## NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

NOTICE is hereby given that the County of El Dorado, State of California intends to adopt a Mitigated Negative Declaration for the project described below.

**TITLE:** Hanks Exchange Road at Squaw Hollow Creek Bridge (No. 25C0053) Replacement Project (County CIP #77135)

**LOCATION:** The Project is located approximately 0.4 mile south of Pleasant Valley Road and roughly 4 miles south of Placerville in unincorporated El Dorado County.

**APN:** County road right-of-way and APNs 099-010-23, 099-010-24, 046-022-01, and 046-250-27.

**GENERAL DESCRIPTION:** El Dorado County Community Development Services, Transportation Department, in conjunction with Caltrans and FHWA, is proposing to: (1) replace the existing, functionally obsolete, 23 feet long, 13.5 feet wide, reinforced slab bridge structure, with a new bridge approximately 60 feet long and 32 feet wide, that meets current standards, and (2) widen and realign the road geometry approaching the bridge from both south-bound and north-bound directions. The existing bridge was determined to be functionally obsolete with a sufficiency rating of 30.7 out of 100. The new bridge would have two 12-foot lanes and two 3-foot shoulders and guardrails. Construction of the new bridge would be implemented in stages, and a temporary lane closure of Hanks Exchange Road near the bridge would be required. For a more detailed project description, see the document available as described below.
