(PLACERVILLE, CA) -- The El Dorado County Department of Transportation, in conjunction with the Federal Highway Administration - Central Federal Lands Highway Division and Martin Brothers (Martin Brothers) Construction, is performing road work on Ice House Road between the intersection of Peavine Ridge Road to the junction of Wentworth Springs Road in the El Dorado National Forest. Construction work for intermittent bridge barrier rail and guardrail improvements will continue as weather permits through November 2024, with construction activities planned to be suspended due to weather conditions through the winter of 2024/2025. The approximately eight (8) miles of completed road work will be temporarily striped prior to winter suspension.
