EL DORADO TRAIL BIKE/PEDESTRIAN OVERCROSSING PROJECT CONSTRUCTION AND TEMPORARY CLOSURE OF THE EL DORADO TRAIL AT MISSOURI FLAT ROAD

August 12, 2024 through December 31, 2024

(PLACERVILLE, CA) -- El Dorado County's Department of Transportation will begin construction of a pedestrian overcrossing structure along the El Dorado Trail at Missouri Flat Road on August 12, 2024. Motorists should anticipate shoulder work in both directions of Missouri Flat Road, as well as a temporary shoulder closure in the southbound direction. This work will also require a continuous closure of the El Dorado Trail segments connecting with Missouri Flat Road, including the trail parking lot adjacent to Sierra Door & Supply, and on-street parking. The trail parking lot will be removed completely. A new larger trail parking lot will be constructed as part of the Diamond Springs Parkway Phase 1B project which is anticipated to begin construction in 2025.

The trail closure is anticipated to continue until December 31, 2024. Trail users are advised to avoid the Missouri Flat Road location and enjoy other segments of the El Dorado Trail during construction.

The County sincerely appreciates the cooperation and patience of motorists and trail users, and we apologize for any inconvenience as a result of this work.

For questions regarding this construction, please contact the County's Transportation main line at (530) 621-5900 (select Option 3 for Engineering).
