

Allowed Burn Materials

The only wastes which can be legally burned are tree trimmings, leaves, dry pine needles, and plants that are derived from the property on which they are being burned.

Burning must be done on burn days only. Please call the burn information line on the day you plan to burn and listen to the recorded message to determine if that day is a burn day.

Western Slope call (530) 621-5897 or (886) 621-5897

Tahoe Basin call (530) 621-5842 or (888) 322-2876
