- C. All TIM Fee Program receipts are to be expended on projects and in the proportions shown on Exhibit B.
- D. All references to earlier programs in agreements, conditions of approval, mitigation measures, etc., will be assumed to apply to the new TIM Fee Program where:
  - a. References to the former RIF are assumed to also include the new 2004 EDH TIM
  - b. References to the former TIM are assumed to also include the new 2004 TIM
  - c. References to the former State TIM and the former Interim Highway 50 programs are assumed to also include the new 2004 Highway 50 TIM.
- E. The fees set forth above in this Exhibit "A" will be adjusted annually with any revised fees taking effect on, or about, July 1<sup>st</sup> of each year. The revised fees will be calculated by updating improvement cost estimates using actual construction costs of ongoing and completed projects, the most current cost estimates for those projects that are far enough along in the project development cycle to have project specific cost estimates, and for all other projects, using the California Department of Transportation (Caltrans) Price Index for Selected California Construction Items. (The fees shown in Exhibit "A" are based on the end of the third quarter 2006 index figure of 276.1.) The Department of Transportation will also incorporate any changes to the land use forecasts should new General Plan land use forecasts become available.

- 8. Refunds will be made payable to the current owner(s) or whomever they legally designate.
