282-5-75
Hearing was held on the Appeal filed by Mr. Lee Ramey of Federal Sign & Signal Corporation on the Planning Commission's decision to deny the application for a Special Use Permit for an on-premise Time and Temperature sign for the El Dorado Savings & Loan Office located between Pony Express Trail and U.S. Highway 50, west of Sly Park Road in Pollock Pines. The action of the Planning Commission was to deny the Time and Temperature portion on the basis of the County Ordinance Section 9430 (h) (7), which states that . . . "(7) Lighted signs shall not be blinking and shall be controlled so that visibility of vehicular traffic is not impaired, and objectionable glare is shielded from adjoining residential zones; ", and the sign was also denied subject to review by County Counsel.

Mr. Lee Ramey was present, as was Mrs. Virginia Fraser, Vice President of El Dorado Savings and Loan, who stated that the sign (without the Time and Temperature) was allowed by right, and that the Time and Temperature portion was a public service, according to the many favorable comments received from the residents of Placerville and Cameron Park where they already have these same signs.

There was no one present in opposition to the proposed sign. The Chairman closed the Hearing.

At the recommendation of Assistant County Counsel, on motion of Supervisor Lane, seconded by Supervisor Stewart, and unanimously carried by those present, the Board determined that the frequency of the change of this particular sign was slow enough that it could not be termed as a "blinking" or "flashing" sign, which the Planning Commission stated was not allowable by the County Ordinance; and therefore, a Special Use Permit was not required, inasmuch as the proposed sign is within the limits of size that is allowed by right.
