NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

NOTICE is hereby given that the County of El Dorado, State of California intends to adopt a Mitigated Negative Declaration for the project described below.

TITLE: Silver Fork Road at South Fork American River Bridge (25C0113) Rehabilitation Project

LOCATION: The Project is located along Silver Fork Road approximately 150 feet south of U.S. 50 in the community of Kyburz in unincorporated El Dorado County, CA. The Project area includes approximately 300 linear feet of Silver Fork Road, road shoulders, a portion of the South Fork American River, and portions of adjacent privately owned parcels.

APN: County road right-of-way and portions of APNs 012-302-18, 012-302-08, 012-361-05 and 012-303-02.

GENERAL DESCRIPTION: The El Dorado County Community Development Agency, Transportation Division intends to rehabilitate the existing Silver Fork Road Bridge (25C0113) over South Fork American River. The existing 60-foot 10-inch-long, 24-foot 3-inch-wide, 2-lane single span, welded-steel plate girder bridge with concrete deck was constructed in 1953. The bridge has been identified by Caltrans as structurally deficient (sufficiency rating of 64.0) and the concrete deck in poor condition. The Project would rehabilitate the existing bridge structure to improve roadway safety and comply with American Association of Highway and State Transportation Officials (AASHTO) guidelines and El Dorado County standards. The County will replace the bridge deck with a wider, cast-in-place, reinforced concrete deck; install approach slabs on each side of the bridge; install new railings; repair localized scour at the north abutment; reposition the existing girders; and refurbish the existing paint system.

REVIEW: The review period for the Mitigated Negative Declaration begins on October 10, 2014 and ends on November 10, 2014. The Mitigated Negative Declaration may be reviewed at County Transportation offices at 2850 Fairlane Court, Placerville, CA.
