Make a Kit

What We Do

We prepare for and respond to all hazards.

We focus on:

- All-hazards emergency planning
- Community education and training
- Staff education and training
- Emergency response and communication

Have a Plan

Quick Tips to Prepare

- **Make an emergency kit.** Remember children, pets and those with special medical needs.
- **Have a plan.** Have an emergency response and evacuation plan.
- **Be informed.** Know how to get information from the radio, TV, social media, text alerts and emergency notification systems.
- **Know your neighbors.**

Prepare for your individual needs:

- Have at least 7 days worth of medication in your emergency supply kit.
- Identify back-up or alternate power supplies for electricity dependent equipment.
- Keep a supply of special food or infant formula.
- Identify alternate transportation for evacuation.
