Consultant
Ramona Valadez, Native Directions Executive Director (via phone)

County Attendees:

Lori Parlin, El Dorado County District IV Supervisor
Jim Diel, El Dorado County Chief Assistant Director, Health and Human Services

Purpose of meeting:

First meeting and clarify misstatements.

Takeaways:

County made it very clear that El Dorado County has not been a collaborator of the Applicant's projects and does not appreciate Applicant making statements to the media and in correspondence which misrepresent the County's engagement of the projects.

Applicant made statements to counter the public's perception of the projects. However, Applicant made it clear that they have never done a project like this before, and they are a very small team

Applicant clarified that the BHCIP and CCE grant funds are only for project construction, not for operations. Indicated that funding for operations would come from "IHS" and "Federal Grants".

Applicant asked what concerns/questions County has. County explained that questions have been submitted in writing and correspondence is now between legal counsels, awaiting answers from Applicant.

Respectfully,

Supervisor Lori Parlin District IV, El Dorado County
