-  Important Biological Corridor **
-  Community Region **
-  Rural Center **

- * DATA SOURCE: PMC
- ** DATA SOURCE: 2004 EDC General Plan
- *** DATA SOURCE: El Dorado County Development Services Department / Planning Division

Notes:

Priority Oak Woodland Habitat designation includes Large Expanses of Oak Woodlands, all Valley Oak Woodlands, and excludes State and Federal lands, Commercial and Industrial lands, and Low Density Residential lands.

Total Acreage of 5 WHR Oak Woodland Types = 248,857.
Total Acreage of Priority Oak Woodland Habitat = 70,692.

This map displays initial oak woodland habitat where willing landowners could be approached to negotiate General Plan Policy 7.4.4.4 mitigation and other types of oak woodland conservation land acquisition. Identification of oak woodland habitat as priority (green), or not identified as priority (brown) on this map, does not trigger or mandate Policy 7.4.1.6 or Measure CO-U requirements for Policy 7.4.4.4 Option A or Option B unless the oak woodland habitat is within (but not adjacent to) any lands that are already identified as containing threatened, rare, or endangered species.
