## Financial Charts

## Source of Funds

Assessment \& Tax Collection (\$200,000): The department receives a share of the County's 5\% administration fee for the supplemental roll. The revenue is shared among the property tax administration departments (AuditorController, Treasurer-Tax Collector, Assessor).
This revenue has declined sharply as property values have fallen.

Miscellaneous ( $\$ 3,000$ ): The department derives a small amount of revenue from Quimby appraisals, historical exemptions and other miscellaneous services.

Operating Transfers $(\$ 335,220)$ : The bulk of this revenue $(\$ 258,420)$ is derived from the fees charged for the separate assessment of timeshare projects, as provided by County Ordinance. This revenue is shared among the property tax administration departments. A transfer from the department's automation special revenue fund of $\$ 76,800$ will fund replacements for obsolete computer equipment as well as software licenses. The remainder of the revenue in this character is derived from the sale of assessment data.

Net County Cost (\$3,335,706): The department is primarily funded with discretionary General Fund tax dollars. These revenues are collected in Department 15 - General Fund Other Operations.

It should be noted that charges to special districts to cover the County's cost for administering the property tax system generate revenue which posts in Department 15 as general
discretionary revenue. The charges are derived from the costs of the Assessor, the AuditorController, and Treasurer-Tax Collector Departments. This revenue is budgeted at $\$ 2,250,859$.

## Use of Funds

Salaries \& Benefits (\$3,391,752): Primarily comprised of general salaries and benefits $(\$ 2,372,756)$, retirement $(\$ 456,675)$, retiree health ( $\$ 38,057$ ), workers' compensation $(\$ 39,497)$ and health insurance $(\$ 484,758)$.

Services \& Supplies (\$203,897): Major expenses include general liability insurance $(\$ 25,897)$, office expense $(\$ 14,000)$ postage (\$22,000), computer equipment $(\$ 73,000)$ and employee mileage $(\$ 10,000)$.

Intrafund Transfers $(\$ 278,277)$ : Intrafund transfers consist of charges from other departments for services such as mainframe support $(\$ 188,518)$, network support $(\$ 66,328)$, and telephone (\$12,000).

## Staffing Trend

Staffing for the Assessor over the past ten years has gone from 42 FTE in FY 2001-02 to 38 FTE primarily from the loss of the State Property Tax Administration Program, which used to provide approximately $\$ 300,000$ in revenue annually. The proposed staff allocation for FY 2010-11 remains at 38 with 33 FTE'S on the West Slope and 5 FTE'S at South Lake Tahoe.

## ASSESSOR

## Chief Administrative Office Comments

The Recommended Budget for the Assessor reflects staffing changes made during FY 2009-10, including the addition of one FTE GIS Analyst. This allocation was moved to the Assessor's Office from the Surveyor, increasing salary and benefits in the Assessor's Office by $\$ 110,000$, and reducing appropriations in the Surveyor's Office by an equal amount.

The Assessor department budget is recommended at a base level, funding all 38 positions; however some salary savings is anticipated due to the fact that the current Assessor has reached the end of his term and has elected not to run again. Both candidates for Assessor are current department employees. The position that is left vacant as a result of the outcome of the election in June will not be filled during the FY 2010-11 fiscal year. The CAO will work with the new Assessor to review the departmental organizational structure and may bring recommendations for changes at mid-year.
