Meeting ID: 371 188 746 430

Passcode: rwwTmk

El Dorado County is updating the General Plan Safety Element. You are invited to participate in the planning process!

Through the Safety Element Update, we will refine the goals, policies, and implementation programs that address existing and future climate-related natural hazards in the County. Your participation will help us develop effective public health and safety strategies that reflect the needs of our community members.

**Please assist the County by participating in our workshop and providing input on the draft Safety Element.**

The purpose of the public workshop is to review the components of a Safety Element and the proposed draft goals, policies, and implementation measures. Please share this invitation with your friends, neighbors, and colleagues who may be interested in attending. Additional information is provided on the County's Safety Element Update webpage:

<https://www.edcgov.us/LongRangePlanning/>.

IF YOU HAVE QUESTIONS OR WOULD LIKE ADDITIONAL INFORMATION, PLEASE CONTACT:

**Thea Graybill, El Dorado County,**  
Senior Planner, Long Range Planning at
