MODIFIED ACCRUAL

The modified accrual basis of accounting is used by all Governmental Funds. Revenues are recognized in the accounting period in which they become available and measurable. The primary revenue sources susceptible to (modified) accrual are property taxes, sales tax, inter-governmental revenues, rent, investment income and charges for services. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. One exception to this general rule is that principal and interest on general long-term debt is recognized when due. El Dorado County uses the modified accrual basis for budgeting in governmental funds and full accrual in proprietary funds; i.e. budgets are not constructed on a cash basis of accounting.

NET COUNTY COST Total requirements less total sources. This figure represents the part of a budget unit's appropriation that is financed by general purpose revenues, such as property taxes, sales taxes and interest earnings.

NON-DEPARTMENTAL Expenses, revenues, services, programs or resources that cannot be specifically tied to a single department

ONE-TIME EXPENDITURES

OTHER CHARGES A payment to an agency, institution or person outside the County government. Example: 'Aid to Indigents'

PROGRAM

After receiving final tax estimates and available fund balances, along with other adjustments and items for reconsideration, the Board of Supervisors adopts the annual Final Budget for each fiscal year.

PROPOSITION 13
