- 326
- a. Opposed Assembly Bill 1600 (Sher and Kapiloff) which proposes rigid guidelines for timber production, increased penalties for violations, and greater authority by the Department of Forestry to issue stop orders, as the Commission is concerned that it would be very difficult to implement and gives excessive punitive powers to field inspectors, and underregulation with overzealous enforcement would have a negative impact on this vital industry;

1. The land meets the requirements for inclusion in the Williamson Act;

The applicant was not present. There were no written or verbal protests, and the hearing was closed.
