

**\*\*\* PARAMEDIC ALERT \*\*\***

**No. 2010-03**

Date: April, 14<sup>th</sup> 2010

Topic: Pediatric Pulseless Arrest Protocol

Effective: Immediately

Attention: All El Dorado County ALS Prehospital Providers

It has come to our attention that some providers did not get the message sent on August 18<sup>th</sup> of last year indicating that the Pediatric Pulseless Arrest Protocol had a medication omission (Lidocaine was missing). The protocol had been updated to include Lidocaine for VF/VT at that time.

Please check any printed copies of the protocol and replace with the updated version found here: [http://www.co.el-dorado.ca.us/ems/pdf/Prehospital\\_Protocols/06\\_Pulseless\\_Arrest.pdf](http://www.co.el-dorado.ca.us/ems/pdf/Prehospital_Protocols/06_Pulseless_Arrest.pdf)

To get automatically notified of any change to the EMS Agency Website please add your email address to our updates list at: [https://service.govdelivery.com/service/subscribe.html?code=CAELDOR\\_7](https://service.govdelivery.com/service/subscribe.html?code=CAELDOR_7)

We apologize for any confusion this situation may have caused.
