Public testimony will be received on each agenda item as it is called. Principal party on each side of an issue (where applicable) is allocated 10 minutes to speak, individual comments are limited to 3 minutes, and individuals representing a group are allocated 5 minutes. (Adopted 8/10/93) The Board reserves the right to waive said rules by a majority vote.

**HEARING ASSISTANCE DEVICES ARE AVAILABLE FOR PUBLIC USE
INQUIRE WITHIN THE BOARD OF SUPERVISORS OFFICE**

9:00 A.M. - CALL TO ORDER AND ADOPTION OF AGENDA

1. Hearing to consider the following Appeals on Reclamation Plan 90-01 for the existing Diamond Quarry in the Pleasant Valley/Oak Hill Area, Applicant: Loring H. Brunius/Sierra Rock: 12222
 - a. Department of Conservation, State of California, appealing approval of subject Reclamation Plan; and
 - b. Loring H. Brunius, dba Sierra Rock, appealing Conditions 12 and 14 imposed on subject Reclamation Plan.

BOARD ACTION - 1. The Board of Supervisors adopted the Mitigated Negative Declaration for Diamond Quarry Reclamation Plan 90-01, finding that it reflects the independent judgment of the County of El Dorado. 2. The Board adopted the findings of the Planning Commission on July 25, 1997, set forth in the staff report of August 21, 1997, as Exhibit C. 3. The Board approved the Reclamation Plan and Financial Assurances for the Diamond Quarry as adopted by the Planning Commission on July 25, 1997, with the modifications expressed in the staff report of August 21, 1997, and orally by staff here today at this hearing, plus the following conditions: (A) The Reclamation Plan is not effective unless the outstanding processing costs are paid in full by the close of business on September 12, 1997. (B) The financial assurances are to be posted no later than 15 working days from this date. (C) The Reclamation Plan will be reviewed by the Planning Commission at a hearing at the end of one year. At that time, the County can affirm, modify or terminate the Reclamation Plan based on evidence presented to it. This is in addition to the 5-year review already provided for in the Plan. Over the next year, staff is directed to work with the operator, a County-retained geotechnical consultant and the Department of Conservation to resolve the outstanding concerns expressed by the State. This is not to be construed as an admission that the Reclamation Plan as adopted this date is not in compliance with the requirements of law including SMARA (Surface Mining and Reclamation Act), but as an attempt to further improve the Plan and satisfy the State that its concerns are addressed. 4. The State Department of Conservation is asked to work productively with County staff in this effort in order to achieve our mutual goals. NuUBS N(a)

2. Hearing to consider the following Appeals on Reclamation Plan 90-02 for the existing Weber Quarry in the Rescue Area, Applicant: Loring H. Brunius/Sierra Rock:
 - a. Department of Conservation, State of California, appealing approval of subject Reclamation Plan, financial assurances, and mitigated negative declaration;
 - b. Greenstone Country Owners Association appealing approval of the subject Reclamation Plan and financial assurances; and
 - c. Loring H. Brunius appealing Conditions 13, 14, 19, and 20 imposed on subject Reclamation Plan.

BOARD ACTION - 1. The Board of Supervisors adopted the Mitigated Negative Declaration for Weber Creek Quarry Reclamation Plan 90-02, finding that it reflects the independent judgment of the County of El Dorado. 2. The Board adopted the findings of the Planning Commission on July 25, 1997, set forth in the staff report of August 21, 1997, as Attachment D. 3. The Board approved the Reclamation Plan and Financial Assurances for the Weber Creek Quarry as adopted by the Planning Commission on July 25, 1997, with the modifications expressed in the staff report of August 21, 1997, and orally by staff here today at this hearing, plus the following conditions: (A) The Reclamation Plan is not effective unless the outstanding processing costs are paid in full by the close of business on September 12, 1997. (B) The financial assurances are to be posted no later than 15 working days from today. (C) The Reclamation Plan will be reviewed by the Planning Commission at a hearing at the end of one year. At that time, the County can affirm, modify or terminate the Reclamation Plan based on evidence presented to it. This is in addition to the 5-year reviews already provided for in the Plan. Over the next year, staff is directed to work with the operator, a County-retained geotechnical consultant and the Department of Conservation to resolve the outstanding concerns expressed by the State. This is not to be construed as an admission that the Reclamation Plan as adopted this date is not in compliance with the requirements of law including SMARA, but as an attempt to further improve the Plan and satisfy the State that its concerns are addressed. 4. The State Department of Conservation is asked to work productively with County staff in this effort in order to achieve our mutual goals.
