Note: Construction of the Perks Court cul-de-sac option would require fully acquiring residential parcels 327-130-18, 327-130-19, and 327-130-20. Construction of the Perks Court realignment option would require fully acquiring residential parcels 327-130-20 and 327-130-21. Partial takes on Perks Court resulting from either option would not affect any structures.

Note: See "Receivers Selected for Impact and Abatement Assessment" section in the text for a description of receptors.
