Dear Tiffany Schmid,

As a resident of the Cameron Airpark I am in opposition to the proposed Self Storage Facility. We are trying hard to keep this a viable Airport for the benefit of the whole area community. The property should be used for something more in line with an Airport. A Restaurant would be a great idea where people of all ages could have a meal and be introduced to the world of Aviation, especially children.

Sincerely, Greg Cardwell 3181 Western Drive Cameron Park CA 95682 916-947-6194

To: COUNTY OF EL DORADO ZONING ADMINISTRATOR

Subject: Cameron Park Airport District (CPAD) Board Position Regarding the Air Park Self Storage Project

Reference: 1) Design Review Revision DR-R19-0004/Air Park Self Storage
(Original Permit DR14-0004-S/Landing Storage
2) Cease & Desist Letter, dated October 1, 2020
3) Various email correspondence: 2019-2020

The Board of Directors of the Cameron Park Airport District reasserts that no access from this project or any of the associated properties to the airport is allowed for any reason. A barrier fence without gates or other openings must be provided at the airport boundary. CPAD previously stated its position several times. The current Air Park Self Storage Plans under reference 1) does not delete airport access.

The Board of Directors of the Cameron Park Airport District further object to this project as it is not aviation related.

This letter was reviewed and approved by the Cameron Park Airport District at their October 26, 2020 Board meeting.

Date 10/28/2020
