The Honorable Board of Supervisors
330 Fair Lane
Placerville, CA 95667

Honorable Members of the Board of Supervisors:

With this letter, I submit for your consideration the Fiscal Year (FY) 2024-25 Recommended Budget for El Dorado County. A public budget hearing is scheduled for June 11, 2024, to consider the recommended spending plan, at which time the Board may make any additions, deletions, or modifications to the Recommended Budget.

The total Recommended Budget for all Governmental Funds for FY 2024-25 is \$1.03 billion, which is \$74 million (7%) less than the FY 2023-24 Adopted Budget of \$1.1 billion. It should be noted that these totals reflect all Governmental Funds, including Special Revenue Funds, and exclude Special Districts and Proprietary Funds.

Total General Fund appropriations are recommended at \$416.6 million, which is \$39.1 million (9%) less than the FY 2023-24 Adopted Budget of \$455.6 million approved by the Board in September 2023.

The reductions in all Governmental Funds and the General Fund are largely due to conservative projections of fund balance during the Recommended Budget as compared to actual fund balance available for the Adopted Budget. Other components of the difference include the removal of \$25 million in Operating Transfers Out from the Sheriff's Office operating account to the Accumulative Capital Outlay (ACO) Fund for the Placerville Jail project, a \$12 million decrease in General Fund additions to designations, a \$4 million decrease in Parks appropriations, a \$4.7 million decrease in Discretionary Transient Occupancy Tax (DTOT) allocations, and a \$5 million decrease in ACO projects due to large projects and purchases during FY 2023-24.

As a result of the efforts of your Department Heads and staff, the budget is balanced, meets State requirements, and fully funds the General Fund Contingency (\$7.85 million) and General Reserves (\$13 million). In addition, the Recommended Budget exceeds the Board's policy goal of contributing \$5 million of discretionary revenues to road maintenance by \$2.07 million through the Board-directed use of Tribe funding and Discretionary Transient Occupancy Tax (DTOT), for a total discretionary contribution to road maintenance and snow removal services of \$7.07 million.

In addition, based on prior Board direction, the Recommended Budget includes the following priorities:

- Allocates \$66.5 million to the Accumulative Capital Outlay Workplan for facility improvements, which includes the Placerville Jail Expansion Project totaling \$40.7 million and the \$5 million Court consolidation project in Building C.
- Allocates \$30.8 million in federal revenue and expenditures to continue construction of the Mosquito Bridge.
- Allocates almost \$24 million in state and federal revenue to help address and prevent homelessness in El Dorado County.
- Includes \$1.4 million in state and federal grant funding in the Office of Wildfire Preparedness and Response to complete Phase I of the Weber Creek Project, which is a demonstration project focusing on defensible space, home hardening, and hazardous vegetation removal activities in a section of the Weber Creek drainage south of Highway 50, a high-risk area of the County.

Your Department Head team and their staff should be commended for their willingness to aid in this effort, exemplifying the Strategic Plan priority of working as one organization. Despite a decrease in discretionary General Fund revenues and an increased demand from the State in the form of unfunded/underfunded State mandates, the Recommended Budget reflects a countywide effort to conserve General Fund costs where possible without significant impacts to services.

There is still work to do, however, the County will not be able to continue to absorb the unfunded/underfunded State mandates, without either increasing revenue through fees, taxes, or growth, or reducing services. Some of the actions taken by departments in this fiscal year, such as holding positions vacant or drawing down special revenue funds, are temporary measures and may not be sustainable into the future. In addition, we have significant, unfunded capital needs and pension liabilities, and the Recommended Budget does not fund all of the Board's Budget Policies. Finally, even in this challenging resource environment, it is imperative that the County continue to invest in its workforce by developing a sustainable compensation philosophy and plan for the future.

The Chief Administrative Office will be working very closely with departments following approval of the Recommended Budget to identify long-term solutions, including but not limited to possible structural changes, revisions to discretionary programs and options to increase revenue, to alleviate these budget pressures and will return to the Board in the Fall to discuss options and seek direction.

Following the close of the FY 2023-24 financial records, we will return to your Board in September for the formal adoption of the Budget.

Sincerely,

Tiffany Schmid
Chief Administrative Officer

Welcome to the Recommended Budget for the Fiscal Year 2024-25, which begins July 1, 2024. This section of the budget book is designed to help readers understand the purpose and content of the budget, as well as to locate data and information they may be looking for.

THE PURPOSE OF THE BUDGET

The budget is the County’s annual funding plan for how it will provide services to the public within available resources and is developed based on policy direction given by the Board of Supervisors. It is a vehicle for presenting plans and strategies that will ensure the long-term provision of necessary services, providing recommendations for new opportunities when possible, and providing a foundational record of decisions and policy directions recommended to and approved by the Board of Supervisors.

El Dorado County acts as an administrative agent for three types of services: municipal services, countywide local services, and countywide services provided on behalf of the state and federal governments.

Municipal services pertain mainly to unincorporated areas of the County and include emergency services and planning, Sheriff’s law enforcement, building and land use regulations, road maintenance, parks, and refuse collection and disposal. These are services that will also be found in incorporated cities, provided by the city government.

The County also provides a number of local services that are common to most counties in the state. These include services of the County Clerk, Registrar of Voters/Elections, Assessor, Auditor-Controller, Treasurer-Tax Collector, as well as criminal prevention and prosecution, public defense, probation, and detention.

Services provided on behalf of the state and federal governments, for the most part, are generally related to health and human services. These programs are funded primarily through state and federal revenue sources.

BALANCED BUDGET REQUIREMENT

County budgets are prepared pursuant to and in conformance with the State of California, County Budget Act, Chapter 1, Division 3, Title 3 of the Government Code (§29000, et. sec.). Government Code §29009 requires that,

“In the recommended, adopted, and final budgets the funding sources shall equal the financing uses.”

This is known as the balanced budget requirement.

BUDGET DEVELOPMENT PROCESS

Each year, the County goes through a collaborative budget development process between the Chief Administrative Office and the County’s departments to ensure the preparation of a balanced budget for the coming fiscal year.

The El Dorado County Charter, Article III 304C, states that the Chief Administrative Officer shall:

Recommend an annual budget after reviewing requests of all departments and agencies for which the Board is responsible or which request County funds.

Each year, all County departments prepare and submit a “budget request” to the Chief Administrative Office, including financial and program information relative to the department programs and goals. Once received, the Chief Administrative Office reviews and analyzes each request along with other factors that may impact County operations. Examples of factors that are considered in the development of the Recommended Budget are: Board of Supervisors policy direction, available financing, state and federal policies, changes in the cost of doing business, capital asset needs, Strategic Plan priorities, and the Board of Supervisors policy priorities. Once produced, the Chief

Administrative Officer's Recommended Budget represents a comprehensive financial operating plan, which fits within the constraints of available financing and conforms to established policy.

Government Code requires that the Recommended Budget be submitted to the Board on or before June 30 of each year.

Pursuant to the California Budget Act, a public hearing is held each year, for the Board of Supervisors to consider the approval of the Recommended Budget and receive testimony from Department Heads and members of the public. During their consideration, the Board of Supervisors may direct modifications to the Recommended Budget as it sees fit or as may be necessary for the furtherance of County priorities. At the conclusion of this meeting, and prior to October 2 of each year, the Board approves the result as the Adopted Budget for the fiscal year.

READING THE BUDGET BOOK

Department Budget Narrative

Each Department has its own Budget Narrative, which provides basic information about the department and its programs and discusses the Recommended Budget. Each budget narrative includes a budget summary, major budget changes, mission of the department or program, program summaries, a 10-year staffing trend, and a summary of revenue sources.

General Fund Contribution

Many County programs do not have a dedicated revenue stream to fully offset operating costs. As a result, these programs are supported by general purpose revenues such as property or sales and use taxes. The difference between program expenditures and program revenues is known as the General Fund contribution or Net County Cost (NCC). Some departmental programs are able to generate substantial revenues, such as state or federal reimbursements for social services programs. The County also uses general purpose revenues to provide a required match to receive these state or federal revenues. This is often referred to in the budget document as a General Fund contribution. When appropriate, departments charge fees for services. The County's reliance on general purpose revenues increases if the County loses revenue from state and federal sources or if fee revenue does not keep pace with the cost of providing services.

Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. These schedules represent Countywide Special Revenue Funds. The majority of the special revenue funds collect specific revenue sources and transfer those funds to County operating budgets for expenditure. The purpose of any associated expenses is therefore discussed in each department's budget narrative.

Some Special Revenue Funds are shown as part of a department's budget narrative, especially in cases where the Fund provides an important revenue source for the Department. Other Special Revenue Funds are shown in the Countywide Special Revenue Fund Section of the Budget. Please note that revenues are reflected at the top of each schedule, and expenses (primarily in the form of Operating Transfers Out) are shown at the bottom of the schedule. Fund balance is shown as a revenue, and all fund balance that is not intended to be spent within the fiscal year is shown as Contingency in appropriations. Each special revenue fund balances revenue and expenses.

Countywide Personnel Allocation

The Budget Book contains a comprehensive listing of all positions that are recommended to be approved along with the Recommended Budget. This listing is found in a separate tab following the Summary Schedules section of the book and is organized by department.

Summary of the Recommended Budget

The Recommended Budget for all Governmental Funds for FY 2024-25 is \$1.03 billion, which is \$74 million (7%) less than the FY 2023-24 Adopted Budget of \$1.1 billion.

Total General Fund appropriations are recommended at \$416.6 million, which is \$39.1 million (9%) less than the FY 2023-24 Adopted Budget of \$455.7 million.

The totals presented here reflect all Governmental Funds, including Special Revenue funds. The decrease in Governmental Fund appropriations can primarily be attributed to the Jail Expansion project being budgeted solely in the Accumulated Capital Outlay (ACO) Fund which removed the \$25 million in Operating Transfers Out from the Sheriff’s Office operating account to the ACO Fund, a \$12 million decrease in General Fund that was designated for future uses in the FY 2024-25 Adopted Budget, a \$9 million decrease in Behavioral Health appropriations, a \$5 million decrease in Community Corrections Partnership appropriations, a \$4 million decrease in Parks appropriations, a \$4.7 million decrease in Discretionary Transient Occupancy Tax (DTOT) allocations, and a \$5 million decrease in ACO projects due to large projects and purchases during FY 2023-24.

The Recommended Budget represents an effort to fund Board policies and priorities as the budget allows, but due to slowing discretionary revenues and inflation-driven expense increases, not all Board policies and priorities are met in the Recommended Budget. The Recommended Budget also reflects a countywide effort to conserve General Fund costs where possible without impacting services, which has allowed the Chief Administrative Office to prepare a balanced General Fund budget.

GENERAL FUND SUMMARY

General Fund Revenues

The Recommended Budget reflects an increase of \$4.9 million (2.4%) in General Fund major revenue sources. Revenue from Property Tax (including Current Secured and Property Tax In-Lieu of VLF) is projected to increase by 3.5% in FY 2024-25 (\$4.1 million), based on the projected increase in assessed value in the County. DTOT is projected to decrease by 2.8% in FY 2024-25 (\$250,000) from the FY 2023-24 Adopted Budget. Sales and Use Tax is projected to increase by 0.6% in FY 2024-25 from the FY 2023-24 Adopted Budget and 2.0% from the projected receipts in FY 2023-24, which are projected to come in 1.3% lower than budgeted.

Carryover Fund Balance

The Recommended Budget anticipates \$36,451,808 in Fund Balance carryover in the General Fund, which is \$20.5 million (36%) less than what was included in the FY 2023-24 Adopted Budget. Of the \$36 million in Fund Balance, \$4.9 million is from DTOT, a \$5.5 million (53%) decrease from the prior year.

Excluding DTOT, Fund Balance carryover in the General Fund is projected at \$31,520,087, \$15 million (32%) less than what was included in the FY 2023-24 Adopted Budget. These are funds that are anticipated

Summary of the Recommended Budget

to be available at the end of FY 2023-24 as a result of operational savings, unanticipated revenues, and unspent Contingency. It is important to note that, although these funds are considered to be one-time in nature, the County still relies on a portion of these carryover funds to help balance its operating budget. Further detail on the source of Fund Balance can be found in the General Fund – General Revenues and Other Operations section of the Recommended Budget documents.

It should be noted that across all County funds, budgeted Fund Balance amounts are estimates and are subject to change with the close of the FY 2023-24 financial records in the fall.

General Fund Cost & General Fund Contributions

The General Fund Cost (also referred to as Net County Cost) represents the part of a budget unit's expenses that is financed by local general purpose revenues, which are predominantly made up of property taxes, sales and use tax, general purpose fees, and interest earnings. Many departments that are budgeted in funds other than the General Fund also receive General Fund Contributions. Funding for the General Fund Contributions to other funds is also financed by general purpose revenues.

The overall cost to the General Fund, made up of General Fund/Net County Cost and General Fund Contributions to other funds, is increasing by 3%. The chart below reflects the distribution of increases and decreases in General Fund Cost/General Fund Contribution by functional group.

The General Government Functional Group' Net County Cost is reduced by \$2.9 million primarily due to the Diamond Springs Community Park property being transferred to the Boys & Girls Club for park development.

The Law and Justice Functional Group's Net County Cost is increased by \$12.7 million primarily due to California Forensic Medical Group (CFMG) negotiated contract increases, increased Workers' Compensation and General Liability costs, and Board-approved compensation increases across all departments.

The Land Use and Development Functional Group's Net County Cost is reduced by \$3.5 million primarily due to the use of the Industrial Drive General Fund Designation for road improvements and traffic light installation in the prior year and a change in methodology for Countywide Cost Allocation charges in the Planning and Building Department.

The Health and Human Services Functional Group's Net County Cost is reduced by \$0.9 million primarily due to American Rescue Plan Act (ARPA) support to offset the increased cost of the General Assistance Program due to pandemic impacts, the end of the Disaster Designation-funded Mental Health Worker allocation and decreased General Fund support needed for the Area Agency on Aging Programs.

Summary of the Recommended Budget

BOARD POLICIES & PRIORITIES

The Board of Supervisors adopted 10 budget policies in 2015. Those policies were updated and expanded over the years, with the last update approved by the Board on April 10, 2024. As with prior years, the Chief Administrative Office approached the development of the FY 2024-25 Recommended Budget with the direction and intent to recommend funding in line with these policies.

Of particular note, are Budget Policies 8, 10, 11, 12, 13, 15, 16 and 17 which establish targets for funding the General Fund Appropriation for Contingency, General Fund reserves and designations, and other annual goals. It is with these policies in mind that the following Board priorities are recommended for funding in the FY 2024-25 Recommended Budget.

General Fund Contingency funded at 3% of the adjusted General Fund appropriations: Board Budget Policy #8 directs that the Contingency be set at a minimum of 3% of the adjusted General Fund appropriations. This funding is a set-aside to provide resources in the event of unforeseen needs throughout the year.

The Recommended Budget sets General Fund Contingency at \$7.85 million. In FY 2023-24, \$4.25 million in additional contingency was used to cover losses from the Fair Market Value adjustment. If the Fair Market Value adjustment is reversed in future fiscal years, the County intends to replenish the additional Contingency or increase the Capital Projects Designation with those funds.

General Reserve funded at 5% of adjusted General Fund appropriations: Board Budget Policy #10 directs that the General Reserve be set at an amount equivalent to approximately 5% of the adjusted General Fund appropriations. The General Reserve is established to provide for additional resources in the event of significant emergency situations where additional funds are required, and functions as a cash flow reserve during the year. The FY 2024-25 Recommended Budget adds an additional \$1 million to the General Reserve, bringing it to \$13 million, 5% of the adjusted General Fund appropriations.

Contribution to Capital Reserves funded at \$6 million: Board Budget Policy #11 directs that once General Reserves and General Fund Contingency equal 8% of adjusted General Fund appropriations, the Board may transfer remaining discretionary resources to the Designation for Capital Projects. The Recommended Budget does not include an increase to the General Fund Designation for Capital Projects in the amount of \$6 million. There were not sufficient discretionary resources after funding departmental Net County Costs to meet this goal. It is recommended that meeting this goal be a top priority in the event additional fund balance becomes available with the Adopted Budget.

Pension Funding: Board Budget Policy #15 directs that, once General Reserves and General Fund Contingency equal 8% of adjusted General Fund appropriations, the Board may transfer remaining discretionary resources to the Designation for CalPERS Cost Increases. The goal is to maintain

Summary of the Recommended Budget

funding in this designation equal to at least two years of the projected General Fund increases in pension costs.

The Recommended Budget pulls \$3,080,730 from the Designation leaving \$3,668,693 in the Designation, which is equal to three years of projected CalPERS General Fund cost increases based upon CalPERS June 2023 Actuarial Reports. CalPERS investment returns have resulted in fluctuating contribution amounts. The Recommended Budget includes a General Fund CalPERS contribution increase of \$5.3 million. CalPERS is projecting an increase of only \$1 million in FY 2025-26. Due to the volatility of CalPERS, it is recommended the CalPERS Cost Increases Designation hold at least three years of projected increases. The Adopted Budget will include an update of these projected CalPERS Cost Increases based on the CalPERS Actuarial Reports released in July 2024.

Discretionary Transient Occupancy Tax: Policy #13 outlines the use of Discretionary Transient Occupancy Tax revenue. The Recommended Budget has been prepared in alignment with this policy and with Board direction provided on April 10, 2024.

Contribution to Road Maintenance funded at \$7.07 million: Board Budget Policy #15 directs that, once General Reserves and General Fund Contingency equal 8% of adjusted General Fund appropriations, the Board has a goal of setting aside \$5 million in discretionary resources annually for road maintenance. The Recommended Budget includes a contribution of discretionary resources for Road Maintenance in the amount of \$7.07 million. This includes \$4.02 million of discretionary funding from the Shingle Springs Band of Miwok Indians and \$3.05 million in Discretionary Transit Occupancy Tax as directed by the Board on April 10, 2024.

Designation for Information Technologies (IT) Infrastructure and Designation for Disaster Expenses: Board Budget Policies #16 and #17 were approved by the Board on April 18, 2023, and direct that funding be held in Designations for IT Infrastructure and Disaster Expenses. The Recommended Budget does not include additional funding for these designations. There were not sufficient discretionary resources after funding departmental Net County Costs to meet this goal. It is recommended that meeting these goals be a priority if additional fund balance becomes available with the Adopted Budget.

The following priorities are currently recommended for funding in the FY 2024-25 Recommended Budget, based on prior Board direction or to continue implementation of ongoing projects:

Mosquito Bridge

The Recommended Budget includes the continuation of the Mosquito Bridge Project. The Mosquito Road Bridge crosses the South Fork of the American River approximately 5.9 miles north of U.S. Highway 50 in Placerville, just south of the community of Swansboro. The existing bridge is a 9-foot wide, one-lane limited capacity timber suspension bridge with a 140-foot-long span over the South Fork of the American River. The existing bridge was built in 1939 and is 74 years old. The \$102 million Mosquito Bridge Project continues into FY 2024-25 and is funded with Highway Bridge Program Funds (99.9%) and Sacramento Municipal Utility District Funds (0.1%).

Office of Wildfire Preparedness and Resilience Weber Creek Project

The Recommended Budget includes \$1.4 million in appropriations in the Office of Wildfire Preparedness and Response to complete Phase I of the Weber Creek Project, which is a demonstration project focusing on defensible space, home hardening, and hazardous vegetation removal activities in a section of the Weber Creek drainage south of Highway 50, a high-risk area of the County. \$1.3 million of the project will be funded with federal Hazard Mitigation Grant Program funds along with the California Wildfire Mitigation Program which will fund 50% of the

Summary of the Recommended Budget

non-federal portion of the project (\$66,883). The remaining grant funds totaling \$23,562,517.50 for Phase II of the Project will be awarded by FEMA upon the successful completion of Phase I activities, including programmatic review and Environmental and Historic Preservation (EHP) approval, which is anticipated to be completed by February 2025.

El Dorado County Homelessness

The Health and Human Services Agency Community Services Department continues to be the Administrative Entity for the El Dorado Opportunity Knocks Continuum of Care (CoC) in support of El Dorado County Homeless programs. The expected outcomes include but are not limited to, capital improvements for temporary and permanent housing, rental subsidies, landlord incentives, a youth homeless prevention set aside, and other public services including coordinated entry for the homeless and those at risk of becoming homeless. The County has received a number of grants to support the homeless population. The FY 2024-25 Recommended Budget includes almost \$24 million in state and federal revenue to be used to help address and prevent homelessness in El Dorado County.

Facilities Investments

The Recommended Budget includes an Accumulative Capital Outlay (ACO) Workplan totaling \$66.4 million. This workplan includes \$40.7 million for the Placerville Jail Expansion Project, \$5 million for the renovation of space in Building C to accommodate the Superior Court relocation, \$3.7 million for the renovation of the newly purchased buildings in South Lake Tahoe, \$4 million for the construction of a permanent Navigation Center, \$1.7 million for South Lake Tahoe Jail safety upgrades, and \$1.2 million in grant-funded library improvements. In addition, the Workplan includes \$6.7 million in maintenance for County-owned facilities. In addition to the ACO Workplan, the Chief Administrative Office Parks Division has \$5.5 million in park investments and improvements in the Recommended Budget.

BUDGET PRESSURES & POLICY CONSIDERATIONS

Slowing Discretionary Revenues

El Dorado County has been preparing for the possibility of a recession or economic slowing since the onset of the coronavirus pandemic in FY 2019-20. Discretionary revenue growth began to slow in FY 2022-23, with FY 2023-24 gross receipts of Discretionary Transient Occupancy Tax expected to decrease by 3.5% and Sales and Use Tax expected to decrease by 1.3% when compared to the prior year. Since these two revenue sources are expected to come in lower than projected in FY 2023-24, Discretionary Transient Occupancy Tax shows a downward adjustment to its growth projections for FY 2024-25 and Sales and Use Tax shows a modest increase in growth for FY 2024-25. Property tax revenue growth is currently estimated at 3.5% and Sales and Use Tax growth is estimated at 2%. Staff will continue to monitor discretionary revenue trends and watch for economic changes that could impact Property Taxes.

Risk Programs

El Dorado County self-insures its General Liability Program and was self-insured for all claims before September 2018 for its Workers' Compensation Programs. The programs are administered by Risk Management. The funding levels for the programs are based on actuarial analysis and recommendations of Bickmore Risk Services and Consulting. The required program funding is determined and applied to an allocation schedule for charges to departments. General Liability and Workers' Compensation charges are based on each department's program claims losses (experience) relative to the County as a whole and the budgeted payroll for each department relative to the total budgeted payroll (exposure). Charges to departments are weighted 80% on the department's experience over the most recent seven years and 20% on the department's exposure.

Summary of the Recommended Budget

In FY 2024-25, the Workers' Compensation and General Liability premiums increased by over \$6.5 million. The Workers' Compensation premium increased by \$5.8 million (142.8%), and the General Liability premium increased by \$672,727 (9.7%). These increases were based primarily on increases in current-year operational costs and premiums, as well as actuarial-based estimates to cover future claim payments.

In order to conserve General Fund, the Recommended Budget includes a holiday for Retiree Health charges to departments. The rate holiday will save departments over \$2.7 million in FY 2024-25.

Facilities Investments & Ongoing Needs

As stated above, the Recommended Budget invests \$66.4 million into County facilities through the ACO Workplan. Due to use in prior years, the County has only \$2,247,139 remaining in the Capital Projects Designation. The Board has made significant progress in improving County facilities over the past five years with the build of the Public Safety Facility, the purchase of the new facility in South Lake Tahoe, and the purchase of the Shingle Springs facility on Ponderosa Road.

Despite these investments and savings, the County will need to make further facility investments in the coming years that exceed available funding. It is estimated that the replacement of County buildings with a low condition rating could cost \$247 million. The County still has one end-of-life building that needs to be replaced within the next five years. The Spring Street facility is estimated at a replacement cost of \$27 million. To meet these upcoming facilities' needs the Board must continue to invest in County facilities and increase funding in the General Fund Designation for Capital Projects for future improvements. This should be a top priority for use of additional fund balance, if available, during the Adopted Budget process.

Impacts due to State Budget Proposals

The Governor released his May Revised Budget proposal for FY 2024-25 on May 10, 2024, roughly a week before this document was finalized. The Governor's 2024-25 May Revision proposes approximately \$288 billion in spending (\$201 billion in General Fund) and reflects a \$27.6 billion budget shortfall. The May Revision revenue forecast is based on a scenario that assumes continued economic growth and does not assume a recession. The May Revision estimates that the budget shortfall has grown by approximately \$7 billion. The May Revised Budget proposes to use \$12.2 billion in Budget Stabilization Account funds over two fiscal years, and a use of one-time funds to address the State budget challenges.

To address the shortfall, the May Revision proposes to eliminate \$200 million in Future of Public Health funding for counties and incorporates roughly \$17.3 billion in early budget reductions included in AB 106 (Gabriel), which was signed into law in mid-April. Additionally, the May Revision proposes to eliminate the In-Home Supportive Services undocumented expansion coverage for all ages that would have impacted counties. The May Revision includes reducing \$4.4 million in Post Release Community Supervision funding.

Staff continue to closely monitor the State Budget proposals and determine the impacts to the El Dorado County Budget. The Recommended Budget does not incorporate the Governor's proposals in the May Revised Budget; these changes will be incorporated into the Adopted Budget in September after the State Budget is finalized.

ALLOCATED POSITIONS & STAFFING CHANGES

EL DORADO COUNTY PROFILE & DEMOGRAPHICS

EL DORADO COUNTY is one of the original 27 counties into which the state of California was divided at its organization and admission to the union in 1850.

Under the California state constitution, **counties are required to provide health care, welfare, and criminal justice programs**, and enforce state and federal laws as applicable.

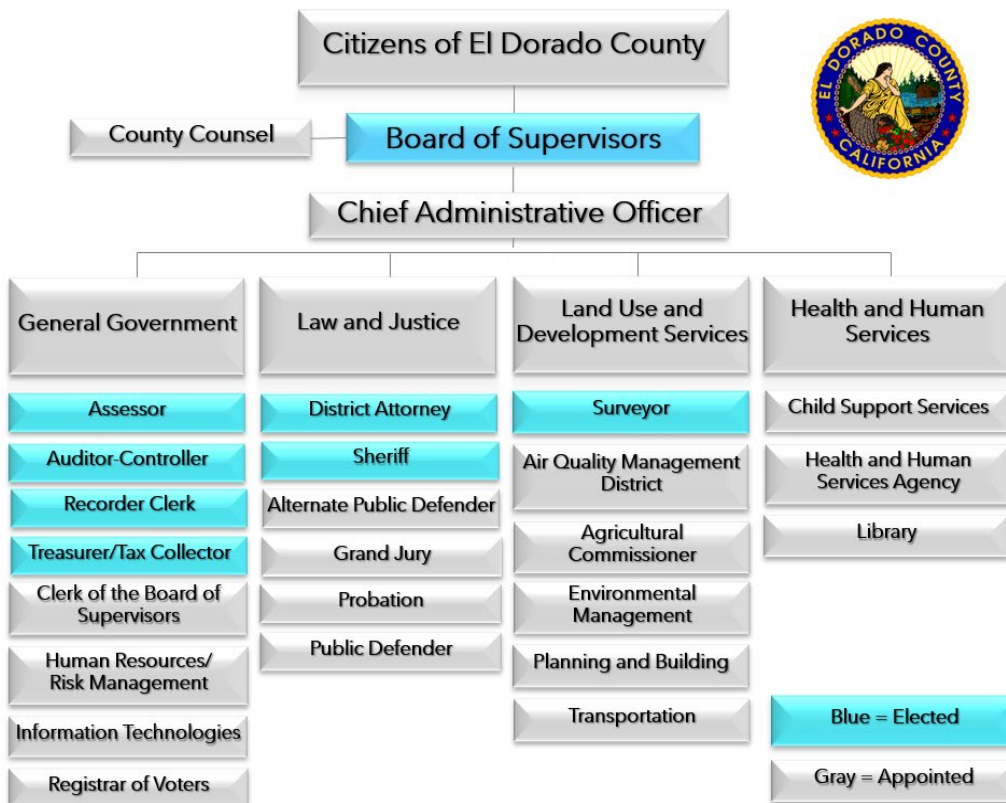

These services are provided to all residents within the county’s jurisdiction. In addition, El Dorado County provides regional services such as libraries, parks and recreation, weights and measures inspection, and pesticide regulation.

The County also provides municipal services such as building inspection and road maintenance for residents of unincorporated areas.

Two incorporated cities are located within El Dorado County: Placerville and South Lake Tahoe.

COUNTY ORGANIZATION

The County is divided into four functional areas that represent services to residents. El Dorado is one of 14 California counties that operate under a charter, allowing the County a limited degree of control over the number and duties of the governing board and some officials. A majority of the department directors are appointed by the Board of Supervisors, while other officials are elected to serve a four-year term.

BOARD OF SUPERVISORS

The Board of Supervisors has the authority to perform all the duties vested in it by the Constitution, general law, and the charter. The Board of Supervisors appoints the Chief Administrative Officer, members of boards and commissions, and nonelected department heads. The Board of Supervisors is comprised of five members, one elected from each County district.

TOTAL POPULATION

El Dorado County has experienced a growth rate of 3.7% over the last decade. However, since reaching its peak in 2021, there has been a decline of 3.25%. The majority of the County's residents, which is 157,873 people, live outside the incorporated cities of Placerville and South Lake Tahoe.

HOUSING

El Dorado County has an estimated 94,837 housing units. For the County as a whole, 76.1% of homes are owner-occupied. However, only 44% of housing units in South Lake Tahoe are owner-occupied, which affects this number. Many homes in that area are not primary residences but rather second homes.

SINGLE-FAMILY MEDIAN HOME SALE PRICES

El Dorado County home values have decreased 2.3% over the past year. The median home value of owner-occupied housing is \$654,227. The median list price per square foot in El Dorado County is \$315, which is lower than the State of California average of \$398.

PROPERTY TAX

All real and some personal property (unless exempted), is assessed and taxed under the State Constitution and Revenue & Taxation Code.

Property taxes are a major source of unrestricted revenue for the County General Fund, schools, cities, and special districts. Proposition 13 establishes the current method of assessment. Property owners may also vote to include certain types of additional special assessments along with property taxes. The County Assessor maintains the inventory of assessable property and prepares the assessment rolls. The Auditor maintains the tax rates, calculates the taxes due, and adds any special assessments.

How is property tax revenue distributed?

Property taxes are allocated within a county based on the historical share of property tax received by local agencies prior to Proposition 13. Under certain conditions, taxes may be reallocated.

County Core Values

Integrity

We are responsible for our actions and accountable to our citizens, workforce, and stakeholders.

Collaboration

We engage, communicate, and connect to achieve the best possible outcomes together (external and internal).

Service Excellence

We provide responsive, transparent, and quality service to all citizens of El Dorado County.

Stewardship

Through collaboration and advocacy, we honor and protect our natural and historical resources, agriculture, and rural character for future generations.

Thriving Workforce

We value employees performing meaningful work, with professional growth opportunities.

Fiscal Responsibility

Through sound decision making, we apply best financial practices that protect and enhance the assets and resources of El Dorado County.

The Fiscal Year 2024-25 Recommended Budget was created with the County's Core Values as a guide for how to prepare and present the budget. The Budget provides accountability and transparency to the Board of Supervisors and the public on how County resources are accounted for and expended. The book is prepared in collaboration with all County departments that submit requests and work with staff to inform the Chief Administrative Officer's recommendations. The integrity of the budget preparation process lies in ensuring compliance with all applicable laws and regulations. The budget is prepared in service to the taxpayers and people of El Dorado County. Lastly, a goal in the preparation of the budget is to "apply best financial practices that protect and enhance the assets and resources of El Dorado County."

County Vision

*Exceptional quality of life
with a strong sense of
community, rural
character, managed
growth, and opportunity
for all.*

County Mission

*Together, we enhance the
well-being of all residents,
businesses, and visitors by
delivering effective public
service.*

Thriving Economy

A thriving economy is vital for the prosperity of the County and its residents. The Strategic Plan outlines measures to attract and retain businesses, stimulate entrepreneurship, and diversify the local economy. Emphasis is placed on creating a business-friendly environment, streamlining the permit process, supporting local businesses, and leveraging economic development incentives.

The Board of Supervisors approved the updated County Strategic Plan on January 30, 2024.

The Fiscal Year 2024-25 Recommended Budget leverages \$6.5 million in Discretionary Transient Occupancy Tax for tourism promotion and economic development activities.

Strategic Innovation

New to the County's Strategic Plan as a stand-alone focus area. In an era of rapid change, it is key to stay ahead of emerging challenges and opportunities. The County's plan incorporates a culture of creativity and innovation across all sectors.

Safe and Healthy Communities

The Fiscal Year 2024-25 Recommended Budget includes:

- Almost \$24 million in state and federal revenue to address and help prevent homelessness in El Dorado County. This includes the build of a permanent Navigation Center and other solutions to address and reduce homelessness in El Dorado County.
- The addition of 2.0 FTE allocations in the South Lake Tahoe Public Defender's Office to support the underrepresented and under-resourced populations, which include the mentally ill, unhoused individuals, and children, in the South Lake Tahoe area.
- \$1.1 million in funding for the implementation of a new Crisis Residential Treatment Facility in El Dorado County to serve individuals who are experiencing acute psychiatric crisis and whose functioning is moderately impaired for a short duration.
- \$1.4 million in appropriations in the Office of Wildfire Preparedness and Resilience to complete Phase I of the Weber Creek Project, which is a demonstration project focusing on defensible space, home hardening, and hazardous vegetation removal activities in a section of the Weber Creek drainage south of Highway 50, a high-risk area of the County. \$1.3 million of the project will be funded with federal Hazard Mitigation Grant Program funds along with the California Wildfire Mitigation Program that will fund 50% of the non-federal portion of the project (\$66,883).

The County is committed to fostering safe and healthy communities by implementing comprehensive strategies to strengthen emergency response capabilities and effectiveness, leveraging relationships among various County law enforcement agencies, developing and maintaining increased options and opportunities for unhoused citizens, and taking a more holistic approach to the Health and Human Services agency's service delivery approach.

The Health and Human Services functional group leverages \$120.6 million in state, federal and other government funding to build healthy communities, 52% of the total funding for the Health and Human Services functional group.

County Strategic Plan & Budget Policies

RECOMMENDED BUDGET - FY 2024-25

Public Infrastructure

The Fiscal Year 2024-25 Recommended Budget includes strategic investments in the County's infrastructure including:

- A Capital Projects Work Plan totaling \$66.4 million in appropriations for the ongoing maintenance, operations, and replacement of County facilities, which includes the Placerville Jail Expansion project totaling \$40.7 million.
- The continuation of construction of the Mosquito Bridge, which accounts for \$30.8 million in revenue and expenditures.
- The Diamond Springs Parkway Phase 1B Project, which accounts for \$4.76 million in revenue and expenditures.
- The Ice House Road Pavement Rehabilitation Project Phase 2 Project, which accounts for \$13.1 million in revenue and expenditures.
- The Upper Truckee River Bridge Project, which accounts for \$7.04 million in revenue and expenditures.
- The Pony Express Trail Safety Improvement Project, which accounts for \$1 million in revenue and expenditures.

The County's Strategic Plan prioritizes identifying funding opportunities to improve our roads and bridges and securing funding to begin the design and construction of enhanced Broadband technology to improve connectivity, efficiency, and resilience. Infrastructure goals focus on the County's Capital Improvement Plan, creating a long-term plan for owning currently leased facilities, and completing the Parks Master Plan all in an effort to address current needs and anticipated future challenges.

Workforce Excellence

Recognizing the essential role of a skilled and motivated workforce, the County is dedicated to promoting workforce excellence. Initiatives focus on improving opportunities for leadership trainings, identifying opportunities to become more holistically competitive in compensation and benefits, and surveying employees to better understand their priorities.

BOARD OF SUPERVISORS POLICY

Subject: BUDGET POLICIES	Policy Number: B-16	Page Number: 1 of 6
	Date Adopted: 04/18/2023	Effective Date: 04/18/2023

I. PURPOSE

The County Budget Policies were originally adopted May 19, 2015.

The County Budget Policies provide a framework for budgetary decision making regarding the use of County funds, to ensure prudent County fiscal management and to direct the Chief Administrative Officer in the development and management of the County Budget.

II. POLICY

1. Pursue Operational Efficiencies: Eliminate, combine or reorganize programs or processes to reduce expenditures and/or respond to changing needs or priorities. Identify lower priority programs that can be reduced or eliminated to free up resources to fund higher priority programs. Carefully review and justify all expenditure line items to identify possible cost reductions. Identify and implement training programs, utilize Information Technologies and promote interdepartmental cooperation to maximize operational efficiencies.
2. Maximize the Board's Discretion: Except where the Board has previously made a decision to earmark revenues for a particular purpose, wherever legally possible, revenues are to be treated as discretionary resources, rather than as dedicated to a particular program or service, in order to provide the Board as much flexibility as possible in allocating resources to local priorities, based on the Strategic Plan.
3. Pursuit of New Revenues: Pursue new revenues to the fullest extent possible for all services, as well as total cost identification (including departmental overhead and indirect costs) for fee setting purposes. Any new revenues for programs receiving General Fund support should be used to offset the cost of existing staff and programs, rather than funding new staff or programs.
4. Grant Funding: Prior to applying for and accepting Federal or State grants, departments must identify current and future fiscal implications of either accepting or rejecting the grant, including matching fund obligations, non-supplanting requirements, required continuation of a program after grant funds are exhausted, and if the program is consistent with the County's Strategic Plan goals and objectives.

BOARD OF SUPERVISORS POLICY

Subject: BUDGET POLICIES	Policy Number: B-16	Page Number: 2 of 6
	Date Adopted: 04/18/2023	Effective Date: 04/18/2023

5. New or Enhanced Discretionary Programs: Departments should not propose new or enhanced programs unless those programs are fully funded (including overhead costs) by a grant or other dedicated revenue source. Departments submitting requests for new or enhanced discretionary-funded programs should identify lower priority programs in the Department that can be reduced or eliminated to generate discretionary resources to fund the new programs. New or enhanced discretionary funded programs will only be recommended/approved to the extent the annual General Fund Five Year Forecast identifies sufficient funding capacity.

6. County Share: If funding is reduced, there should be no increased County share for programs funded primarily from non-General Fund sources unless increased County share is mandated or the Board of Supervisors has previously determined that this program is a high priority for use of limited General Fund dollars.

7. Vacant and New Positions: All unfunded positions should be clearly identified and discussed with the Chief Administrative Office. New positions will not be considered unless the positions are funded by secure, ongoing, non-General Fund sources or there is a significant and compelling reason that the position is needed.

8. General Fund Contingency: The General Fund Appropriation for Contingency shall be set, at the time of budget adoption, at an amount not less than 3% of total adjusted General Fund appropriations, as adjusted for non-General Fund programs (e.g., State mandated Social Services, Child Support Services) and one-time expenditures. The Appropriation for Contingency is to be used during the fiscal year to address unanticipated expenditure increases or revenue decreases.

9. Budget Controlled at Expenditure Class/Object Level: California statute requires that county budgets are controlled at the object of expenditure level, except for capital assets, which are appropriated at the sub-object level (29006, 29008, 29089). The Board may authorize additional controls for the administration of the budget (29092).

10. General Reserves: The General Fund General Reserve shall be set, at the time of budget adoption, at an amount not less than 5% of total adjusted General Fund appropriations. The General Reserve shall be established, canceled, increased, or decreased as provided for in Government Code Section 29086.

COUNTY OF EL DORADO, CALIFORNIA

BOARD OF SUPERVISORS POLICY

Subject: BUDGET POLICIES	Policy Number: B-16	Page Number: 3 of 6
	Date Adopted: 04/18/2023	Effective Date: 04/18/2023

11. Designation for Capital Projects: Once the General Reserve and General Fund Appropriation for Contingency equal 8% of adjusted General Fund appropriations, the Board may choose to transfer any remaining unappropriated discretionary resources to the Designation for Capital Projects to be retained to assist in addressing unmet capital needs and building a replacement reserve. The goal is to set aside \$6,000,000 each year. The Designation for Capital Projects may be cancelled, in any amount, when alternate funding sources are not available, and upon a recommendation from the Chief Administrative Officer, to address unmet capital replacement and maintenance projects.
12. Pension funding: El Dorado County shall continue the policy of “pay as you go” to fund the County’s pension liability. To mitigate the impacts of annual increases in pension costs to the County, a General Fund designation has been established.

Once the General Reserve and General Fund Appropriation for Contingency equal 8% of adjusted General Fund appropriations, the Board may choose to transfer any remaining unappropriated discretionary resources to the Designation for CalPERS Cost Increases. The goal is to maintain funding in this designation equal to at least two years of the projected General Fund increases in pension costs. The projected increases are based upon the CalPERS actuarial reports, published in July of every year.

The Chief Administrative Officer may recommend the use of any portion of the Designation for CalPERS Cost Increases to help mitigate the impact of cost increases in any given budget year.

If funding in the Designation for CalPERS Cost Increases exceeds the minimum two years of projected increases, the designation may also be used to fund a discretionary contribution to CalPERS to pay off an individual amortization base or make a one-time discretionary payment to reduce the total Unfunded Accrued Liability.

13. Discretionary Transient Occupancy Tax: Transient Occupancy Tax revenue, excluding voter-approved Tahoe area-specific revenue, shall be directed toward the impact of tourism and economic development, with consideration for support of tourism and promotion activities within the County and for continued support for grant fund allocations to support Veteran programs within the County.

Subject: BUDGET POLICIES	Policy Number: B-16	Page Number: 4 of 6
	Date Adopted: 04/18/2023	Effective Date: 04/18/2023

14. Fixed (Capital) Assets: This policy establishes additional controls for the administration of Fixed Asset (Capital Asset) equipment.
- a. All additions to Fixed Assets must be approved by the Board. The agenda item must ask the Board to add the item(s) to the Fixed Asset listing and may be accompanied by a Board-approved budget transfer.
 - b. Fixed Assets requested and approved through the annual Budget Process will be included in the Departments' recommended/approved budgets and itemized on the Fixed Asset list submitted for approval with the Recommended Budget.
 - c. Fixed Assets approved as an addition to the Recommended Budget, before the approval of the Adopted Budget, will be included in the Adopted Budget package submitted to the Board for approval in September and included in the Fixed Asset list published with the Adopted Budget.
 - d. If a department already has two or more Fixed Asset items approved, and simply needs to adjust funding amounts between approved items within Fixed Assets, this does not need to go to the Board. The Chief Administrative Office will approve a budget amendment to reallocate funds between items, if necessary for processing.
 - e. An increase in cost for an already approved Fixed Asset, where there is not savings available in another already approved Fixed Asset(s), will require a budget amendment approved by the Board. However, the item does not need to be approved by the Board a second time.
 - f. The Chief Administrative Office will provide the Auditor-Controller and Purchasing offices with copies of all approved Fixed Asset listings and subsequent additions to that listing. All purchases of Fixed Assets will be made and invoices paid pursuant to the approved Fixed Asset list.
15. Designation for Road Maintenance: Once the General Reserve and General Fund Appropriation for Contingency equal 8% of adjusted General Fund appropriations, the Board may choose to transfer any remaining unappropriated discretionary resources to the Designation for Road Maintenance to be retained to assist in addressing unmet road maintenance needs. The goal is to set aside \$5,000,000 each year, in addition to the maintenance of effort amount required by the Road Repair and Accountability Act of 2017. The Designation for Road Maintenance may be cancelled, in any amount, when alternate funding sources are not available, and upon a recommendation from the Chief Administrative Officer, to address unmet road maintenance needs.

16. Designation for Information Technologies (IT) Infrastructure: Once the General Reserve and General Fund Appropriation for Contingency equal 8% of adjusted General Fund appropriations, the Board may choose to transfer any remaining unappropriated discretionary resources to the Designation for IT Infrastructure. The designation will be used to ensure the County has the funding needed for the improvements and maintenance necessary for the countywide information technology infrastructure that will support the business objectives of County departments.

The goal is to maintain funding in this designation equal to at least three years of the projected costs of planned countywide IT improvements and maintenance as determined by the Information Technology Governance Committees.

The Designation for IT Infrastructure may be cancelled, in any amount, when alternate funding sources are not available, and upon a recommendation from the Chief Administrative Officer, to fund IT Infrastructure.

17. Designation for Disaster Expenses: Once the General Reserve and General Fund Appropriation for Contingency equal 8% of adjusted General Fund appropriations, the Board may choose to transfer any remaining unappropriated discretionary resources to the Designation for Unreimbursed Disaster Expenses to be retained to fund disaster response and recovery costs that are not eligible for reimbursement and cannot be covered by the department’s funding or existing appropriations. This funding may also be used to temporarily cover disaster response and recovery costs that are awaiting reimbursement when there are not sufficient appropriations in a budget unit. The goal is to set aside a total of \$5,000,000.

The Designation for Unreimbursed Disaster Expenses may be cancelled, in any amount, when alternate funding sources are not available, and upon a recommendation from the Chief Administrative Officer, to fund disaster response and recovery costs that are not eligible for reimbursement and cannot be covered by the department’s funding or existing appropriations.

RECOMMENDED BUDGET

The Assessor’s Office Budget is recommended at \$5,562,091, which is an increase of \$102,728 (1.9%) when compared to the FY 2023-24 Adopted Budget.

The General Fund provides 85.9% of the funding for the Assessor’s Office, and the Net County Cost of the Office is decreasing by \$119,615 (2%) when compared to the FY 2023-24 Adopted Budget. The decrease is due primarily to staff turnover in the Office and the one-time purchase of equipment for the Assessor’s scanning project that was purchased in FY 2023-24.

The Assessor’s Office requested \$83,000 in additional General Fund support for a parcel fabric implementation project. This request has been deferred to the Adopted Budget to allow for further review of the project and to see if funding is available. The Assessor’s Office also requested \$15,000, for the purpose of sending out annual paper assessed value notices, which is a practice followed by other counties. This project was deferred for this fiscal year due to budget pressures for General Fund resources.

MISSION

The Assessor is responsible for discovering, inventorying, valuing and assessing all taxable real property in the County, including residential, commercial and industrial properties, and undeveloped land. The Office is also responsible for assessing taxable business property, boats, airplanes, mining claims and other assessable interests in property. The Assessor prepares and maintains the master property records and parcel maps. The Office is charged with the administration of a number of exemption programs benefiting homeowners and certain qualifying organizations. The Assessor prepares and submits the secured, unsecured and supplemental assessment rolls for use in the preparation of assessments for taxation by the various taxing agencies.

PROGRAM SUMMARIES

Administration & Management

Provides leadership, oversight, direction and support for the Office and is responsible for administrative and business support functions including budgeting, accounting, payroll, personnel, purchasing and contract coordination, legislative analysis, training management, and clerical operations.

Appraisal

This function is responsible for determining the fair market value of real property that has undergone a complete or partial change of ownership, new construction, or other events that trigger a reappraisal under California Property Tax law. Conducts field appraisal work, enrolls unpermitted construction and performs special appraisals of Williamson Act and Timber Production Zone property. Real Property includes land, mines, quarries, timber, structures, buildings, fixtures, fences, fruit- or nut-bearing trees and vines not exempted. Responsible for annual appraisal of business property and assessable personal property such as boats, airplanes, apartment/hotel/motel furnishings, and possessory interests. Under Proposition 8, this function also determines the lower of factored base year value or market value. This function also includes the audit of reporting, appraisal and assessment of business property, and determines the value of property acquired by public agencies when necessary or requested. Appraisers and Auditor/Appraisers also research, negotiate, prepare and defend values and represent the Assessor before the Assessment Appeals Board. All staff in this function making value determinations are required to maintain valid certification through the State Board of Equalization and meet State continuing education requirements.

Assessment

Upon receipt of reappraised property value from the appraisal function, this group is responsible for the accurate generation of appropriate assessments. This includes providing lawful notice to the property owner, record-keeping, and assessment transmission to the Auditor for tax calculation. Processes all assessment roll corrections and escape assessments. Makes all changes to property characteristic data and other information in the property system.

Discovery & Inventory

Discovery is responsible for locating and identifying potential changes in the ownership, character, and configuration of all assessable property. Reviews recorded documents; recorded maps; and unrecorded information from property owners, lessors, and federal, state, county, and city governments. Catalogs and determines appropriate processing to be applied to identified changes in ownership, new construction, partial interest transfers and business assets, possessory interests, mining claims, boats, aircraft, and others. Initiates inquiries to clarify the assessable nature of various transactions of indeterminate nature.

Inventory is charged with the responsibility for analyzing and processing all changes to the master property inventory. Also processes parcel map changes and makes Jarvis/Gann re-appraisability determinations. Responds to public inquiries about the re-assessability of proposed actions and initiate inquiries where clarification is required. Processes exemption applications from homeowners, veterans and disabled veterans, and transactions qualifying for exclusion as parent/child or replacement residence transfers as well as entities meeting the requirements for educational, welfare, religious or other organizational exemptions. Maintains the inventory of parcels, timeshares, businesses, boats, mining claims, water companies, possessory interests, and other assessable personal property.

Assessor

RECOMMENDED BUDGET • FY 2024-25

IT & GIS Technology

The Assessor’s Office utilizes Megabyte Systems Incorporated’s property tax system and other systems and programs for carrying out their portion of the property tax function. The Assessor’s Office has specific personnel in the IT (Information Technology) unit and GIS (Geographic Information System) unit for maintaining, utilizing, and developing systems. The IT unit maintains digital records, writes programs, develops applications, and assists with the management of systems related to the Assessor’s Office portion of the property tax function. The Assessor’s Office GIS unit is responsible for all parcel map activity, as well as mapping-related tasks unique to the Assessor such as Tax Rate Area changes, parcel renumber operations and the library of historical parcel maps. A small amount of revenue is derived from the sale of assessment data. This function continues to provide leadership in the transition to the new property system including responsibility for data conversion, business process analysis, process modification, system training, and implementation.

STAFFING TREND

The Recommended Budget for the Assessor is 41 FTEs, which is a one FTE increase from the FY 2023-24 Adopted Budget. After the adoption of the FY 2023-24 Budget, the Board approved the addition of 2.0 FTE Assessment Managers and the deletion of 1.0 FTE Deputy Assessor – Systems & Support on April 23, 2024 (Legistar #24-0690). The Recommended Budget includes the deletion of a vacant Office Assistant allocation and the addition of an Assessment Technician allocation due to changing programmatic needs.

SOURCES & USES OF FUNDS

The Assessor is primarily funded with General Fund discretionary revenues but also receives a share of the fees charged for the separate assessment of timeshares and a share of the 5% administration fee for the supplemental property tax roll. Revenues are also derived from the Modernization Special Revenue Fund. Expenditures are primarily related to staffing and costs associated with operating the office.

Responsibilities of the Auditor-Controller include pre-audits and payment of claims made by the County for goods and services; property control for County government fixed assets; accounting for and issuance of payroll to County employees; maintenance of revenue and expenditure accounts for all units of County government and special districts; financial control over fund balances and property tax collections; development, implementation, and maintenance of accounting systems; technical assistance in budget preparation; preparation of the A-87 Cost Allocation Plan and other special budgetary information; preparation of claims for State-mandated costs (SB90); preparation of draft annual financial statements for the County's external auditors, review of financial reports for departments prior to their submission to the State, banking administration for all checks issued, and assistance in the development of long-range financial planning.

PROGRAM SUMMARIES

Administration

This Division trains and organizes workgroups to perform basic accounting and governmental record-keeping tasks; coordinates bookkeeping activities of and provides general supervision over the accounts of all organizations under the fiscal control of the County Board of Supervisors. This Division works with the Assessment & Community Facilities District Screening Committee and is responsible for overseeing and supporting all new Special District Formation and bond sales. This Division also manages all testing and maintenance of FENIX to maintain the integrity of all security and system processes.

Property Tax

This Division calculates over 147,000 property tax liabilities, including changes/refunds, based upon assessed value generating approximately \$425 million in taxes. The Division places more than 665,000 line items of direct charges totaling almost \$41 million on the secured tax bills by working with 60 different taxing agencies with over 240 different types of direct charges. The Division calculates and distributes property tax revenues to over 80 local taxing agencies. The Division files various state-required reports and continually implements new legislation related to property taxes, redevelopment agencies, Educational Revenue Augmentation Fund (ERAF), Vehicle License Fee (VLF) Swap, etc.

Financial Reporting

This Division provides financial reporting, accounting, and auditing support services to County operating departments and independent special districts. The Auditor-Controller's staff acts as the fiscal liaison between County, state and federal funding agencies, and assists departmental managers in the design and implementation of accounting and bookkeeping procedures. This Division provides a professional review of financial and other cost reports for departments prior to their submission to the State. Staff performs an analytical review of cost-applied rates such as the fleet rates and workers' compensation rates. Staff prepares the annual A87 Cost Plan and the annual draft financial statements for the County's external auditors. The County's fixed asset accounting is managed by this Division as well as the accounting and distribution of the State Transportation Development Act (TDA) funds to the various claimants. Staff within this Division are responsible for the daily management of Positive Pay with the County's bank to provide validation of daily checks issued. This Division prescribes accounting forms and methods of keeping the County's accounts and is responsible for the preparation and publication of the annual final budget schedules for the County. This Division prepares the State's required annual financial reports on behalf the Board governed districts.

Payroll

Payroll accounting prepares biweekly payroll instruments and "wage/tax reports" for the County and 20 affiliated local governmental agencies; processes "gross to net" deductions for health insurance and other benefits, association dues, credit union banking, retirement, and legal attachments (garnishments); and administers the deferred compensation program for over 1,000 county employees.

Accounting

This Division reviews and processes accounts payable disbursement items, including employee travel reimbursements, contract payments and payments for product purchases; maintains ledger accounts, processes transactions, and prepares the State's required annual financial reports for 45 special districts having independent governing boards; provides computerized financial reporting for budget item detail

and account summary information to all departments and agencies, using the County Treasury as their cash depository. This Division reviews and processes the daily deposits for all county departments, schools and other agencies. The County’s purchase card program (PCard) is managed by the staff within this Division. This includes the issuance of purchase cards (401 cards), continuous modification of commodity types and dollar thresholds for cardholders, review of over 19,250 purchase card transactions that amount to over \$10.61 million in charges annually, reconciliation and distribution of biweekly purchase card statements and the posting of the purchase card charges to the department budgets. This Division is responsible for the records management of the Department. This Division administers 11 bond issues for Mello-Roos districts providing all accounting services, annual reports, calculation of the annual special tax levy, debt service management, and administration of all delinquencies. Staff administers funding for the Missouri Flat Area Master Circulation and Financing Plan (MC&FP) development through an analysis of the quarterly sales tax reports from the California State Board of Equalization (BOE) to determine the amounts generated from new businesses that must be transferred to the restricted fund for this project. This Division has assumed the added responsibility from Information Technologies for the daily printing of accounts payable vendor checks which total approximately 28,000 on an annual basis. In addition, the accounting staff printed approximately 14,000 Social Service C-IV checks and Social Service general assistant checks this past year. The Division’s Enterprise Resource Planning Analyst supports and trains departmental staff, audits security, and performs all testing and troubleshooting in FENIX. Beginning in FY 2021-22, this Division also assumed all the accounting functions for the Recorder-Clerk’s office.

STAFFING TREND

After the adoption of the FY 2023-24 Budget, the Board approved the addition of 1.0 FTE Accounting Systems Administrator on March 5, 2024 (Legistar #24-0322), bringing the total allocation to 33.5 FTEs.

SOURCES & USES OF FUNDS

The Auditor-Controller is primarily funded with General Fund discretionary revenues, with partial cost recovery in subsequent years through the A-87 Cost Allocation Plan (reflected in the General Fund – General Revenues and Other Operations budget).

Auditor-Controller

RECOMMENDED BUDGET • FY 2024-25

The Department receives revenue for accounting services provided to departments, special districts, and Mello-Roos districts in the amount of \$165,750. Revenue to the department for property tax administration cost recovery is estimated at \$315,000. The Department also receives a share of the fees charged for the separate assessment of timeshares estimated at \$28,801.

Expenditures are related to staffing and costs associated with operating the office.

RECOMMENDED BUDGET

This Budget is recommended at \$2,608,679, which is an increase of \$218,060 (9.2%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 99.8% of the funding for the Department and is increased by \$216,848 (9.1%) when compared to the FY 2023-24 Adopted Budget

MISSION

The Board of Supervisors is the five-member governing body of the County, serving a population of approximately 190,000 residents and operating within the County Charter and State Law. Each Board member is elected for a four-year term and represents a geographic jurisdiction referred to as a District. The presiding official is the Board Chair, who is selected annually among the five members.

Pursuant to its constitutional and statutory power, the El Dorado County Board of Supervisors sets policy for County departments, approves the County's budget, and adopts ordinances on local matters as well as on land use policies that affect unincorporated areas. The Board also sits as the El Dorado County Bond Authority and In Home Supportive Services Public Authority and is the Governing Board of the County Air Quality Management District, Public Housing Authority, and County Service Areas. In the area of planning oversight, the Board acts as an Appeals Board for the County Planning Commission.

The Board of Supervisors Department also includes the office of the Clerk of the Board. The Clerk of the Board provides services to the Board, all County departments, and the public.

PROGRAM SUMMARIES

Board of Supervisors

The Board of Supervisors Department is comprised of five Members of the Board of Supervisors, each elected from each of the five supervisorial districts, and five appointed Supervisor's Assistant positions.

Clerk of the Board

The Office of the Clerk of the Board (COB) is comprised of six staff members and provides services to the Board, all County departments and the public. The COB maintains accurate records of all actions taken by the Board of Supervisors. The COB also directs business functions of the Board and compiles, publishes, and distributes Board meeting agendas consistent with the open meetings provisions of the Ralph M. Brown Act. The COB prepares and publishes actions taken by the Board, records and maintains meeting minutes, and acts as custodian of the BOS official records from 1850 to the present. The COB maintains the current status of filled and vacant positions of more than 70 Board-appointed boards and commissions. In addition, the Clerk of the Board administers the Assessment Appeals Board Program.

The COB continues to manage the countywide records management program that ensures that all county records comply with Board Policy A-9 Records Management Program.

STAFFING TREND

The recommended staff allocation for FY 2024-25 is 16 FTEs, which remains unchanged from FY 2023-24.

SOURCES & USES OF FUNDS

The Department is primarily funded with discretionary General Fund revenue, with small amounts of revenue from charges for services and operating transfers.

MISSION

The mission of the Chief Administrative Office (CAO) is to ensure the sound and effective management of overall County government, pursuant to the Board of Supervisors' policy and direction. The CAO is responsible for the proper and efficient administration of the affairs of the County as prescribed in the County Charter, ordinance code, and state law, and by formal action of the Board. The CAO is responsible for coordinating the work of all offices and departments and identifying ways to achieve efficiency and economy in all County operations.

In addition to the responsibility for overall County administration, the CAO oversees the Emergency Medical Services (EMS) Division, Office of Wildfire Preparedness and Resilience, Parks Division, Airports Division, Cemetery Division, and Central Services Division. The Central Services Division provides fiscal and administrative services to the divisions of the Office and several other County departments and provides countywide procurement, mail, stores, and facilities services.

The Office also coordinates the distribution of general county public information to ensure effective communications with the public and County departments.

MISSION

The mission of the Chief Administrative Office – Administration and Budget Division is to ensure the sound and effective management of overall County government, pursuant to Board policy and direction, through effective leadership; coordination between departments, the Board of Supervisors, and local, state and federal agencies; development of policy and procedures; providing budgetary and legislative analyses and recommendations; planning for County facilities, assets and recreation; and ensuring timely, accurate and comprehensive information to the public.

PROGRAM SUMMARIES

The Chief Administrative Office exercises overall responsibility for the coordination of County department activities to ensure the sound and effective management of County government, pursuant to Board policy and the annual Adopted Budget.

Primary areas of responsibility for this Division are effective overall management of County resources; long-range financial and organizational planning; ensuring that County departments are producing services and results in accordance with Board goals, policies and budgets; improving management and information systems to ensure the most effective use of County personnel, money, facilities and equipment; providing leadership and developing a County management team that can plan for and meet future challenges; and performing other duties as assigned by the Board.

The Chief Administrative Office acts as an advisor to the Board of Supervisors and in this role provides objective analysis and recommendations regarding policy and management matters. The Chief Administrative Office is responsible for recommending an annual County budget and administering the budget after its adoption by the Board of Supervisors.

The Office also coordinates the distribution of general county public information to ensure effective communication with the public and across County departments.

STAFFING TREND

Changes in staffing for the Administration and Budget Division have fluctuated slightly over the past years, reflecting the changing roles and responsibilities of the Chief Administrative Office.

After the adoption of the FY 2023-24 Budget, the Board approved the addition of 1.0 FTE Principal Management Analyst and the deletion of 1.0 FTE Communications & Outreach Manager on December 12, 2023, in the Administration and Budget Division. Additionally, 3.0 FTEs for the Office of Wildfire and Resilience were split out into a staffing trend for the division. The Recommended Budget includes a total of 9.8 FTEs.

SOURCES & USES OF FUNDS

The budget for the Administration and Budget Division is primarily funded with discretionary General Fund revenue, with partial cost recovery in subsequent years through the A-87 Cost Allocation Plan (reflected in the General Fund – General Revenues and Other Operations budget).

RECOMMENDED BUDGET

The Airports Enterprise Fund budget is recommended at \$2,010,805, which is a decrease of \$266,774 (12%) when compared to the FY 2023-24 Adopted Budget. This change is mostly due to federally funded projects at the Placerville and Georgetown Airports that have been completed.

The Airports program is funded through the Airport Enterprise Fund (Fund 5114), as well as the Special Aviation fund (1105). Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent is that the program is self-supported and financed or recovered primarily through user charges. A transfer in from the General Fund to each airport has occurred historically as a property tax offset. Historically, this amount has been approximately \$30,000 for the Placerville Airport and \$3,500 for the Georgetown Airport. In addition, the Georgetown Airport has received additional funding of approximately \$15,000 each year for operational needs. Beginning in FY 2020-21, an additional General Fund contribution was needed in order to continue the operation of both airports. For FY 2024-25, the total budgeted amount of General Fund is \$505,414 for the Placerville Airport (a 52% increase) and \$218,151 for the Georgetown Airport (an 18% increase). Upon conclusion of the Economic Development study for the two Airports, a recommendation will be prepared for the Board's consideration of development projects at the Airports. The study will also include a desired cost recovery for the Airports and an implementation timeline. As the study is projected to be completed in July 2024, the requested budget does not reflect any anticipated increases or decreases in revenue or expenditures.

Both funds are balanced and show as no Net County Cost; however, the General Fund contributions noted above are included as Operating Transfers In. The Special Aviation Fund is located in the Special Revenue Funds section.

CAO Adjustments

The Division's request included several General Fund supplemental requests totaling \$370,180. For the Placerville Airport, two requests are recommended to be funded. The first is the Spill Prevention Control and Countermeasure Plan, which is required by state and federal regulations, at a cost of \$35,000. The second is for asphalt repairs needed as a result of the United States Forest Service (USFS) use of the airport during the Caldor Fire, for a total of \$10,580, which will be reimbursed by USFS. One request was included for Georgetown Airport, \$6,280 for the removal of a pole that is obstructing the runway and causing a safety issue. The remainder of the requests were deferred in the Recommended Budget and will be considered in the fall with the Adopted Budget.

(\$111,660) Decrease in Professional Services due to the completion of the Airport Economic Study (\$50,000) and several Airport Improvement Plan projects at the Georgetown Airport (\$144,010), offset by an increase of \$82,350 for the planning phases of several Airport Improvement Plan projects at the Placerville Airport.

\$10,580 Increase to Construction and Engineering Contracts for asphalt repairs at Placerville Airport.

(\$40,000) Decrease in Bulk Fuel Purchases to align budget with actual costs.

\$12,854 Increase in Services and Supplies across multiple objects to align budget with actual costs.

Other Charges

(\$16,492) Decrease in depreciation at the Placerville Airport (\$10,322) and for Airport Administration (\$8,124), which is offset by an increase from the prior year at the Georgetown Airport (\$1,954).

(\$90,084) Decrease in Interfund Transfers due to the removal of Planning and Building Administration charges, offset by Countywide Cost Allocation Plan charges due to the reassignment of this program to the Chief Administrative Office.

\$1,600 Increase in Interfund Transfers to County Counsel (\$1,500) and Facilities (\$100) to align budget with actual costs.

Fixed Assets

\$6,280 Increase to Fixed Asset Building and Improvements for obstruction pole removal at the Georgetown Airport.

(\$201,800) Decrease to Design Services fixed assets due to FAA delays for design work for several Airport Improvement Projects in the prior year.

(\$81,056) Decrease to equipment fixed assets due the purchase of Fuel Dispensers (\$32,019) and Generators (\$49,037) in FY 2023-24.

Chief Administrative Office

RECOMMENDED BUDGET • FY 2024-25

Fixed Assets Capitalization

\$276,576 Increase due to fixed assets changes mentioned above.

Operating Transfers

\$75,000 Increase in Operating Transfers Out from Airport Administration to Community Development Finance and Administration for overhead charges.

Intrafund Transfers

\$199,669 Increase in Intrafund Transfers to Airport Administration from the airports to recover the cost of administration.

Intrafund Abatement

(\$199,669) Decrease in Intrafund Abatements to Airport Administration from the airports to recover the cost of administration.

Budgetary Reserves

(\$267,576) Decrease in Designation of Fund Balance due to decreases at both the Placerville (\$276,576) and Georgetown (\$61,220) Airports due to capitalization of fixed assets.

PROGRAM SUMMARIES

The Airports Division is responsible for administering both of the County-owned and operated airports, which are located in Placerville and Georgetown, and provides for oversight of capital improvement projects at both airports.

The primary source of funding is provided through the sale of aviation fuel, rental of tie-downs and hangars at the airports, State Aviation funds and other miscellaneous revenue. The Division also receives a General Fund contribution to support operations at the Placerville and Georgetown Airports, which provides a contribution to the airports to allocate property tax representative of the amount collected at the airports. Additionally, federal and state grants, as well as an Accumulative Capital Outlay/General Fund contribution, are received to fund the capital improvement projects at both airports.

The Airports Division is also partially funded through a Special Aviation pass-through fund. State Aviation revenue and interest income is recognized in this Special Revenue Fund and allocated equally to both the Placerville and Georgetown Airports for operations.

STAFFING TREND

Changes in staffing for Airports reflect several organizational changes throughout the past ten years. Prior to 2017, three employees were located on-site at the airports. In FY 2017-18, one FTE was deleted, leaving one Airport Operations Supervisor and one Airport Technician. In the past, the positions were supervised by Community Development Agency Administration and Finance Division staff. In FY 2020-21, the Cemeteries and Airports programs were combined and the management and oversight of those programs through the Planning and Building Department was reflected in the total full-time equivalent (FTE) count. The division of

staff time between the two programs fluctuated from year to year. During FY 2021-22, an Administrative Technician was added to support both programs, bringing the total FTE count for both programs to 6 FTEs. For FY 2024-25, the total FTEs for Airports are budgeted at 3.17.

SOURCES & USES OF FUNDS

The Airports Division relies on a combination of special revenue funds, state and federal grant funding, user fee revenue, and General Fund contributions to fund capital improvements and operations.

RECOMMENDED BUDGET

The Cemeteries Division budget is recommended at \$583,576, which is an increase of \$17,703 (3.1%) when compared to the FY 2023-24 Adopted Budget. The Department’s budgeted Net County Cost reflects General Fund support of \$374,211, an increase of \$9,635 (2.6%) when compared to the FY 2023-24 Adopted Budget. Revenues have increased by \$8,068 (4%) based on prior year actual revenues. The budget reflects the transfer of the Cemeteries program from the Planning and Building Department to the Chief Administrative Office.

Special Revenue Funds

Non-General Fund portions of this budget include the Placerville Union Cemetery (Fund 1119) and County Service Area #9 Georgetown Cemetery Zone 3 (Fund 1359). These funds are each balanced and show as no Net County Cost, but some funds receive a General Fund contribution. Detailed tables for all Special Revenue Funds are located in the Special Revenue Funds portion of this Budget book.

CAO Adjustments

The Division requested additional appropriations that were deferred in the Recommended Budget and will be considered in the fall with the Adopted Budget. This includes several supplemental requests, totaling \$56,000, to be funded by the General Fund. These requests for Cemeteries are not included in the Recommended Budget but may be added should the year end with a higher than anticipated General Fund balance.

Contingency

\$16,965 Increase in contingency to balance the fund.

MISSION

The mission of the Cemeteries Division is to administer and maintain seventeen public cemeteries throughout the County, eight of which are actively used for burials.

PROGRAM SUMMARIESDepartment Structure

The Cemeteries Division is under the Chief Administrative Office. The Division is responsible for Administrative activities including coordinating or contracting for landscape maintenance; selling plots, crypts, and niches; making arrangements for burials; and responding to public inquiries. The Division also assists with the work of two advisory committees, one associated with three Georgetown Zone of Benefit cemeteries, and the other associated with countywide cemeteries.

The primary source of funding is the General Fund, with a portion of the costs offset by charges for burial services. With the combination of Cemetery Operations and the Placerville Union Cemetery in FY 2018-19, the Special Revenue Fund was designated for the operation and maintenance of the Placerville Union Cemetery. Funding for the operation and maintenance of the Georgetown Cemetery Zone of Benefit cemeteries is provided through parcel assessments and charges for burial services.

STAFFING TREND

Changes in staffing for Cemeteries reflect several organizational changes throughout the past ten years. In the past, there was employee exclusively working on cemeteries with supervision and support from Community Development Agency Administration and Finance Division staff. In FY 2020-21, the Cemeteries and Airports programs were moved to the Planning and Building Department and the management and oversight of those programs was then reflected in the total full-time equivalent (FTE) count. The division of staff time between the two programs fluctuated from year to year. During FY 2021-22, an Administrative Technician was added to support both programs, bringing the total FTE count for both programs to 6 FTEs. For FY 2024-25, the total FTEs for Cemeteries is budgeted at 2.83 FTE.

Chief Administrative Office

RECOMMENDED BUDGET • FY 2024-25

SOURCES & USES OF FUNDS

The Cemetery Division relies on a combination of special revenue funds, fees for services and General Fund contributions, to fund capital improvements and operations.

RECOMMENDED BUDGET

The Central Services Division budget is recommended at \$16,290,519, an increase of \$34,396 (0.21%) when compared with the FY 2023-24 Adopted Budget. The General Fund provides \$15,243,201 for this Division, a decrease of \$244,315 (1.58%) when compared with the FY 2023-24 Budget.

Central Fiscal

The total budget for the Central Fiscal Division serving the Chief Administrative Office, Human Resources/Risk Management, Information Technologies, Surveyor, District Attorney, Public Defender, Alternate Public Defender, Board of Supervisors, and Court Maintenance of Effort is \$2,787,851, an increase of \$34,200 (1.25%) when compared with the FY 2023-24 Adopted Budget, resulting in a total Net County Cost of \$2,774,351. The increase in cost is mainly due to Board-approved compensation increases.

Community Development Finance and Administration

The total budget for the Fiscal Division serving the Departments of Transportation, Environmental Management, Airports, Cemeteries, and Planning & Building is recommended at \$2,666,535, a decrease of \$135,004 (4.82%) when compared with the FY 2023-24 Adopted Budget, resulting in a Net County Cost of \$2,659,535. The decrease in appropriations is primarily related to a change in the methodology for charging the time of the Assistant Chief Administrative Officer (CAO) who provides oversight for this division. Costs related to the Assistant CAO are captured in the Chief Administrative Administration and Budget Division and will be captured through the A87 charges to the departments CDFA services in future years based on time studies. Additionally, the Division deleted a vacant Fiscal Technician to help meet budget reduction targets.

Procurement and Contracts including Mail - Courier and Central Stores

The budget for Procurement and Contracts is recommended at \$2,051,886, an increase of \$155,070 (8.18%) when compared with the FY 2023-24 Adopted Budget, resulting in a Net County Cost of \$2,051,606. The Division is funded almost entirely with General Fund. The Division receives some reimbursement for mail /courier services from the University of California Cooperative Extension (UCCE). The increase in cost is mainly due to Board-approved compensation increases.

Facilities

The Facilities Division budget is recommended at \$8,784,247, a total decrease of \$20,090 (0.23%) when compared with the FY 2023-24 Adopted Budget, resulting in a total Net County Cost of \$7,757,709. The decrease is primarily due to the reduction of a 0.5 Sr. Office Assistant and an increase in revenue from the Risk Fund for ergonomic evaluation facility costs.

(\$10,200) Increase in Facilities due anticipated service requests from General Fund departments.

MISSION

The mission of the Chief Administrative Office – Central Services Division is to provide a centralized and consistent service model resulting in the highest level of customer service to internal and external customers. The Central Services Division oversees countywide Procurement and Contracts, Facilities, and two centralized finance divisions: the Central Fiscal Unit and the Community Development Finance and Administration Unit.

PROGRAM SUMMARIES

Central Fiscal and Community Development Finance and Administration

The Central Fiscal and Administration Division was established in FY 2011-12 within the Chief Administrative Office. This Division provides services to all divisions of the Chief Administrative Office, and the Departments of Human Resources/Risk Management and Information Technologies, and the offices of the Surveyor, District Attorney, Public Defender, Alternate Public Defender, Board of Supervisors, as well as Court Maintenance of Effort.

In October 2018, a second finance division was added, providing centralized administration and fiscal services to the Environmental Management Department, the Planning & Building Department, Airports, Cemeteries, and the Department of Transportation. These fiscal and administrative divisions' services include processing accounts payable/receivable, payroll, journal entries, budgeting, billing, and financial reporting.

This unit also includes one Enterprise Resource Program (ERP) Analyst who serves as part of a team including staff from the Auditor's Office and Information Technologies. This team provides support for the countywide systems of FENIX and KRONOS.

Central Services

RECOMMENDED BUDGET • FY 2024-25

Procurement and Contracts

Procurement and Contracts provides purchasing and contract processing services countywide. The Division is also responsible for administering the County’s surplus property program, central stores program, and mail and courier service to all County departments.

Facilities

The Facilities Division manages the County Accumulative Capital Outlay Program and provides building and grounds maintenance services as well as real property services.

CAPITAL WORK PLAN SUMMARY

The ACO Fund is the County budget unit used to accumulate capital project funding and to plan and track major maintenance and capital improvements to County-owned facilities. This budget unit does not include roads (please see Department of Transportation) or standard maintenance projects (please see Facilities – Maintenance). Projects identified in the Work Plan are typically greater than \$25,000 and must be improvements that add value and life to the facility. Funds are budgeted to be transferred to the ACO Fund and appropriated from that fund throughout the year based on the approved Work Plan. However, funds that are budgeted to be transferred from the General Fund or special revenue funds and which are not spent during the year are not transferred to the ACO Fund. Any unspent General Fund contribution is identified each year as that portion of the General Fund Carryover Fund Balance that is designated for capital projects.

Continuing Projects

Countywide Special Projects/Facilities Planning

Funding from the annual ACO Fund is set aside annually for capital projects that have not been specifically identified. For FY 2024-25, a total of \$150,000 is set aside for emergency projects, security upgrades, HVAC repairs, painting, and Americans with Disabilities Act (ADA) compliance needs that may come up throughout the year.

Additionally, \$75,000 is budgeted for facilities planning costs, such as environmental assessments, ADA assessments, real estate negotiations, or other miscellaneous costs associated with future facility planning.

Chief Administrative Office

RECOMMENDED BUDGET • FY 2024-25

Parks Projects

\$555,000 in funding has been budgeted for various projects at Forebay Park, Pioneer Park, Henningsen Lotus Park, and the El Dorado Trail at Jacquier.

Placerville Jail Expansion

The County received a \$25 million SB 844 grant from the Board of State and Community Corrections for the expansion/improvement of the Placerville Jail facility. The total project cost is estimated at \$40,670,257, which includes \$15,670,257 from the General Fund Capital Designation. The FY 2024-25 Work Plan includes the full project amount. The project is anticipated to be completed in May 2026. The department does anticipate some of the project funding to roll into FY 2025-26 as not all funds are expected to be utilized in FY 2024-25.

South Lake Tahoe Juvenile Treatment Center

In FY 2016-17, the Board set aside \$1.2 million as the County contribution and grant match for the replacement of the West Slope Juvenile Hall facility. Initially, the County's plan was to build a new West Slope Juvenile Hall and to close the South Lake Tahoe Juvenile Treatment Center (JTC) once the new Hall was complete. However, the Board of Supervisors changed direction and the County is now working with the State to receive project approval to make significant improvements to the South Lake Tahoe JTC instead of building a new West Slope Juvenile Hall. With this change in direction, the South Lake Tahoe JTC remains the sole detention facility serving the youth of El Dorado County. The FY 2024-25 Work Plan includes \$1.7 million in funding to complete the design process and go out to bid for improvements to the South Lake Tahoe facility.

Court Renovations

To create more efficient use of space in Building C and to create cost savings related to Court security, as well as making additional space available under the old West Slope Juvenile Hall, the Board approved a plan to consolidate Court services on the bottom floor of Building C. The first step in this process was to relocate Elections to the newly purchased Ponderosa Building in Shingle Springs. With that relocation complete, the Department is now completing the design process and getting ready to go out to bid for space improvements in Building C. The FY 2024-25 Work Plan includes \$5,025,000 for this project which is estimated to be completed in March 2025.

Emerald Bay Properties Remodel

At the end of 2022, the Board purchased four buildings in South Lake Tahoe formally occupied by Barton Healthcare. The buildings are being refurbished to meet the needs of numerous County departments in South Lake Tahoe. All services currently being conducted out of the end-of-life El Dorado Center, will be moved into the buildings located on Emerald Bay. The FY 2024-25 Work Plan includes \$3.7 million for renovations of three of the four buildings. Design and programming for these spaces has begun with construction estimated to begin in 2025. Phase 2 of this project will include the fourth building which will be converted to space for the Department of Transportation, Planning and Building, and Environmental Management.

RECOMMENDED BUDGET • FY 2024-25

Permanent Navigation Center

The FY 2024-25 Work Plan includes \$3.9 million in funding for the construction of a permanent navigation center. A preliminary design has been completed. The County is currently in the process of finalizing the site location for the Navigation Center. If the preferred site next to the El Dorado County Jail is the chosen site, construction will not begin until the summer of 2026 once the jail expansion project is completed.

Various Libraries

The FY 2024-25 Work Plan includes approximately \$1.1 million in grant-funded project work at various libraries throughout the County. Work has begun on many of the various projects with completion estimated on all projects in FY 2024-25.

South Lake Tahoe Jail

The FY 2024-25 Work Plan includes \$1.5 million for the South Lake Tahoe Jail for safety upgrades.

Maintenance

The FY 2024-25 Work Plan includes approximately \$6.7 million to fund maintenance projects in the coming year. Most of these projects are related to the jails (\$1,625,000), improvements at the South Lake Tahoe Johnson Center (\$970,000), South Lake Tahoe Juvenile Treatment Center (JTC) (\$437,500), various parking lots, paint, flooring and exterior siding and generators (SLT library and Sandy Way).

Recommended New Projects

New projects recommended in FY 2024-25 are projects for the Department of Transportation for the rebuild of their Tahoma yard and control upgrades and lighting and paint at the South Lake Tahoe JTC.

MISSION

The Accumulative Capital Outlay Fund program directs funding for the project development and construction of Facilities that support County functions. In addition, the program performs major maintenance projects on existing County buildings, parks and paved trails. The Capital Project Work Plan is produced by the Facilities Division of the Chief Administrative Office, and the program is staffed by the Facilities Division. All expenses for the Facilities Capital Work Plan are captured in the ACO Fund.

SOURCES OF FUNDS

The General Fund contribution is currently recommended at \$27,230,257, which includes \$25,630,257 from the General Fund Capital Designation, \$1,100,000 from the Juvenile Hall designation, and \$500,000 from Discretionary Transit Occupancy Tax for the Tahoma replacement. The following funding sources are also included: \$25,000,000 from SB 844 for the Jail Expansion, \$5,126,321 of ACO Fund balance and \$2,044,179 of new ACO revenue, \$1,157,000 in library grant funds, \$3,800,000 from Public Health, \$221,000 from the Sheriff for various projects, \$370,000 from the Probation Department, \$100,000 from Health and Human Services Tobacco Settlement funds, \$900,000 from the American Rescue Plan Act audit reserve, \$160,000 from the Criminal Justice Construction Special Revenue Fund, \$184,000 from General Fund for Chili Bar, \$120,000 from Henningsen Lotus Park fees, and \$100,000 from the Department of Transportation.

Pending Issues and Policy Considerations

The County continues to make steady progress in replacing end-of-life buildings and keeping up with maintenance. A standard measurement metric used within the facilities industry for determining the required budget to properly maintain public facilities is two to four percent of the replacement value. Our current replacement value for County facilities is estimated at \$527 million. With this metric applied at two percent of the replacement value, the County would be appropriating approximately \$10.5 million, invested annually into our assets. The FY 2024-25 Recommended Budget includes approximately \$6.7 million towards projects in the ACO Fund identified as maintenance, and approximately \$4.7 million in the Maintenance Division budget (labor and projects less than \$25,000), for a total of \$11.4 million included in the Recommended Budget toward what are identified as maintenance projects on the County's public facilities.

The FY 2024-25 Budget includes an increase in the Designation for Capital Projects of \$172,844 from rent received from the Department of Child Support. The purpose of the General Fund Designation for Capital Projects is to set one-time monies aside to fund future capital projects and deferred maintenance. The budget policy recommends adding an additional \$6 million annually to the Capital Projects Designation. The recommended budget includes uses of the Capital Projects Designation of \$25,630,257, leaving a balance of \$2,419,983. These funds have been set aside annually for large capital projects and for future building replacement needs. This fund has been discussed as a possible source for the replacement of the Spring Street facility, which houses several County Health and Human Services programs including the Psychiatric Health Facility. However, in addition to Spring Street, Facilities has also noted several other County buildings that will need either a full replacement or major refurbishment over the next 10-15 years. Estimates for the replacement of County buildings which are at 50% of their useful life exceed \$247 million.

Construction costs continue to increase. There are several large projects currently in process which may require additional funding. Some examples are costs for tenant improvements at the Emerald Bay properties in South Lake Tahoe, the Court renovation in Building C and the South Lake Tahoe Juvenile Treatment Center improvements. The County must remain diligent in setting funds aside for current and future facility needs.

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

Emergency Medical Services (EMS) General Fund Operations

This Budget is recommended at \$2,736,408, which is a decrease of \$56,465 (2%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides \$109,828 (4%) of funding for EMS programs. General Fund support for the EMS programs is limited to countywide continuity of operations planning and training expenses that are not claimable through grants or other sources.

County Service Areas (CSAs)

The total budget for the CSAs is recommended at \$40,869,108, which is an increase of \$4,846,526 (13%) when compared to the FY 2023-24 Adopted Budget. This is mainly due to contractual compensation increases, including the Ambulance Inflation Factor, which is estimated at 5.65% for FY 2024-25, and increased Countywide Cost Allocation Plan charges. The budget for CSA 3 includes an Appropriation for Contingency of \$1,088,000 due to increased revenue collections, a contribution of Discretionary Transient Occupancy Tax for the tourism impacts to the ambulance system, and American Rescue Plan Act funding to cover the impacts of the pandemic on the ambulance system. Staff continue to closely monitor revenue in CSA 3 and determine all options to address the ongoing structural funding deficit. The County will continue to gather information regarding projections of revenue and services provided to better estimate the Adopted Budget amounts. The budget for CSA 7 includes an Appropriation for Contingency of \$14,552,628, approximately 77% of the operating cost of the ambulance services in that area. The Recommended Budget represents a purposeful focus on staffing for improving ambulance billing processes to maximize revenue and adapt to changing legislation that impacts Emergency Medical Services.

MAJOR BUDGET CHANGES

Revenue

License and Permits

(\$3,000) Decrease in EMS revenue due to a projected decrease in Ground Emergency Medical Transport Quality Assurance Fees.

Miscellaneous Revenue

(\$150) Decrease in EMS Miscellaneous Revenue for records requests to align with current projections.

Other Financing Sources

\$862,063 Increase in funding from the CSA for ambulance billing and EMS administration, reflecting an increase in staff to support the programs and increase revenue.

(\$548,270) Decrease in Operating Transfers In of Preparedness Programs grant funding due to the transfer of the Public Health Emergency Preparedness, Pandemic Flu, and City Readiness Initiative grants to the Health and Human Services Agency Public Health Division.

(\$98,491) Decrease in Operating Transfers In of Hospital Preparedness Grant Funding, reflecting pending carryforward funding that has not yet been approved by the State for inclusion in FY 2024-25 from FY 2023-24.

Appropriations

Salaries and Benefits

\$89,276 Increase in Salaries and Benefits due to the addition of a Medical Billing Technician allocation to increase Ambulance Billing accuracy and efficiency.

(\$120,000) Decrease in Salaries and Benefits due to the commitment of deleting a vacant position with the Adopted Budget after the recruitment of the EMS Manager allocation is concluded.

\$10,929 Increase in Salaries and Benefits expenses primarily due to step increases and Health Insurance cost increases.

\$23,792 Increase in CalPERS employer's contribution, primarily due to increases to the County's unfunded accrued liability payment.

(\$11,248) Decrease in Retiree Health Program charges due to a rate holiday to conserve General Fund costs.

\$5,230 Increase in Workers' Compensation premium charge.

RECOMMENDED BUDGET • FY 2024-25

Services and Supplies

- (\$260,000) Decrease in Continuity of Operations Planning Services and Supplies primarily due to appropriations for disaster case management in FY 2023-24 that are not included in FY 2024-25.
- (\$282,544) Decrease in Services and Supplies related to Emergency Preparedness and Response programs.
- \$11,527 Increase in Services and Supplies due to adjustments across multiple objects to align the budget to actual costs.

Intrafund Transfers

- \$548,248 Increase in Intrafund Transfers due to increased staff time on EMS Administration, where the staff costs are recouped from the programs through Intrafund Transfers to EMS Administration.
- \$479,573 Increase in Intrafund Transfers primarily due to an increase in EMS's Countywide Cost Allocation Charge, as this is the first year that EMS has carryover cost allocation plan charges.
- (\$125) Decrease in Intrafund Transfers from Continuity of Operations Planning due to a reduction in program activity and expenses, resulting in a smaller share of EMS Administration costs.
- \$53,835 Increase in Intrafund Transfers from Hospital Preparedness Program due to a reduction in program activity and expenses, resulting in a smaller share of EMS Administration costs.
- (\$112,987) Decrease in Intrafund Transfers related to the move of Emergency Preparedness and Response Programs to Public Health.

Intrafund Abatements

- (\$491,971) Increase in Intrafund Abatements (shown as a negative expense) due to increased staff time on EMS Administration, where the staff costs are recouped from the programs through Intrafund Transfers to EMS Administration.

PROGRAM SUMMARIES

Emergency Medical Services Division (EMS)

The EMS Division includes the Local Emergency Medical Services Agency (LEMSA), governed by Health & Safety Code Division 2.5 Emergency Medical Services and California Code of Regulations Title 22, Division 9, serves to coordinate and maintain an integrated system of rapid emergency response, high-quality pre-hospital care, and transportation services to victims of illness or injury in El Dorado County. The Division is funded by a combination of property taxes, certification fees, Maddy/Richie Fund, and Ground Emergency Medical Transport (GEMT) funds.

County Service Areas

The County is the provider of pre-hospital emergency medical services within County Service Area (CSA) 7 for the West Slope and CSA 3 for South Lake Tahoe and the Tahoe West Shore. The County provides these services through contracts for operational services. The CSAs are funded through property taxes, special taxes, benefit assessments, payments from the Shingle Springs Band of Miwok Indians, and ambulance service fees.

Hospital Preparedness Program

The Division operates the Medical Health Operational Area Coordinator (MHOAC) Program, which helps coordinate medical and health resources during an emergency or disaster. The Program is responsible for the oversight and implementation of Hospital Preparedness Program (HPP). This program serves all El Dorado County residents and visitors.

Continuity of Operations/Government (COOP) Plan

Staff in EMS are instrumental in carrying out the Chief Administrative Office’s responsibilities under Board of Supervisors Policy K-3, “Emergency Management,” and are responsible for the planning, training, and evaluation of the County’s Continuity of Operations/Government (COOP) Plan. Staff lead the Continuity Coordination and Implementation Group and coordinate with all County departments and the Sheriff’s Office of Emergency Services to ensure the continuity of government essential functions during an emergency.

STAFFING TREND

The Emergency Medical Services Division was moved from the Health and Human Services Agency into the Chief Administrative Office in July 2019, with a total of 6.15 FTE included in the FY 2019-20 Recommended Budget. The allocations have changed over that past five years as the programs under the Division changed.

The FY 2024-25 Recommended Budget includes 9.7 FTE allocations. The Recommended Budget reflects a reallocation of current staff to focus on improvement accuracy, speed of processing, and collection rates for ambulance billing and ambulance services. The Recommended Budget includes that addition of a Medical Billing Technician allocation to aid in these efforts. After the adoption of the FY 2023-24 Budget, the Board approved the deletion of 1.0 FTE Manager of Emergency Medical Services and Preparedness and Response Programs on April 23, 2024 (Legistar item 24-0219). The recruitment for the EMS Manager allocation is ongoing, and it is anticipated that the Division will delete a vacant position with the Adopted Budget after the recruitment of the EMS Manager allocation has concluded. Staff will continue to monitor the needs of the Division and through attrition decrease staff if the current staffing level does not result in the intended improvements to the EMS System.

SOURCES & USES OF FUNDS

The Hospital Preparedness Program is funded primarily through state and federal grants (\$166,500) but also continues to receive some Public Health Realignment funding (\$65,600).

The Emergency Medical Services and Ambulance Billing programs are funded through interfund transfers from the County Service Areas.

The County Service Areas are funded by property taxes (\$4,355,000), special taxes (\$1,826,000), payments from the Shingle Springs Band of Miwok Indians (\$300,000), and ambulance service fees (\$15,855,000). The budgeted use of fund balance is \$17,512,608 with \$15,640,628 budgeted in Contingency.

(\$48,730) Decrease in Temporary Employees due primarily to the movement of a Retired Annuitant out of Office of Wildfire Preparedness and Resilience to Administration & Budget.

(\$2,629) Decrease in Retiree Health contribution due to a rate holiday to conserve General Fund costs.

Services and Supplies

(\$406,350) Decrease due to shift of some FEMA HMGP Grant Project funding from Services and Supplies to Salaries and Benefits

Other Financing Uses

(\$15,000) Decrease in Operating Transfer Out for Fleet due to the change of vehicle requests.

Intrafund Transfers

\$1,925 Increase in Intrafund Transfers for Facilities charges.

MISSION

The mission of the Office of Wildfire Preparedness and Resilience is to create a fire adapted and resilient El Dorado County through collaboration and coordination.

PROGRAM SUMMARIES

The Board created the Office of Wildfire Preparedness & Resilience on March 22, 2022. The Office develops and implements countywide wildfire protection strategies that align with state and federal plans and priorities; emphasizes large multi-stakeholder efforts and prioritizes scarce and limited resources. The Office responsibilities include preparing wildfire and vegetation management updates to the Hazard Mitigation Plan and General Plan, engaging building code changes related to wildland/urban interface building standards, manages the Hazard Mitigation Grant Program grant, facilitates program priorities and stakeholder coordination for the County Hazardous Vegetation and Defensible Space Ordinance, and convenes a broad countywide wildfire resiliency stakeholder group.

STAFFING TREND

After the adoption of the FY 2023-24 Budget, the Board approved the addition of 1.0 FTE Administrative Analyst I/II, 2.0 FTE Defensible Space Inspector I/II, and 1.0 Sr. Administrative Analyst in the Office of Wildfire Preparedness and Resilience Division. Additionally, one vacant Deputy Chief Administrative Officer was alternately filled during FY 2022-23 with a Program Manager due to changing programmatic needs. The FY 2023-24 Recommended Budget revised the allocation to match the current classification of allocation. The Recommended Budget reflects a total of 7.0 FTEs.

Office of Wildfire Preparedness and Resilience

RECOMMENDED BUDGET • FY 2024-25

SOURCES & USES OF FUNDS

The budget for the Division is funded in part with General Fund discretionary revenues but receives a larger share of its funds from State and Federal grants.

Parks, Trails, and River Management

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The Parks Division budget includes an operating budget in the General Fund and several Special Revenue Funds that fund specific programs.

The General Fund budget for the Division is recommended at \$6,426,015, which is a decrease of \$3,925,444 (38%) compared to the FY 2023-24 Adopted Budget. The total General Fund Contribution of \$1,575,180 represents approximately 33% of the Parks budget, a decrease of \$3,196,770 compared to the prior year. This decrease reflects the removal of funding for the Diamond Springs Park. It has been determined that the County will not be the lead in development of this park.

CAO Adjustments

At the recommendation of the Parks and Recreation Commission, there were several requests for funding for Parks improvements and Parks acquisitions. These requests are not included in the Recommended Budget but may be added should the year end with a higher-than-anticipated General Fund balance, and the Board determines that they should be prioritized over other needs.

MISSION

The mission of the Chief Administrative Office – Parks Division is to manage the County's recreational assets and opportunities. The Parks & Trails Division, in accordance with El Dorado County's General Plan Goal 9.1, provides recreation opportunities and facilities, including parks, trails, and resource-based recreation areas for the health and welfare of El Dorado County residents and visitors.

PROGRAM SUMMARY

In addition to the responsibility for overall County administration, the Chief Administrative Office oversees the Parks Division. This program oversees the operations of the established parks and trails in the County and acquires and oversees the development of new park facilities. These parks include Henningsen Lotus Park, Pioneer Park, Forebay Community Park, Bradford Park, Joe's Skate Park, Historic Railroad Park, and Old Depot Bike Park. The Division also oversees the El Dorado Trail, the Sacramento-Placerville Transportation Corridor (SPTC), the Rubicon Trail and the management of the South Fork American River recreation program. The Parks Division also coordinates with other parks and recreation providers in the County and provides education on conservation and protection of the County's natural resources.

The Rubicon program monitors, maintains, restores, and preserves the historic Rubicon Trail and provides public education. The program provides community outreach and develops educational resources for the public to educate users on safe and responsible practices that promote the preservation and conservation of the trail and natural resources. The Division is responsible for maintenance and monitoring activities, grant writing and administration, and compliance with the easement with the U.S. Forest Service. The Division also works directly with the community, user groups, vendors, and other County departments and government agencies to coordinate activities on the Rubicon Trail.

Parks is also responsible for implementation of the El Dorado County River Management Plan (RMP). The program regulates commercial and non-commercial whitewater recreation activities on the 21-mile segment of the South Fork of the American River between the Chili Bar Dam near State Highway 193 and Salmon Falls Road at the upper extent of Folsom Reservoir. This program administers the established operational rules for

commercial and non-commercial/private boaters navigating the river, along with health and safety objectives identified in the RMP and other County Ordinances. The Division provides private boat education at the put-ins along the river corridor.

STAFFING TREND

Changes in staffing for the Parks Division reflects several organizational changes throughout the past 10 years. In 2019, one Office Assistant (0.5 FTE) was re-assigned to the Central Fiscal Unit. During FY 2020-21, one Administrative Analyst position (1.0 FTE) was reassigned to the Central Services Fiscal Unit, and one Parks Program Coordinator position (1.0 FTE) was added with the FY 2021-22 Budget. For FY 2022-23, an additional Parks and Trails Maintenance Worker position and one Administrative Analyst position were added for a total of 6.0 FTEs. On April 9, 2024, the Board approved the addition of 1.0 FTE Sr. Parks Trail Maintenance Worker and the deletion of 1.0 FTE Parks Trail Maintenance Worker. The Recommended Budget does not change the allocations with a total of 6.0 FTEs.

SOURCES & USES OF FUNDS

Parks and Trails funds come from a variety of sources, including user fees, donations, state, and federal grant funding, and the General Fund. Parks currently receives \$150,000 each year from Sacramento Municipal Utility District (SMUD) Fund Revenues to fund the Rubicon program. Funding is also provided by State Off-Highway Vehicle (OHV/Green Sticker) fees, which also fund the Rubicon program. Funding for American River programs is funded by commercial rafting user fees. Parks also generate revenue from Parks use fees and fees for services provided by the Division.

Non-General Fund portions of this budget include the State Off-Highway Vehicle Fees Fund, Henningsen Lotus Park, Parkland Dedication In-Lieu (Quimby) Fees Funds, and the River Use Permit Fund. Detailed tables for all Special Revenue Funds are located in the Special Revenue Funds portion of this Budget book.

RECOMMENDED BUDGET

This Budget is recommended at \$4,289,590, which is an increase of \$114,177 (2.7%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 87.1% of the funding for the Department and is increased by \$66,177 (1.8%) when compared to the FY 2023-24 Adopted Budget.

A net increase of \$210,902 in Salaries and Benefits costs is primarily due to Board-approved compensation and benefit increases. The \$79,725 reduction of Services and Supplies is primarily due to a one-time reduction in contracted legal services to assist in meeting General Fund constraints in the FY 2024-25 Recommended Budget.

MISSION

County Counsel is the legal advisor to the Board of Supervisors and is legal counsel in civil law matters for all County departments, boards and commissions. General duties of the County Counsel include: representing the County in all civil legal proceedings and administrative hearings; preparing ordinances, resolutions and contracts for the County; advising the Board of Supervisors, other County officials, and Department Heads on legal issues; representing the Health and Human Services Agency in juvenile court dependency hearings and administrative hearings concerning eligibility; advising on legal issues regarding workers' compensation, tort and liability cases; and instituting conservatorships for probate and for gravely-disabled individuals, under the Lanterman-Petris-Short (LPS) Act.

PROGRAM SUMMARIES

The programs set forth below highlight the core legal functions of the particular area described. All of the attorneys in the office appear and advise on a wide variety of matters including all aspects of civil litigation, including writ proceedings, court hearings, and public records and subpoena/deposition requests. All attorneys are involved in the development and rendering of both oral and written legal advice regarding the resolution of issues that may have far-reaching implications for County operations and programs. County Counsel acts as general legal advisor to the assigned County department and supervises and participates in the resolution of difficult or complex legal questions regarding the Department's respective powers, duties, procedures, and operations. All attorneys draft and review contracts, ordinances, resolutions, and other legal instruments as part of the day-to-day operations of this Department.

Statutory / State Programs

Public Guardian and Elder Protection

These attorneys represent the Public Guardian in all facets of litigation on behalf of the County, including Probate, Limited and Lanterman-Petris-Short (LPS) Conservatorships from early disposition to judgment after jury or court trial, and appeals to the Appellate and Supreme Courts. These attorneys also represent Behavioral Health in connection with restoration to competency actions and other criminal diversion programs. These attorneys also represent the Health and Human Services Agency (HHSA) in areas of Elder Protection, which represents the interests of senior citizens on conservatorship with the Public Guardian in all facets of litigation involving elder abuse, including detection and investigation of alleged elder abuse, and the preparation of complex civil litigation for asset recovery from perpetrators. Staff provide training and render advice to the Deputy Public Guardian staff concerning clients. When an estate or trust has assets, fees are requested and collected. Representation of the Public Guardian also encompasses advising Adult Protective Services, In-Home Supportive Services Programs, and Multipurpose Senior Services Program/Linkages. When there are sufficient assets to pay for conservatees' needs, County Counsel will receive attorneys' fees commensurate with a conservatee's ability to pay. The attorneys may provide backup to the Child Protective Services (CPS) caseloads.

Child Protective Services

The attorneys for Health and Human Services Agency and Child Protective Services represent the Agency in all facets of litigation of Welfare & Institutions Code 300 cases from early disposition to disposition/judgment after trial and appeals to the Appellate and Supreme Courts. The attorneys provide in-depth training, establish and review policies and procedures, and review and comment on current and proposed legislation and case law to the Agency personnel to improve case handling and outcomes including after-hours consultations on warrants and placement of endangered minors. The cost of County Counsel representation for the Agency is allocated through the Countywide Cost Allocation Plan and is applied toward the County's match requirements for Social Services programs.

Land Use/Transportation/Capital Improvement Programs

Transportation, Planning & Land Use, and EMS

These attorneys support Transportation, Planning and Building, Environmental Management, Air Quality Management, and other Land Use departments, as well as Emergency Management and Ambulance Services. These attorneys represent the County in regard to Capital Improvement Programs, including the coordination of these projects from planning and design to the right of way acquisition/condemnation and utility relocation phase, through construction and claims management, and to resolution. Staff represent the County in administrative claims and civil litigation regarding project approval, facilities and complex project development. These attorneys provide legal advice and support for all aspects of work for the Transportation Department, inclusive of airports and trails. These duties include the preparation, implementation, review and defense of the County's General Plan, Zoning and Use Permits, development denials and approvals, and California Environmental Quality Act (CEQA) compliance issues.

Staff advises on complex land use issues such as Rare Plants, Affordable Housing, and Integrated Natural Resource Management Plans. They review and guide the implementation and defense of policies, procedures and programs such as the mitigation fee programs and review County CEQA documents for Capital Improvement Projects. These attorneys advise on land use issues and human services on affordable housing issues. These attorneys oversee, participate in, and/or perform defense of administrative and writ proceedings on land use policies and approvals. These attorneys sit with and advise various land use commissions, including the Planning Commission and the Agricultural Commission. These attorneys advise on complex funding requirements through State and Federal sources. They also participate in, advise on, and coordinate complex projects for other departments, such as the selection of and contract for ambulance services, which involve the potential for significant liability.

General Government

County Counsel and Assistant County Counsel

The County Counsel and Assistant County Counsel plan and direct the activities and operations of the County Counsel's Office and serve as the legal representatives to the Board of Supervisors and all County departments, boards and commissions, and on assigned litigation and business matters and mandated functions (e.g., County election proceedings and writs of habeas corpus), providing highly responsible and complex administrative support to the Board of Supervisors. In addition to evaluating day-to-day and long-range legal matters having an impact on the County, the County Counsel and Assistant County Counsel establish countywide legal controls and procedures, and communicate these goals, programs, policies and procedures to staff, the public, the Chief Administrative Officer, other County departments and state and local agencies. They maintain current knowledge of changes in directives, policies, statutes, and

County Counsel

RECOMMENDED BUDGET • FY 2024-25

regulations that affect operations, and make suggestions on proposed legislation and regulations concerning the County.

Human Resources, Sheriff, Risk Management, and Related Law and Justice Departments

These attorneys provide legal advice and support to all departments regarding personnel issues, grievances and disciplinary actions. These attorneys appear on behalf of departments at civil service hearings and represent the County at Public Employment Relations Board (PERB) hearings. These attorneys also sit as part of the County's Threat Assessment Team and advise on medical and disability issues in negotiations. This may include the review of outside litigation claims and overseeing and assisting in directing the litigation being handled by outside counsel. These attorneys provide advice and assist in the labor relations functions of the Human Resources Department, including negotiations, Equal Employment Opportunity Commission (EEOC) matters, and Department of Fair Employment and Housing (DFEH) matters. The attorney advising Risk Management advises in the implementation of health care and benefit contracts. As counsel for the Sheriff, in addition to advising on personnel issues, this position reviews policy manuals and attends the Sheriff's Section meetings.

General Law, Contracts, and all other Departments

The attorneys in this assignment provide legal advice and support on a wide variety of legal issues that are encountered by any County department. They also review and develop responses to subpoenas and Public Records Act requests and represent employees who have been subpoenaed as witnesses in various civil, criminal, or administrative proceedings. These attorneys represent various County departments in writ proceedings in civil court, and administrative proceedings, including with the California Office of Administrative Hearings, the U. S. Department of Housing and Urban Development, the Air Quality Management District Hearing Board, and the County's Assessment Appeals Board. In addition to litigation-related duties, these attorneys also provide support services for many County departments and agencies with contract review, advice on project bid reviews, and advice regarding proposed rule adoption and ordinances. They also advise the Procurement and Contracts and County Facilities Divisions.

Administrative, Operations Support

One Administrative Analyst provides administrative and fiscal support, including budgeting, accounting, payroll, purchasing, personnel, and contract coordination. Three Senior Legal Secretaries and one Legal Secretary II provide secretarial services for 12 attorneys, along with direct interaction with departments and the general public. In addition to direct attorney support, each secretarial position is dedicated to a specific support function that works directly with departments in facilitating their individual programs such as Public Guardian, Child Protective Services, and General Government.

STAFFING TREND

County Counsel staffing has remained relatively static over the past 10 years and is currently at 17 FTEs. All staff are located on the West Slope, with travel to South Lake Tahoe as needed.

County Counsel

RECOMMENDED BUDGET • FY 2024-25

SOURCES & USES OF FUNDS

The budget for County Counsel is primarily funded with discretionary General Fund revenue. The cost of the department is also recouped through the Countywide Cost Allocation Plan. These revenues are collected in Department 15 – General Fund Other Operations.

The Department also charges County departments with outside funding sources to recoup a portion of the cost of its services. The Department also receives revenues for legal services provided to conservatees.

Discretionary Transient Occupancy Tax

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The Recommended Budget for Discretionary Transient Occupancy Tax (DTOT) is \$14,673,721, a decrease of \$4,728,803 (24%) from the FY 2023-24 Adopted Budget. New DTOT revenue is recommended at \$8,750,000, a \$250,000 (2.7%) decrease in revenue from FY 2023-24 Budget. Higher than anticipated DTOT revenue during the coronavirus pandemic has resulted in increased fund balance in recent years. The funds are meant to be used for DTOT activities per Board Policy B-16 on Discretionary Transient Occupancy Tax.

The Recommended Budget reflects a focus on prioritizing County services and programs over outside entities when allocating DTOT support, as directed by the Board of Supervisors through an amendment to Board of Supervisors Policy B-16 – Budget Policies.

The Recommended Budget allocates 18% of DTOT to countywide activities, 28% to West Slope-specific activities, and 55% to Tahoe Basin-specific activities. In FY 2022-23, approximately two-thirds of DTOT was generated in the Tahoe Basin with one-third generated on the West Slope.

MAJOR BUDGET CHANGES

Revenue

Taxes

(\$250,000) Decrease in DTOT revenue due to declining receipts in FY 2023-24 that is anticipated to continue into FY 2024-25.

Fund Balance

(\$5,470,803) Decrease in Fund Balance of DTOT from FY 2023-24 that is unspent for use in FY 2024-25.

\$992,000 Increase in use of the DTOT Special Projects Designation for the Meeks Bay/North Tahoe annexation, as approved by the Board with Legistar item 24-0073 on January 9, 2024.

Discretionary Transient Occupancy Tax

RECOMMENDED BUDGET • FY 2024-25

Appropriations

Services and Supplies

- \$52,110 Increase in Contributions to Non-Government Agencies, primarily due to the \$75,000 contribution to Arts & Culture El Dorado that is partially offset by Board-approved contributions in FY 2023-24 that are not continuing into FY 2024-25.
- (\$3,873) Decrease in Professional and Specialized Services for Broadband Grant Match, that is being held for future Broadband projects, due to an increased use of the match by the Department of Transportation, shown as an Operating Transfer In, for the EDA Broadband Project decreasing the funding being held for future projects.
- (\$250,000) Decrease in Special Department Expenses due to the discontinuation of funding for the wet labs project, as the Board approved the Growth Factory Project, with Legistar 23-1997, during FY 2023-24.

Other Charges

- (\$2,846,841) Decrease in Contributions to Non-County Governmental Agencies primarily due to the \$2.5 million contribution for the Cal-Tahoe building remodel in FY 2023-24 and from decreased support to Fire Agencies and Tahoe Basin transportation agencies in FY 2024-25 when compared to FY 2023-24.

Other Financing Uses

- \$115,000 Increase in Operating Transfers Out to the Housing, Community, and Economic Development (HCED) Program for the required County match for the Program.
- \$750,000 Increase in Operating Transfer Out to County Service Area 3 for tourism impacts to the ambulance system in the Tahoe Basin.
- (\$2,280,920) Decrease in Operating Transfers Out for road maintenance projects related to tourism impacts on El Dorado County roads.
- (\$71) Decrease in Operating Transfers Out to the Accumulative Capital Outlay fund for improvements to Chili Bar, with \$184,000 of the funding being carried over from FY 2023-24 to FY 2024-25.

Intrafund Transfers

- \$377,321 Increase in Intrafund Transfers to Planning and Building.
- (\$15,000) Decrease in Intrafund Transfers to the Sheriff's Office.
- \$30,000 Increase in Intrafund Transfers to County Counsel for legal services related to the formation of the Tahoe South Shore Transit Joint Powers Authority.
- (\$18,844) Decrease in Intrafund Transfers to the Parks Division for Diamond Springs Community Park, with \$981,156 of funding being carried over from FY 2023-24 to FY 2024-25.

Discretionary Transient Occupancy Tax

RECOMMENDED BUDGET • FY 2024-25

Reserves Budgetary

(\$637,685) Decrease in additions to the DTOT Special Projects Designation that were included in the FY 2023-24 Budget that are included in the FY 2024-25 Budget.

DISCRETIONARY TRANSIENT OCCUPANCY TAX REVENUE

The Transient Occupancy Tax (TOT), or Hotel/Motel Tax, is imposed on the daily rental price of a room in a lodging facility, including vacation home rentals, when used by visitors staying in the unincorporated portions of El Dorado County for fewer than 30 days. The tax rate for the County is currently 10% of gross room receipts on the west slope of the County and 14% in the Lake Tahoe Area. Only 10% of Tahoe Area receipts are for discretionary purposes with 4% of receipts going towards road maintenance, per voter-approved Measure S. This Budget only represents 10% of receipts for discretionary purposes. The 4% of receipts going toward road maintenance is described in the Department of Transportation section.

Discretionary TOT revenue is recommended at \$8.5 million for FY 2024-25. As discussed with the Board on April 10, 2024, this is a projection based upon projected FY 2023-24 receipts that appear to be lower than what is budgeted. Staff will continue to closely monitor this revenue, and if needed, decrease the assumption and the corresponding appropriations with the Adopted Budget.

BOARD DIRECTION FROM APRIL 10, 2024

The Chief Administrative Office presented to the Board on April 10, 2024, a proposed Recommended Budget spending plan for DTOT based upon requests from outside agencies and County departments. The presentation and corresponding staff report contained a detailed description of all the approved items. For more details on the approved allocations in April, please go to [Legistar item 24-0679](#).

CHANGES TO THE RECOMMENDED BUDGET FOLLOWING BOARD DIRECTION IN APRIL

Since the Board provided direction on the allocation of DTOT in April, there have been some updates to account for revised projections of projects approved in FY 2023-24. Some of these projects will need to be wholly or partially carried over into FY 2024-25, while others have undergone minor changes.

The following appropriations were approved by the Board for inclusion in FY 2023-24. A third-quarter analysis of DTOT was completed, and it was identified that the following appropriations will need to be carried over into FY 2024-25:

- Contribution to Barton for Interfacility Transports - \$500,000
- El Dorado Hills Fire side-by-side equipment - \$31,170
- Diamond Springs Fire side-by-side equipment - \$3,015
- Meeks Bay Fire Tender Purchase - \$312,942
- El Dorado Hills Fire Rescue Boat - \$203,875
- Tahoe Paradise Recreation District Restroom Project - \$150,000
- Georgetown Fire side-by-side equipment - \$2,554
- Tahoe Transportation District for Tahoe Basin transportation system support - \$70,000
- Clean Tahoe for trash mitigation in Tahoe Basin - \$16,110

On April 10, 2024, the Board was informed that \$75,000 of DTOT funding was no longer needed by the Planning and Building Department. The Board directed staff to work with Arts & Culture El Dorado to

Discretionary Transient Occupancy Tax

RECOMMENDED BUDGET • FY 2024-25

reduce their request and return to the Board with a recommended allocation with the Recommended Budget. Staff is requesting that the \$75,000 in savings be used to fund Arts and Culture El Dorado in FY 2024-25. This is a \$20,600 (22%) decrease from their request of \$95,600. Arts and Culture El Dorado meets Board Policy B-16 on DTOT as Arts and Culture El Dorado promotes tourism in El Dorado County by highlighting El Dorado County art and increasing events and platforms for tourists to engage with El Dorado County art.

On March 12, 2024, with [Legistar item 24-0487](#), the Board authorized staff to initiate negotiations with the City of South Lake Tahoe regarding the formation of a Tahoe South Shore Transit Joint Powers Authority between the City of South Lake Tahoe and El Dorado County. This effort will require legal services to assist with the formation of the Joint Powers Authority. A Tahoe South Shore Transit Joint Powers Authority will help mitigate tourism as an effective transit system could reduce the number of vehicles impacting the Tahoe Basin road system and the impacts of tourism on residents. It was determined that a contract for Legal Services in County Counsel’s budget would likely be needed for this effort. A third-quarter review of projected DTOT FY 2023-24 spending resulted in the identification of \$30,000 in additional DTOT funding available for use in FY 2024-25. The Recommended Budget includes the use of \$30,000 of DTOT to transfer to County Counsel for legal services to assist with the formation of a Tahoe South Shore Transit Joint Powers Authority.

As of the drafting of this document, there is a pending request from the Department of Transportation to be considered by the Board of Supervisors on May 21, 2024, to reallocate a portion of the DTOT funding for Fallen Leaf Lake to the Apache Avenue Pedestrian Safety and Connectivity Project in the Tahoe Basin. The cost of the Apache Avenue Pedestrian Safety and Connectivity Project has increased, and additional funding is necessary.

General Fund – General Revenues & Other Operations

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The Recommended Budget for General Fund Other Operations is \$59,249,124, including \$18 million in American Rescue Plan Act (ARPA) appropriations, \$1.2 million in Court Maintenance of Effort (MOE) appropriations, and the remaining in Non-Departmental Expenses. The total revenue in the unit is recommended at \$251,474,947. This reflects a decrease in revenue of \$12,597,108 and a decrease in appropriations of \$19,129,483 when compared to the FY 2023-24 Adopted Budget. This decrease is primarily due to the actual fund balance amounts accounted for in the Adopted Budget when compared to conservative projections in the Recommended Budget.

MAJOR BUDGET CHANGES

Revenue

Taxes

\$4,239,916 Increase in Property Taxes and the Property Tax In-Lieu of Vehicle License Fee revenue based on the projected increase in total assessed value of taxable property, currently estimated at a 3.5% increase over FY 2023-24 projected receipts.

General Fund – General Revenues & Other Operations

RECOMMENDED BUDGET • FY 2024-25

\$107,000 Increase in Sales and Use Tax revenue based on projected growth of 2% over FY 2023-24 projected receipts.

\$21,000 Increase in Timber Yield Tax to align budget with prior year actuals.

Use of Money and Property

\$70,000 Increase in Interest Revenue to align budget with current investment returns.

(\$284,000) Decrease in Rent on Land and Buildings revenue due to Child Support Services rent for the Ponderosa Building being accounted for in Intrafund Abatements instead of Rent and due to the loss of the outside tenant at the Ponderosa Building during FY 2023-24.

State Intergovernmental

(\$1,800,000) Decrease in Federal FEMA revenue due to Caldor Fire Response and Recovery activities that were reimbursed in the prior year.

(\$200,000) Decrease in Tobacco Settlement Fund revenue due to decreased tobacco sales which decreases settlement funding revenue.

Federal Intergovernmental

(\$16,880) Decrease in federal Payments In-Lieu of Taxes (PILT) to align with FY 2022-23 actuals.

Other Intergovernmental

\$59,933 Increase in revenue from the Shingle Springs Band of Miwok Indians primarily due to contractual growth in revenue annually.

Services Charges

(\$5,000) Decrease in Recording Fees to align budget with actuals.

\$40,000 Increase in Charges for Services to budget for the Mitigation Fee 1% administration cost.

\$244,572 Increase in Interfund Transfers In due to the Countywide Cost Allocation Plan as provided by the Auditor-Controller's Office.

Other Financing Sources

\$985,704 Increase in Operating Transfers In primarily due to a change in budgeting methodology, whereby Environmental Management, Transportation, and Airports will be charged an estimate of FY 2024-25 Community Development and Finance cost allocation plan charges which will be credited toward the departments' charges when the transition from direct billing to cost allocation plan recovery is complete in FY 2026-27.

Fund Balance

(\$568,413) Decrease in estimated carryover Fund Balance available for general operations, as compared to the FY 2023-24 Adopted Budget, based on current projections.

General Fund – General Revenues & Other Operations

RECOMMENDED BUDGET • FY 2024-25

- (\$10,402,524) Decrease in estimated carryover Fund Balance from carryover Accumulative Capital Outlay (ACO) General Fund contributions due to a change in accounting methodology, where funding from the Capital Projects Designation is returned to the designation at the end of the fiscal year instead of rolled into General Fund Fund Balance to better isolate the funding.
- (\$4,100,000) Decrease in estimated carryover Fund Balance for fire recovery activities that were funded by the Disaster Designation and emergency response reimbursement in FY 2023-24.
- \$881,776 Increase in the use of Capital Projects Designation due to a change in accounting methodology, where General Fund contributions for capital projects are returned to the designation at the end of the fiscal year, which increases the annual use of the Capital Projects Designation.
- \$436,000 Increase in the use of the Juvenile Hall Designation for the continuation of the South Lake Tahoe Juvenile Treatment Center Improvement Project.
- \$3,080,730 Increase in the use of the CalPERS Cost Increases Designation to reflect the June 2023 CalPERS Actuarial Reports, leaving three years of projected increased costs in the designation for future use, \$3,668,693.
- \$250,000 Increase in the use of the Health and Human Services Agency (HHS) Indirect Cost Rate (ICR) Designation to soften the impact of the ICR overcollection in FY 2022-23 that is impacting the FY 2024-25 Budget.
- \$530,740 Increase in the use of the Disaster Designation for Transportation projects that are the result of the Caldor Fire not eligible for reimbursement, leaving \$1,287,746 in the designation for future use.
- (\$4,505,000) Decrease in use of General Fund designations from the prior year primarily due to the use of FEMA Road Designation and Diamond Springs Park and Chili Bar Designation in FY 2023-24.

Appropriations

Services and Supplies

- (\$110,000) Decrease in Contribution to a Non-Government Agency due to the board-approved holiday of the Community Funding Program for FY 2024-25, which in FY 2023-24 was budgeted at \$75,000 with \$35,000 in allocations carried over from FY 2022-23.
- (\$95,600) Decrease in Contribution to a Non-Government Agency due to movement of the Arts & Culture El Dorado Contribution to be funded by Discretionary Transient Occupancy Tax (DTOT).
- (\$56,979) Decrease in Special Department Expense due to less of the HMGP Grant match being held for future use, as the Department of Transportation has begun work on their project.

General Fund – General Revenues & Other Operations

RECOMMENDED BUDGET • FY 2024-25

Other Charges

- \$22,700 Increase in Contributions to Non-County Governmental Agencies to ensure there is sufficient budget in the event there is growth in the required El Dorado Local Agency Formation Commission contribution.
- (\$102,000) Decrease in Contributions to Non-County Governmental Agencies due to the payment to El Dorado Hills County Water District (Fire) for the payment of Educational Revenue Augmentation Fund (ERAF) encumbrance equivalent amount being deferred to the Adopted Budget to determine if there is sufficient discretionary revenue.
- \$4,000 Increase in Contributions to Non-County Governmental Agencies due to the anticipated growth in the payment to the Tahoe Regional Planning Agency (TRPA).
- \$20,000 Increase in Contributions to Non-County Governmental Agencies due to contractual growth in the payment to the Resource Conservation Districts.

Other Financing Uses

- (\$6,267,436) Decrease in Operating Transfers Out to the ACO fund for Capital Improvements as outlined in the ACO Workplan.
- \$15,000 Increase in Operating Transfers Out to Fish and Wildlife, as the FY 2023-24 contribution was added to the budget after the adoption of the FY 2023-24 Budget.
- (\$115,000) Decrease in Operating Transfers Out to Housing, Community and Economic Development (HCED) as this funding is now being provided through Discretionary Transient Occupancy Tax.
- (\$1,419,620) Decrease in Operating Transfers Out to the Department of Transportation primarily due to the Industrial Drive Project being completed in FY 2023-24.
- \$328,365 Increase in Operating Transfers Out for fire recovery activities of disaster designation and reimbursement funding, primarily due to funding to the Department of Transportation.
- \$227,021 Increase in Operating Transfer Out to Airports primarily due to insurance and Countywide Cost Allocation charges.
- (\$214,014) Decrease in Operating Transfers Out to the HHSA Community Services Programs.

Intrafund Transfers

- (\$150,000) Decrease in Intrafund Transfers for fire recovery activities of disaster designation and reimbursement funding when compared to FY 2023-24.

Intrafund Abatements

- (\$172,844) Increase in Intrafund Abatements, shown as a negative expense, for rent from Child Support Services for their use of the Ponderosa Building.

General Fund – General Revenues & Other Operations

RECOMMENDED BUDGET • FY 2024-25

\$1,939,593 Decrease in Intrafund Abatements for the collection of the Countywide Cost Allocation Plan, due to Planning and Building no longer transferring the funding per Board Policy B-16.

Contingency

\$600,000 Increase in Contingency to meet 3% of adjusted General Fund appropriations, per Board Policy B-16.

Reserves Budgetary

\$1,000,000 Increase in additions to reserves to meet 5% of adjusted General Fund appropriations for the General Reserve.

\$172,844 Increase in additions to the Capital Projects Designation to reimburse the Capital Projects designation for the purchase of the Ponderosa Building using the rent supplied by Child Support Services.

(\$13,086,881) Decrease in additions to designations and reserves as compared to the FY 2023-24 Adopted Budget, directly related to carryover Fund Balance designated for future uses during the September budget adoption. Similar increases to Designations/Reserves will be considered in September 2024, based on the actual carryover Fund Balance available.

Appropriations

Other Charges

(\$572,898) Decrease in Contributions to Non-County Governmental Agency, primarily due to a projected decrease in Water Agency expenditures in FY 2024-25 when compared to FY 2023-24.

(\$24,800) Decrease in Interfund Transfers of ARPA funding to other County Departments, primarily due to an anticipated decrease in administrative time spent on ARPA funding when compared to FY 2023-24.

Other Financing Uses

(\$6,529,673) Decrease in Operating Transfers Out of ARPA funding to County departments primarily due to contributions to County Service Area 3 Ambulance Services and Planning and Building Broadband Projects in FY 2023-24, as well as decreased contributions to HHS Behavioral Health and Public Health Divisions.

Contingency

\$5,458,740 Increase in Contingency based upon projected ARPA funding remaining at the end of FY 2024-25, based upon pending ARPA reporting at the end of FY 2023-24, this amount will be updated with the Adopted Budget.

General Fund – General Revenues & Other Operations

RECOMMENDED BUDGET • FY 2024-25

MISSION

The General Revenues and Other Operations budget unit collects and accounts for the General Fund discretionary revenues that fund the Net County Cost allocations in the departments. In addition, this budget appropriates monies for Contingency, General Fund contributions to departments, and other outside programs. This budget unit includes appropriations for countywide expenses that are not otherwise assigned to individual departments, also referred to as Non-Departmental Expenses. This budget unit does not include Discretionary Transient Occupancy Tax (DTOT) revenue.

The County’s Court Maintenance of Effort (MOE) Budget is included in the General Revenues and Other Operations Budget Unit. The purpose of the County’s Court MOE budget is to provide a level of financial support to the State of California, as required by law, for the Superior Court of California, El Dorado County. The State of California is now responsible for the overall funding and operation of trial courts, including Court employees; however, County Boards of Supervisors throughout the State are responsible for providing a level of ongoing funding support through annual “maintenance of effort” payments to the State.

GENERAL FUND REVENUES AND OTHER OPERATIONS

Property Tax

Property Tax is the County’s largest source of discretionary revenue in the General Fund. Property tax is levied annually on the assessed value of real property including land and permanently attached improvements, and tangible personal property (movable property). El Dorado County distributes property tax proceeds to a number of local governments, school districts, and special districts within the County in accordance with state law. The County receives an estimated \$23 for every \$100 collected from County taxpayers. Total Property Tax revenue is projected at \$94 million, a \$3.3 million increase (3.5%) over FY 2023-24 Adopted Budget and projected actual receipts.

Education Revenue Augmentation Fund (ERAF)

In FY 1992-93, the State took action to reduce its obligation for school funding, as mandated by Proposition 98, by shifting local property tax revenues to school districts via the Education Revenue Augmentation Fund (ERAF I). This was followed by two subsequent shifts in property taxes in FY 1993-94 (ERAF II) and FY 2004-05 (ERAF III). Fiscal Year 2005-06 represented the second and last year of ERAF III, where the County was obligated to shift \$1.45 million to the State as part of the State’s budget solution in FY 2004-05.

Upon adoption of ERAF II, the voters were asked to approve Proposition 172 (Public Safety Sales Tax) as a backfill of property tax dollars shifted. It is important to note that the County only received 50 cents on the dollar and exchanged discretionary revenue for one that is restricted to law enforcement (Sheriff, District Attorney, Probation, and Public Defender) with statutory anti-supplanting language. The total estimated Public Safety Sales Tax revenue for FY 2024-25 is \$16.3 million; however, more than \$28 million in County General Fund property tax revenue was shifted to the State as a result of ERAF II in FY 2023-24. Public Safety Sales Tax is reflected in the law enforcement department budgets and not reflected in the General Revenues Budget Unit.

Proposition 13

Proposition 13, passed by voters in 1978, limits the real property tax rate to one percent of assessed value, plus any rates imposed to fund indebtedness approved by the voters. Proposition 13 also allows increases

RECOMMENDED BUDGET • FY 2024-25

to the value of real property at the rate of the Consumer Price Index (CPI), not to exceed two percent per year based on the 1975 value, unless the property is improved or sold, at which time the property is reassessed at market value. Since most property tax is guaranteed by placing a lien on the real property, properties are classified as secured or unsecured.

Secured property includes real and personal property located upon the property of the same owner. Secured roll property taxes are paid in two installments, due on December 10 and April 10. Unsecured property is property for which the value of the lien is not sufficient to assure payment of the tax. Unsecured roll taxes are due on August 31.

Current Secured Property Tax revenue is recommended at \$91,889,370 for FY 2024-25. The Recommended Budget for Property Tax revenue assumes an increase of 3.5% in the Current Secured Roll over the FY 2023-24 Adopted Budget and projected actual receipts.

Sales and Use Tax

The California Department of Tax and Fee Administration (CDTFA) administers revenues from Sales and Use Taxes. Sales and Use Tax is collected at the point of sale, and then forwarded to CDTFA. The County receives monthly Sales and Use Tax revenue payments based on estimates, with quarterly adjustments made for actual receipts. Sales and Use Tax revenue can be used for any governmental purpose.

Sales and Use Tax revenue is recommended at \$18.7 million for FY 2024-25. The Recommended Budget for Sales and Use Tax assumes a 2% increase from the projected Sales and Use Tax Revenue for FY 2023-24. The County's Sales and Use Tax consultant, HDL Companies, projects a statewide decrease in Sales and Use Tax of 1.1% in FY 2023-24, increasing to 2% growth in FY 2024-25 and 2.8% in FY 2025-26. The FY 2024-25 Recommended Budget increases Sales and Use Tax budgeted revenue by \$365,919 when compared to the FY 2023-24 projected receipts and \$107,000 from the FY 2023-24 Adopted Budget.

Property Tax In-Lieu of VLF (Motor Vehicle License Fees)

Prior to 2004, a primary source of revenue for California counties was the motor vehicle license fee. Due to the voter-approved Proposition 1A (Protection of Local Government Revenues Act of November 2004), the State now receives the motor vehicle license fee revenues and has “swapped” that revenue for property tax. That revenue is budgeted in the Property Tax In-Lieu of Vehicle License Fee (VLF) account. The intent of Proposition 1A was to protect revenues collected by local governments (cities, counties, and special districts) from being transferred to the California state government for statewide use. This was a permanent change to the County-State relationship regarding these revenues, and the County will continue to receive Property Tax revenues in lieu of VLF. Property Tax In-Lieu of VLF revenues are calculated each year by a formula determined by the State Controller's Office. It should be noted that the In-Lieu Property Tax revenue grows in relation to each jurisdiction's assessed valuation but should not in any way impact the amount received in the Property Tax–Secured account.

Property Tax In-Lieu of VLF revenue is recommended at \$28,463,846 for FY 2024-25, increasing by 3.5% when compared to the FY 2023-24 Budget and projected receipts.

Other Taxes

Other miscellaneous taxes include property transfer taxes, tax loss reserve, Cannabis Activities Tax, and timber yield. Cannabis Activities Tax was added in FY 2019-20 and is recommended at \$500,000 for FY 2024-25, the same as the previous year. Timber Yield Tax is budgeted at \$59,000, a \$21,000 increase to align budget with FY 2022-23 receipts. The combined revenues of the remaining miscellaneous taxes are anticipated to remain relatively flat in FY 2024-25.

General Fund – General Revenues & Other Operations

RECOMMENDED BUDGET • FY 2024-25

License/Permit/Franchise

The County receives franchise fees from a number of garbage and cable companies. Garbage franchise fees total \$1,300,000 and Cable franchise fees total \$900,000, unchanged from the prior year.

Fines/Forfeitures/Penalties

Discretionary revenue recorded in this category represents delinquent property tax payments. This revenue is anticipated to remain relatively flat in FY 2024-25 and is recommended at \$500,000.

State Revenue

Pursuant to a statewide Master Settlement Agreement, California counties receive an annual Tobacco Settlement payment, which is dependent upon tobacco sales. This revenue is anticipated to decrease by \$200,000 in FY 2024-25 and is recommended at \$1,500,000.

El Dorado County also receives one source of state subvention revenues, homeowner property tax relief (\$600,000). A minor amount for Motor Vehicle In-Lieu Tax (\$60,000) is also included in this category.

Federal Revenue

The County receives federal revenue for Payments in Lieu of Taxes (PILT). This revenue is budgeted at \$883,900 for FY 2024-25 in alignment with FY 2022-23 actual receipts.

Other Governmental

This category includes Tribe funding in the amount of \$4.98 million, as well as funding from other governmental agencies (\$300,000). This annual payment from the Shingle Springs Band of Miwok Indians is budgeted pursuant to the current Agreements.

Charges for Service

Charges for service include a fee for the collection of property taxes for the cities of Placerville and South Lake Tahoe, as well as a number of special districts under the account name “Assessment/Tax Collection Fees” (\$2,100,000); the General Fund Countywide Cost Allocation Plan charges to various non-General Fund operations, which used to be referred to as A-87 (\$6.2 million); and recording fees of \$125,000. The combined revenue in this category is anticipated to increase by \$279,572 in FY 2024-25, primarily due to increased Cost Plan charges.

Fund Balance

The Recommended Budget anticipates \$31,520,087 in Fund Balance carryover in the General Fund, which is \$15 million (32%) less than what was included in the FY 2023-24 Adopted Budget. These are funds that are anticipated to be available at the end of FY 2023-24 as a result of operational savings, unanticipated revenues, and unspent Contingency. Due to a change in accounting practice, fund balance this year does not include carryover fund balance that was committed for capital projects in the Accumulative Capital Outlay Fund. Beginning in FY 2023-24 funds are returned to the Capital Projects Designation when they are unspent at the end of the year and show as Use of Designation revenue, not Fund Balance. \$7.2 million of Fund Balance is from unspent Contingency that will need to be carried over in FY 2024-25.

Fund Balance in the General Fund consists of \$13.8 million in departmental savings, with almost \$3 million in Fund Balance from projects programmed in FY 203-24 that are being carried over into FY 2024-25.

General Fund – General Revenues & Other Operations

RECOMMENDED BUDGET • FY 2024-25

\$2.1 million of fund balance is for Hazard Mitigation Grant Program (HMGP) match that is being held in the Non-Departmental Expenses Budget Unit until needed by the Office of Wildfire Preparedness and Resilience and the Department of Transportation. The Fund Balance consists of \$1.5 million in unanticipated discretionary revenues, primarily from Interest and Unsecured Property Tax. On April 30, 2024, with Legistar item 24-0786, the Board approved an updated ARPA spending plan which will result in \$5 million in General Fund savings that is included in the Recommended Budget. The Recommended Budget includes \$1.9 million from Environmental Management, Transportation, and Airports. This amount is an estimate for the FY 2023-24 Community Development and Finance cost allocation plan charges, which will be credited towards the department's charges when the transition from direct billing to cost allocation plan recovery is complete in FY 2025-26. This will result in an increase in Fund Balance from FY 2023-24. After accounting for the carryover items described above, \$20.2 million of projected FY 2023-24 fund balance is available to meet operational funding requirements for FY 2024-25. It should be noted that these budgeted amounts are estimates and are subject to change with the close of the FY 2022-23 financial records in the fall.

General Reserve and Appropriation for Contingency

The General Reserve and Contingency calculations are determined based on adjusted General Fund appropriations. The General Fund Appropriation for Contingency is recommended at \$7.85 million, a \$600,000 increase from FY 2023-24, to meet Board Budget Policies B-16, Section II (8), which directs that the Contingency be set at a minimum of 3% of the adjusted General Fund appropriations.

The General Fund General Reserve is recommended at \$13 million, a \$1 million increase from FY 2023-24. Board Budget Policies B-16, Section II (10) directs that the General Reserve be set at an amount equivalent to approximately 5% of the adjusted General Fund appropriations. The General Reserve is established to provide for additional resources in the event of significant emergency situations where additional funds are required, and functions as a cash flow reserve during the year.

Use of Designations (Reserved Fund Balance)

The Recommended Budget includes the use of \$30 million of funds previously set aside in General Fund Designations. This includes \$25.6 million from the Capital Projects Designation which will be returned to the Capital Projects Designation at the end of FY 2023-24 for use in FY 2024-25. The Recommended Budget does not meet Board Budget Policies B-16, Section II (11) which sets a goal of adding \$6 million to the Capital Projects Designation annually if funding allows. The Chief Administrative Office will prioritize meeting this goal with the Adopted Budget if funding allows.

In FY 2016-17, the Board set aside \$1.2 million as the County contribution and grant match for the replacement of the West Slope Juvenile Hall facility, which has evolved into the redesign of the South Lake Tahoe Facility. In FY 2019-20, the Board brought the General Fund designation for the Juvenile Hall Project to \$1,722,556. The budget includes the use of \$1.1 million of the Juvenile Hall General Fund Designation for the project, leaving \$372,556 left in the designation at the end of the year.

The Recommended Budget includes using the \$250,000 of the HHSIA Indirect Cost Rate (ICR) Designation to smooth the General Fund impact of an ICR overcollection in FY 2022-23. The Recommended Budget also includes using \$530,740 of the Disaster Recovery Designation for Department of Transportation projects related to the Caldor Fire that are not eligible for reimbursement.

Board Budget Policies B-16, Section II (12) sets a goal of holding at least two years of projected CalPERS cost increases in a General Fund designation. The Recommended Budget includes pulling \$3,080,730 from the designation, leaving the next three years in projected CalPERS General Fund cost increases, per the June 2023 CalPERS Actuarial Reports.

General Fund – General Revenues & Other Operations

RECOMMENDED BUDGET • FY 2024-25

Community Funding Requests

The Recommended Budget does not include funding for Community Funding Requests. On April 10, 2024, with Legistar item 24-0679, the Board directed a one-year Holiday on the Community Funding Program to free up General Fund for other uses.

SUPERIOR COURT MAINTENANCE OF EFFORT (MOE)

Court Facilities

Appropriations for court facilities are provided in compliance with statutory requirements that the County pay for the operation and maintenance of court facilities. This budget provides funding for the County Facility Payment (CFP) under AB 1491.

AB 1491 (formerly SB 1732), the State Trial Court Facilities Act, required the County to transfer Court-occupied facilities and properties to the State either by title or responsibility. The County completed the transfer of Court facilities in November 2008, with the transfer becoming effective January 2, 2009. Upon transfer of the facilities and properties, an annual CFP was established requiring the County to sustain a level of financial support for the ongoing maintenance and utilities of the State’s court facilities.

Superior Court Maintenance of Effort

The Court Maintenance of Effort budget reflects the County’s share of fines and forfeitures levied during Court proceedings, some of which are collected and distributed by the State Superior Court, El Dorado County branch. The Court MOE budget unit also includes appropriations for the County’s payment of the mandated revenue “maintenance of effort” for the ongoing support of the State Superior Court. Appropriations for local Court operations are not reflected in the County Budget since the Court is now a part of the State system. The State’s appropriations to the local courts Statewide are determined by the State Judicial Council based upon recommendations from the State Administrative Office of Courts.

Human Resources & Risk Management

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

Human Resources

The budget for the Human Resources Division is recommended at \$3,054,415, which is an increase of \$132,634 (4.5%) when compared to the FY 2023-24 Adopted Budget. The increased costs are related to salary and benefit-related cost increases, recruitment-related increases, and increased Civil Service Commission-related costs. The Human Resources Division is entirely funded by the General Fund.

Risk Management

The budget for the Risk Management Division is recommended at \$71,087,203, which is an increase of \$1,484,894 (2.1%) when compared to the FY 2023-24 Adopted Budget. The Risk Management budget is funded entirely through charges to other departments and there is no direct General Fund contribution.

El Dorado County self-insures its General Liability and Workers' Compensation Programs. To maintain the General Liability and Workers' Compensation Funds, annual actuarial studies are conducted to determine program funding confidence levels.

(\$316,460) Decrease in use of Contingency in the Liability Program, based on actuarial recommendations and budget needs.

MISSION

The mission of the Department of Human Resources is to promote the power of public service by fostering a positive, productive, and collaborative workplace where all employees are qualified, empowered, respected, and valued. The vision of the Department, as an employer of choice, is to maximize individual and organizational success through strategic partnerships and collaboration by implementing and supporting programs, processes, and services that add value to both the County of El Dorado's employees and the community.

PROGRAM SUMMARIES

The Department of Human Resources manages and administers a variety of programs and services that are comprised of three primary divisions: Talent Acquisitions and Services; Risk and Safety Management Services; and Labor Relations, Employee Relations, Benefits, and Leave Management Services.

Talent Acquisition and Services

Recruitment and Selection

Effectively recruits and identifies applicants with the qualifications and characteristics needed for each job; maximizes reasonable competition, ensures compliance with the County's Personnel Rules as well as federal and state laws; and contributes to the overall effectiveness of County services and operations. This is accomplished by conducting recruitments and administering selection activities for County classifications, which include advertising, targeted outreach, participation in job fairs, and development and administration of various employment exams. Successful candidates are placed on a certified employment list utilizing the results of the recruitment and selection processes, and then Department of Human Resources staff coordinate pre-employment medical examinations for selected candidates.

Human Resources & Risk Management

RECOMMENDED BUDGET • FY 2024-25

Classification and Compensation

The Department of Human Resources administers the County's Classification Plan by developing and updating County classification specifications, reviewing positions for possible reclassification, and collaborating with County departments on the structure of their respective departments. In addition, the Department of Human Resources administers the Salary Schedule by collecting salary and benefits information and recommending to the Board of Supervisors new and revised salaries for County classifications. Additionally, the department interprets and corrects the implementation of wage and hour requirements mandated by the Fair Labor Standards Act and labor contracts.

Training and Organizational Development

The Department of Human Resources develops, coordinates, and administers countywide training with the goal of employee and organizational development by providing or managing skills-based training programs and employee development services. Further, the Department administers internship programs and conducts new employee orientation sessions for new hires.

Labor Relations, Employee Relations, Benefit, and Leave Management Services

Employee Relations and Labor Relations

The Department of Human Resources promotes and achieves collaboration through the development of harmonious relationships with labor organizations and oversees all bargaining unit modifications. Under the Meyers-Millias-Brown Act, the Department of Human Resources is also responsible for preparing and conducting labor negotiations; interpreting Memoranda of Understanding and policy provisions; investigating, advising on, and hearing grievance and disciplinary appeals; and administering employee relations statutes, ordinances, and policies. The Department utilizes the services of a third-party administrator on an "as needed" basis to provide legal advice, serve as a chief negotiator, and provide County representation in employment and labor relation matters.

Employee Benefits

The Department of Human Resources manages employee benefits contracts and administers employee benefits programs including employee and retiree health and dental plans; employee assistance program (EAP); life insurance; flexible spending arrangements (FSA), including health care and dependent care reimbursement accounts (HCRA and DCRA); health savings accounts (HSA); Internal Revenue Service Section 125 Cafeteria Plan Consolidated Omnibus Reconciliation Act; disability management leaves; and deferred compensation (Internal Revenue Code Section 457). Benefits are delivered through a number of contracts establishing and administering both fully insured and self-insured health plans.

Performance Management

Provides consultative advice and assistance to supervisors and managers on employee relations and performance management matters, monitors the completion of employee performance evaluations, and reviews performance evaluations for completeness and clarity where appropriate.

Risk and Safety Management Services

Liability Program

Liability management focuses on identifying and correcting the County's exposure to accidental losses, analyzing the risk factors associated with those losses, identifying trends in losses, and managing their

Human Resources & Risk Management

reduction. This program also coordinates the procurement of County insurance such as excess insurance, airport liability, medical malpractice, property, and other types of risk transfer. Program elements include insurance, risk transfer, fitness-for-duty exams, ergonomics, employee safety, and violence prevention. The Liability Program, that includes Loss Control and Operations Support, is funded by revenues from cost-applied charges to County departments.

The Loss Control program focuses on identifying and correcting the County’s exposure to accidental losses, analyzing the risk factors associated with those losses, and the development of programs to prevent or reduce losses to both County employees and assets. Program elements include employee safety, Injury and Illness Prevention Program (IIPP), and attention to workplace violence prevention and other critical incidents.

Risk Management reviews all County contracts to ensure regulations are followed and that risks are transferred to the extent possible in protecting the County’s interests. This includes reviewing indemnification language and ensuring that appropriate insurance is provided at appropriate levels for the respective contract scope of services.

Workers’ Compensation and Medical Leave Management

This program includes the administration of all employee disability management programs, such as early return to work as promoted through a modified work program, reasonable accommodation in accordance with the Americans with Disabilities Act (ADA), and coordination with employees on medical leaves and their respective department supervisors and managers. The Medical Leave Management Program is funded by revenues from cost applied charges to County departments.

Leave Management

This program includes the administration of all employee-protected leaves such as Family Medical Leave Act (FMLA), California Family Rights Act (CFRA), Pregnant Disability Leave (PDL), Military Leave Act, etc.

STAFFING TREND

On November 17, 2020, with Legistar item 20-1553, the Board approved the addition of a Limited-Term Risk Manager due to the military deployment of the County’s Risk Manager. The Limited-Term Risk Manager allocation is a four-year position and will end during FY 2024-25.

The Recommended Budget does not change the allocations with a total of 25 full-time equivalent positions in the FY 2024-25 Recommended Budget.

Human Resources & Risk Management

RECOMMENDED BUDGET • FY 2024-25

One vacant Sr. Risk Analyst was alternately filled during FY 2023-24 with a Risk Analyst I/II due to ongoing needs primarily related to COVID-19 and other projects. The Recommended Budget revises the allocation to match the current classification of the allocation.

SOURCES & USES OF FUNDS

The Human Resources Division is primarily funded with discretionary General Fund revenues. These revenues are collected in Department 15 – General Fund Other Operations. A portion of the costs for Human Resources is recovered from other County departments through the Countywide Cost Allocation Plan. This reimbursement to the General Fund is shown in Department 15 – General Fund Other Operations.

The Risk Management Division operates as an Internal Service Fund and must balance revenues to expenditures within the Risk Management fund. All costs for the Risk Management Fund are recouped from County departments through charges, with some cost sharing by employees/retirees, based on the relative use of these programs. The Interfund Risk Management account represents the total of all charges made to County departments for services provided by Risk Management programs.

Information Technologies

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The budget for Information Technologies (IT) is recommended at \$14,268,612, which is an increase of \$333,994 (2.4%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 100% of the funding for the Department, with partial cost recovery in subsequent years through the Countywide Cost Allocation Plan.

The IT budget fluctuates based on the projects and initiatives undertaken by the department in any given year. Major changes to the budget can be attributed to the movement of the countywide Granicus Website and GovQA contracts into the IT Department from other departments (\$118,600), continued implementation of the countywide Device Replacement Program (\$108,350), and implementation of a new timekeeping system (\$72,700).

MAJOR BUDGET CHANGES

Appropriations

Salaries and Benefits

- \$3,216 Increase in Salaries and Benefits due to the reclassification of an IT Supervisor allocation to a Deputy Director of Information Technologies.
- (\$80,219) Decrease in Salaries and Benefits due to the deletion of a vacant Customer Support Specialist.
- \$140,054 Increase in Salaries and Benefits expenses primarily due to position changes, step increases, and corresponding increases to benefits.
- \$144,750 Increase in CalPERS employer’s contribution, primarily due to increases to the County’s unfunded accrued liability payment.
- (\$59,479) Decrease in Retiree Health Program charges due to a rate holiday to conserve General Fund costs.

Information Technologies

RECOMMENDED BUDGET • FY 2024-25

\$34,645 Increase in Workers' Compensation premium charge.

Services and Supplies

\$177,079 Increase in Maintenance and Software costs primarily related to the movement of the countywide Granicus Website costs and GovQA costs to the IT Department from other County departments, increased network security solutions, and increases to ongoing support costs.

\$108,350 Increase in Equipment primarily due to the second year of the implementation of the Countywide device refresh program. Replacement phones and computers for departments are funded in the Information Technologies Department with partial cost recovery in future years through the Countywide Cost Allocation Plan.

\$72,200 Increase in Professional and Specialized Services primarily due to the implementation of the new timekeeping system.

\$5,994 Increase in General Liability charges.

(\$48,286) Decrease due to adjustments across multiple objects to align the budget to actual costs.

Fixed Assets

(\$166,110) Decrease in Fixed Assets primarily due to the timing of data center and firewall cyclical replacements and a reduction in computer system software costs.

Intrafund Transfers

\$1,800 Increase in Intrafund Transfers to Facilities to align budget with actual costs.

MISSION

The mission of the IT Department is to provide secure, reliable, sustainable, modern, flexible and effective information technology infrastructure to support the business objectives of County departments.

The vision of Information Technologies staff is a commitment to deliver creative, practical solutions and services in support of the current and future technological needs of El Dorado County.

PROGRAM SUMMARIES

Administration

Administration

Provides overall direction and support for all divisions and groups within IT, including financial planning, administrative support, policy development, asset management and implementation, and administration of County technology solutions. This area also performs technology research.

Security Officer

Establishes policies and procedures to ensure the County conforms to state, federal, and local regulations with regard to information security. Develops, promotes, and presents security awareness training and education.

Project Management & Applications

Project Management Office (PMO)

Provides services to manage and control project development, which includes the five stages of project management: Initiate, Plan, Execute, Monitor and Control, and Close-Out. The Project Management Office has formalized IT Governance to ensure the IT department works on the projects offering the most business value to El Dorado County. This function also provides business process analysis, requirements gathering, and risk management.

Application Development

Provides complete life-cycle custom application design, development, support, and maintenance, using a variety of technologies to meet the Department's needs. This includes the design and maintenance of databases and interfaces between custom and vendor applications.

Application Support

Provides support to multiple vendor applications countywide. The team continues to have a significant role in supporting the countywide ERP systems for financial management, payroll processing, timecard entry, human resources management, and the land use system TRAKiT.

EDCGOV (internet) and EDCNET (intranet)

Provides support for the design and maintenance of the Countywide web presence and most departmental websites. This area is responsible for presenting a cohesive, easy-to-use web portal to all County services and information. Standards are maintained that allow easy navigation and content management of pertinent and reliable information for all users and County constituents.

Communications

Telecommunications

Provides installation and support for the Voice Over Internet Protocol (VOIP) phone system, including support for over 2,000 telephones in over 35 locations throughout the County. The unit is responsible for supporting Countywide voicemail services, managing E-fax, and coordinating with vendors who provide local and long-distance services.

Network/Server/Desktop Support

Network Administration

Provides technical support for the County's data network, including network security, support for Wide-Area Network (WAN) and Local Area Networks (LANs), planning and installation of networks,

Information Technologies

RECOMMENDED BUDGET • FY 2024-25

troubleshooting and maintenance of network hardware and software, and coordination with vendors for problem resolution. Manages wireless access points around the County. Works with the telecommunications staff on VOIP implementation. Works with Facilities on IT-related wiring contracts throughout the County. Greater emphasis will be needed as the County moves toward newer technology that will require significantly higher use of network services and support.

Server Administration

Provides technical support for over 300 servers throughout the County, including server security, hardware and software specifications and configurations, application installation and customization, troubleshooting and maintenance, daily backup of County data to offsite storage, County computer and user account administration, and coordination with vendors for problem resolution.

Desktop/PC Support

Provides hardware and software support for approximately 1,800 County employees and over 2,300 devices, including installation, maintenance, upgrades, troubleshooting of problems, problem tracking, and reporting. The Help Desk provides first- and second-level telephone support for server, network, and application-reported problems. Provides support for all mobile devices.

Technology Research

Provides research and analysis to individual County departments regarding hardware, software, and various technologies available to the County for current and future implementation. This function also reviews all technology purchased throughout the County for compliance with established County standards and to ensure procurements are optimized for cost.

STAFFING TREND

Staffing for Information Technologies for FY 2024-25 is recommended at 46 FTEs, which is one less than the FY 2023-24 Adopted Budget. After the adoption of the FY 2023-24 Budget, the Board approved the addition of 1.0 FTE Deputy Director of Information Technologies and the deletion of 1.0 FTE Information Technology Supervisor due to an upward reclassification on February 27, 2024 (Legistar item 24-0330). Before the FY 2023-24 Adopted Budget, the Board, with Legistar item 23-1582, approved the addition Information Technology Analyst I/II - Server Design and Administration allocation with the understanding that the department would delete a Customer Support Specialist I/II allocation with the FY 2024-25 Budget to decrease the impact of the additional position on the General Fund. The Recommended Budget includes the deletion of a vacant IT Customer Support Specialist I/II allocation.

One vacant Information Technology Customer Support Specialist I/II was alternately filled during FY 2023-24 with an Information Technology Telecommunications Analyst I/II due to changing programmatic needs. Also, during FY 2023-24, a vacant IT Analyst III – Server Design and Administration was alternately filled with an IT Supervisor allocation. The Recommended Budget revises the allocation to match the current classification of the allocation.

Information Technologies

RECOMMENDED BUDGET • FY 2024-25

SOURCES & USES OF FUNDS

The Department is fully funded with discretionary General Fund revenues. Partial costs are recovered through the Countywide Cost Allocation Plan, which is administered by the Auditor-Controller's Office. These revenues are collected in Department 15 – General Fund Other Operations.

RECOMMENDED BUDGET

The Recorder-Clerk budget is recommended at \$1,561,857, which is a decrease of \$101,838 (6%) when compared to the FY 2023-24 Adopted Budget.

The General Fund cost for this Department is recommended at (\$44), a net return to the General Fund. Costs in the Recorder-Clerk's Office are substantially offset by Recording Fee revenue, and the Department currently does not require General Fund support.

Appropriations

Salaries and Benefits

- \$19,045 Increase in Salaries and Benefits expenses primarily due to Health Insurance cost increases and employee step increases.
- \$13,867 Increase in CalPERS employer's contribution, primarily due to increases to the County's unfunded accrued liability payment.
- (\$17,456) Decrease in Retiree Health Program charges due to a rate holiday.
- \$24,495 Increase in Workers' Compensation premium charge.

Services and Supplies

- (\$142,289) Decrease in Services and Supplies primarily from a \$147,400 decrease in expenses for the scanning project that the Office is delaying until recordings and revenues increase.

Intrafund Transfers

- \$500 Increase in Intrafund Transfers to the Facilities Division for minor projects to align with projected needs for facilities improvements.

MISSION

The Recorder-Clerk's mission is to serve each person in our community with dignity, respect, transparency and professionalism. The Office's vision is to be leaders (by example) in customer satisfaction, employee knowledge and empowerment, and to serve with honesty and integrity.

The County Recorder accepts records and preserves permanent records for certain legal documents affecting land titles and vital statistics. The County Recorder also creates and maintains a daily index of these documents for reference, research and issuance of certified copies.

The County Clerk issues and registers marriage licenses; accepts and indexes Fictitious Business Name statements; files notary bond certificates, powers of attorney, surety bonds, inventory statements and certain environmental documents; and maintains a list of public rosters. The County Clerk registers Professional Photocopiers, Process Servers, Unlawful Detainer Assistants, and Legal Document Assistants.

PROGRAM SUMMARIES

Recorder

The County Recorder is responsible for the examination, recordation, indexing and image retention of all recorded instruments relating to real property within the County or as required by statute; collection and distribution of real property documentary transfer tax law and filing of vital records (birth, death and marriage), records of survey, parcel maps, subdivision and assessment maps; and it provides certified copies of recorded instruments, maps and vital records upon request.

Clerk

The County Clerk is responsible for the issuance of marriage licenses, performing marriage ceremonies, or authorizing one-time Deputy Commissioners. The Clerk is also responsible for filing and maintenance of Fictitious Business Name Statements and registration of Process Servers, Professional Photocopiers, Legal Documents and Unlawful Detainer Assistants (Government Code 27230 – 27297 and Family Code 400-500 prescribe most of the duties of the Recorder-Clerk).

STAFFING TREND

The Recommended Budget for Recorder-Clerk is 12.0 FTEs. There is no change in allocations proposed with the FY 2024-25 Recommended Budget. There are 12.0 FTEs on the West Slope, and staffing is provided in the South Lake Tahoe office one day per week, based on demand.

SOURCES & USES OF FUNDS

The Recorder-Clerk’s Department is primarily funded by fees and typically has no Net County Cost.

The Recorder-Clerk is responsible for the collection of various fees as outlined below. In FY 2022-23, the following revenue was collected:

- \$2,825,280 Documentary Transfer Tax – collected on the full value of the property being conveyed at a rate of \$1.10 per thousand.
- \$12,512 Children’s Trust Fund – collected on every certified copy of birth records.
- \$43,263 Domestic Violence Trust Fund – collected on every marriage license issued.

The Documentary Transfer Tax is a tax that is levied on the sale of property at the time the transfer documents are recorded. These revenues are collected in Department 15 – General Fund Other Operations.

State law provides for the collection of additional fees through the Recorder-Clerk for certain documents for specified purposes. These revenues are held in Special Revenue Funds and transferred to the department to offset expenditures that are appropriate for reimbursement by those funds. The Recommended Budget for FY 2024-25 reflects the following use of the Special Revenue Funds:

- \$200,000 Micrographics fund to cover a portion of salaries, equipment costs and services associated with the conversion of microfilm documents to digital image. Includes \$50,000 for the fourth year of the Book Restoration and Preservation project.

Recorder-Clerk

RECOMMENDED BUDGET • FY 2024-25

\$288,551	Computer Modernization fund to cover a portion of salaries, services and supplies, software, and maintenance fees.
\$58,000	Electronic Recording Delivery System fund to cover a portion of salaries, the cost of regulation and oversight of electronic decoding by the Attorney General.
\$3,000	Notary fund used for administration of confidential marriages.
\$40,000	Vital Health Statistics fund used to offset the cost of modernization of vital records management.
\$16,500	Social Security Truncation fund used for the document imaging project. As of January 1, 2018, this fee is no longer collected.

RECOMMENDED BUDGET

The Budget is recommended at \$2,690,944 which is a decrease of \$305,728 (10.2%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 86.3% of funding for the Department and is increased by \$68,587 (3%) when compared to the FY 2023-24 Adopted Budget.

The increase in General Fund cost is primarily attributed to the absence of new State grants (\$373,600).

(\$59,826) Decrease in County's share in employee's health insurance primarily due to actual employee benefit elections.

(\$10,344) Decrease in Retiree Health contribution due to a rate holiday to conserve General Fund costs.

Services and Supplies

(\$470,741) Net decrease in Services and Supply costs is primarily attributed to a reduction in awarded grants and one-time expenses incurred during FY 2023-24 for the transition from Building C to the Ponderosa building.

\$55,780 Increases in multiple objects to align with actual costs.

\$35,000 Increase in postage costs to provide notifications/mailings to voters and due to the increased cost of mailing a larger voter information packet on account of many local districts going to an election this election season.

\$29,000 Increase in printing service costs in anticipation of producing a larger voter information pamphlet for the 2024 Presidential General Election.

\$15,965 Increase in computer software licensing fees.

Fixed Assets

(\$42,779) Decrease in fixed asset costs primarily due to one-time computer equipment purchases made in FY 2023-24.

MISSION

The Elections/Registrar of Voters Office provides transparent, fair and nonpartisan election services to all candidates for office and County residents for federal, state, city, and special district elections. The Department is responsible for assuring compliance with federal and state laws related to the Fair Political Practices Commission (FPPC) and voter outreach programs.

PROGRAM SUMMARY

The Registrar of Voters/Elections Department provides election services to all County residents for federal, state, County, city, and special district elections in accordance with the current California Elections Code and the Help America Vote Act (HAVA). The department provides candidate filing services, ballot layout, voter information pamphlet preparation, and Vote by Mail preparation and mailing. The Department validates all signatures on ballots received from voters against original registration and provides all security, trains over 250 precinct officers, and conducts Voter Outreach and registration sign-up to the public. The department also establishes, prepares, and runs vote centers for up to 11 days prior to an election and provides all ballot tabulation and election results reporting as well as election certification.

Registrar of Voters

RECOMMENDED BUDGET • FY 2024-25

Fair Political Practices Commission (FPPC) filing and activity as mandated by the California Secretary of State is provided by the Elections Department. All candidate filings and forms required are also administered.

GIS mapping and updating related to county precincts are also provided by the Elections staff. During each census, the office works to coordinate with the Census Bureau for the collection of all data and input of data to our database. All precinct maps and boundaries are calculated by the office and provided to the public as needed. As the census is completed, the Department’s GIS workload will increase significantly.

The Registrar of Voters/Elections Department has converted to vote centers and is implementing more efficient systems. The department has reorganized to better align with the vote center model.

STAFFING TREND

The proposed staffing allocation for FY 2024-25 is 9.0 FTEs. After the planned retirement of the Registrar of Voters in December 2024, the total allocations will be reduced to 8.0 FTEs, as the additional 1.0 FTE Registrar of Voters added for temporary overlap will be deleted.

SOURCES & USES OF FUNDS

The Department is funded primarily with discretionary General Fund revenues. These revenues are collected in Department 15 – General Fund Other Operations.

Administration Division

This Division is responsible for the oversight set forth in State Law and the County Policies to manage the County's Treasury, Tax Collection and Revenue Recovery. The primary administrative function is to develop and implement policies, procedures, and forms. Other administrative duties include but are not limited to the preparation of the Departmental budget, HR, Payroll, Procurement and Contracts, Facilities and IT Coordination, Public Relations and website enhancements that improve the customer's experience.

Treasury Division

This Division receives and accounts for over one billion dollars in annual deposits and is responsible for the internal controls safeguarding those deposits. Additionally, the Division projects daily liquidity requirements for the County, schools and outside agencies through analysis of current and historical data to ensure sufficient funds are available for cash flow needs. Funds in surplus of daily cash flow needs are prudently invested in accordance with the County Investment Policy in interest-earning instruments until needed.

RECOMMENDED BUDGET • FY 2024-25

Tax Collection Division

This Division’s priorities are to manage the processing, collecting, depositing and accounting of tax receipts while providing exceptional customer service to the public. Other priorities include accounting for defaulted taxes and transfers of delinquent amounts to the defaulted tax rolls. The Tax Collector Division administers both the Transient Occupancy Tax and the Business License Ordinances. Finally, the Tax Collector Division conducts the Annual Public Auction Tax Sale.

Revenue Recovery Division

The Revenue Recovery Division is responsible for the enforcement of Board Policy B-4 Collections – Recovery of Public Funds. This Division works to collect debts owed to some County Departments.

STAFFING TREND

Staffing for the Treasurer-Tax Collector’s Office has remained fairly flat over the last 10 years. For FY 2024-25, the total staff allocation remains at 22.5 FTEs; however, some allocation changes are recommended based on adjustments made in FY 2023-24 to better align allocations with job duties. The following additions and deletions are recommended to bring the personnel allocation in line with current staffing:

SOURCES & USES OF FUNDS

The Treasurer-Tax Collector’s Office is funded through a variety of sources. Charges for services include fees for cash management and investment services, which are paid by outside agencies that bank in the Treasury, as well as a portion of the 5% administration fee for the supplemental tax roll. Revenues are also generated through the sale of business licenses. The Office receives a share of the fees charged for the separate assessment of timeshares. Finally, the Office receives a portion of the Discretionary Transient Occupancy Tax in recognition of costs to manage the collection of these funds. The balance of the Office’s expense is funded with discretionary General Fund revenue.

MISSION

The purpose of the Office of the Alternate Public Defender is to provide legal representation to indigent persons charged with crimes whom the Public Defender's Office is unable to represent due to a conflict of interest or unavailability, in court proceedings in the Superior Court.

PROGRAM SUMMARY

Alternate Public Defender

The Office of the Alternate Public Defender serves as indigent conflict counsel for those cases where either the Judge or the County Public Defender has determined a conflict exists. Conflicts can exist for a number of reasons. Examples include a case where the Public Defender may already be defending a client on a different case or where a client is linked to circumstances in a different client's case. The Alternate Public Defender may also be assigned by Judges to cases where there are multiple defendants or where special circumstances exist such as the death penalty, which requires, by law, a minimum of two attorneys, one of whom would come from the Alternate Public Defender's Office.

The Office was created in March 2021; before that, all services were provided through contracts. The Office currently serves the West and East Slopes with County employees. For the first two years, the Office provided services in the Tahoe Basin through contracts with two attorneys that provided these services for the County in the Basin until September 2023. In February 2023, the Board of Supervisors approved the addition of a Deputy Public Defender to serve clients in the Tahoe area which was filled in FY 2023-24.

STAFFING TREND

The Office of the Alternate Public Defender was established in FY 2021-22 with 5.0 FTEs. The recommended allocation for FY 2024-25 is 6.0 FTEs, with the addition of 1.0 FTE Deputy Public Defender I-IV in South Lake Tahoe in FY 2023-24.

Alternate Public Defender

RECOMMENDED BUDGET • FY 2024-25

SOURCES & USES OF FUNDS

Indigent Defense is a mandated service, funded almost entirely from discretionary General Fund revenue; however, in FY 2024-25, the Alternate Public Defender was provided a share of Public Safety Realignment (\$6,000) through the CCP to be used for training. This budget also includes \$20,000 in funding from the District Attorney/Public Defender Special Revenue Fund to help offset General Fund costs.

District Attorney
RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The District Attorney’s Office Budget is recommended at \$17,805,753, which is an increase of \$1,324,189 (8.0%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 72.8% of the funding for the Department, and total General Fund support is increased by \$1,308,891 (11.2%) when compared to the FY 2023-24 Adopted Budget.

MAJOR BUDGET CHANGES

Revenues

State Revenue

- \$16,188 Increase in State Revenue due to increased Office of Traffic Safety grant funding.
- (\$11,786) Decrease in State Revenue due to decreases in grant funding from the California Office of Emergency Services (CalOES).
- (\$49,770) Decrease in Public Safety Sales Tax revenue due to reduced revenue in FY 2023-24 that will impact FY 2024-25.

Federal Revenue

- (\$186,014) Decrease in Federal Revenues due primarily to the expiration of federal funding for the Sexual Assault Program passed through CalOES.

District Attorney

RECOMMENDED BUDGET • FY 2024-25

Other Financing Sources

\$246,380 Increase in Operating Transfers due to the drawing down of funds for one-time expenses to support the Racial Justice Act (RJA) project (\$150,000), the drawing down of Special Revenue Funds for the portion of the Sexual Assault Program that is no longer funded with federal grant funds (\$53,000), and an increase in funding used for the California Department of Insurance programs and Real Estate program (\$43,380).

Appropriations

Salaries and Benefits

\$509,287 Increase in CalPERS employer's contribution, primarily due to increases to the County's unfunded accrued liability payment.

\$482,001 Increase in Salaries and Benefits expenses primarily due to Board-approved compensation increases and employee step increases.

\$224,710 Increase in Salaries and Benefits due to the addition of 1.0 FTE Limited Term Deputy District Attorney that is partially grant funded and 1.0 FTE Sr. Department Systems Analyst during FY 2023-24.

\$178,118 Increase in Workers' Compensation premium charge.

(\$51,762) Decrease in Salaries and Benefits due to the deletion of 1.0 FTE Limited Term Victim Witness Program Specialist.

(\$86,306) Decrease in Health Insurance costs due to the new methodology of budgeting vacancies with the cost of the Kaiser Family plan based on statistics on enrollment of current employees.

(\$89,220) Decrease in Retiree Health contribution due to a rate holiday to conserve General Fund costs.

Services and Supplies

\$67,306 Increase in Professional and Specialized Services due primarily to costs associated with the Racial Justice Act (RJA) project which are offset with special revenues.

\$58,005 Increase in General Liability insurance premium expense as the Department's share of overall County claims incurred has increased from prior years, increasing their Liability insurance premium expense, and increase in the General Liability premium charges.

\$32,872 Increase in Vehicle Rent & Lease expenses due to increased projections for Fleet mileage charges based on Department of Transportation analysis.

\$32,077 Increase in transportation and travel expenses due to overall increases in cost for hotels, airfare, and fuel.

\$21,351 Increase due to increases in fuel costs.

District Attorney
RECOMMENDED BUDGET • FY 2024-25

\$13,425	Increase in Building Rent & Lease expenses due to established rate increases for the leased buildings on Pacific Street.
\$7,500	Increase in Special Department Expenses based on projected records requests.
(\$4,000)	Decrease in Utilities based on current year actuals.
(\$6,410)	Decrease due to adjustments across multiple objects to align the budget to actual costs.
(\$44,376)	Decrease in Computer Equipment costs due to one-time expenditures completed in FY 2023-24.

Fixed Assets

(\$75,000)	Decrease in Fixed Assets due to no anticipated purchases in FY 2024-25.
------------	-------------------------------------------------------------------------

Other Financing Uses

(\$22,400)	Decrease in Transfers Out to Fleet due to no new vehicles being requested in FY 2024-25.
------------	------------------------------------------------------------------------------------------

Intrafund Abatements

\$76,536	Decrease in Abatements (shown as negative expenses) due to a reduction in competitive grant funding for the HHSA Elder Abuse program.

MISSION

The District Attorney's Office is dedicated to objectively and effectively investigating and prosecuting matters under the Law while recognizing the dignity of all individuals to achieve justice and minimize trauma to victims.

PROGRAM SUMMARIES

Automobile Insurance Fraud

The El Dorado County District Attorney's Auto Fraud Unit is made up of Deputy District Attorneys and District Attorney Investigators who work closely with the California Department of Insurance, California Department of Motor Vehicles, Insurance Investigators, and the Arson Task Force in the prevention, investigation, and prosecution of various forms of automobile insurance fraud. The Auto Fraud Unit investigates not only the typical auto insurance fraud and perjury cases (where an individual presents a false or fraudulent claim for non-existent injuries or damages) but also complex schemes involving car dealership fraud and conspiracy to defraud multiple customers relating to the sales, transfers, and loan payoffs concerning the purchase of new and used vehicles. This program is funded on an annual basis through a grant application to the California Department of Insurance.

District Attorney

RECOMMENDED BUDGET • FY 2024-25

Core Prosecution

Alcohol and Drug Impaired Vertical Prosecution Program

This program is made up of a specialized team of one Deputy District Attorney, one part-time District Attorney Investigator, and a contracted crime scene reconstruction expert who work closely together to prosecute alcohol and drug-impaired driving cases.

A portion of this program is funded through an Office of Traffic Safety grant, which is applied for and awarded on an annual basis.

Core Prosecution

The main functions of this unit are to prosecute adult and juvenile offenders for criminal offenses, evaluate law enforcement reports and documents, assist in search warrant preparation, prepare and file legal briefs and memoranda relating to prosecution activities and appeals, conduct original and supplemental investigation of cases, and prepare for and conduct trials, post-trial and sentencing hearings, and appeals.

Multi-Disciplinary Interview Center (MDIC) aka The Fausel House Child Advocacy Center

The User Agencies comprised of the Sheriff's Office, Placerville Police Department, Health & Human Services Agency, and District Attorney's Office work together toward the mutual goal of facilitating the investigation of child abuse cases in order to minimize the trauma to child victims and their families residing in the western portion of El Dorado County and to maximize the effectiveness of criminal prosecution.

Funding for the Child Advocacy Center program is received through the California Governor's Office of Emergency Services. This grant is applied for and awarded on an annual basis.

Child Abuse Treatment

The specialized Investigator coordinates and conducts interviews of children involved in child abuse cases. This employee is also a vital part of the MDIC as well as assisting with victim coordination on major felony cases.

During FY 2020-21, a new funding source was procured to extend services for the Child Abuse Treatment Program. The program now includes contracted psychotherapy services for children who have experienced abuse, as well as services for their families on how to cope with the trauma. Grant funds are received through the California Office of Emergency Services and applied for on an annual basis.

Elder Abuse Prosecution

Deputy District Attorneys and Investigators work with the Sheriff's Office, Adult Protective Services, and Senior Legal Services to investigate and prosecute Elder Abuse Cases.

SB 90

As required by law, the District Attorney's Office is mandated by the State of California to appear on behalf of the District Attorney's Office for cases where defendants were convicted of a crime and classified as one of the following: Sexually Violent Predator, Mentally Disordered Offender, or Not Guilty By

Reason of Insanity. The Deputy District Attorney appears at recommitment hearings to ensure that the offender is not released back into the community.

Another subset of the SB 90 program is Child Abduction and Recovery. In most instances, these abductions involve a parent who does not have custody of the child(ren) and has taken them out of the county/state. The investigator works with families and law enforcement agencies to recover the child and return them to their legal guardian.

Special Victims Unit - Sexual Assault/Domestic Violence/Violence Against Women

This unit currently covers all of the adult sexual assault, child sexual assault, child pornography, child abuse, and sexual registrant violators for the entire county. This unit also handles all of the domestic violence cases on the Western Slope as well as specialized cases of violence against women.

These cases are vertically prosecuted due to their extremely sensitive nature. Deputy District Attorneys spend a significant amount of time meeting with victims and their families. These cases are all extremely sensitive and involve substantial time outside of the courtroom preparing for trial and conducting follow up investigations. Most of these cases result in prison sentences. Many involve potential life sentences and end up going to trial.

Funding for this program is traditionally received through the California Governor's Office of Emergency Services, however, federal funding for this grant will no longer be administered after the grant cycle ending September 30, 2024. The remaining expenditures for FY 2024-25 are recommended to be funded by District Attorney Special Revenue Funds due to the effectiveness of the program and the significant victim-based services it provides.

Welfare Fraud

Deputy District Attorneys and Investigators work with the Health & Human Services Agency to pursue the prevention, detection, investigation, and prosecution of fraud perpetrated in the course of public assistance benefit issuance.

Funding for this program is reviewed on an annual basis.

Cold Case Homicides

Currently, there are approximately 60 cold case homicides in El Dorado County. In addition, there are approximately 50 missing person cases and 7 sets of unidentified human remains that need to be subjected to DNA testing and Genetic Genealogy testing to see if they can be identified. Approximately 75% of the cold case homicides are from the Sheriff's Office jurisdiction and 25% are from the City of South Lake Tahoe. The vast majority of these cases are from the 1970s–1990s. These figures do not include cold sexual assault cases.

One of the unique characteristics of cold homicide cases is that often the killer is a serial killer. In many cases, there is evidence to indicate that the defendant(s) were responsible for other deaths that were never prosecuted. Due to increased technology in DNA testing, the potential of bringing the killers to justice is now a possibility.

RECOMMENDED BUDGET • FY 2024-25

Environmental Crimes

This unit provides the investigation and prosecution of environmental cases. The El Dorado County District Attorney's Environmental Unit is made up of Deputy District Attorneys and District Attorney Investigators who work closely with various California and County Agencies, including El Dorado County Environmental Management, Code Enforcement, and Department of Transportation; California Department of Fish & Game; California Air Resources Board; California Attorney General's Office; California District Attorneys Association; State Water Resources Control Board; Lahontan Regional Water Quality Control Board, California Department of Forestry, as well as statewide cases with various other District Attorney's Offices. This unit is responsible for the review and filing of environmental cases throughout El Dorado County. This unit investigates various forms of environmental crimes, including Hazardous Waste & Underground Storage Tank (UST) violations, Hazardous Material Business Plan violations (which put our first responders at risk of hazardous waste exposure), and illegal/improper release of deleterious materials to state waters and rivers in El Dorado County. Moreover, the unit files both criminal and civil complaints against individuals and businesses who are committing violations of various environmental protection statutes, including civil Business and Professions Code section 17200 cases concerning unlawful business practices.

Funding for this program is achieved through the use of defendant judgments that are deposited into a trust fund. These funds are ongoing as cases are prosecuted on an annual basis. The total amount of judgments can vary depending on the caseload within the fiscal year.

Proposition 64

The El Dorado County District Attorney's Consumer Fraud Unit is made up of Deputy District Attorneys and District Attorney Investigators who work closely with various California and County Agencies including Amador, Sacramento, and Yolo County District Attorney's Offices, the California Department of Corporations, California Department of Motor Vehicles, California Department of Weights & Measures, California Department of Forestry, California Department of Home Furnishings, California Bureau of Automotive Repair, and the El Dorado County Code Enforcement and Department of Agriculture, in the investigation and prosecution of various forms of consumer fraud and unlawful business practices. Further, this unit is involved with the review and handling of District Attorney Fraud Hotline and Consumer Fraud Complaints, as well as community outreach and fraud alerts concerning current fraud schemes and tactics. This unit investigates unlawful business practices in various forms, including cases against companies that have been short-selling underweight products for years, and businesses that have been defrauding customers through false advertising and mislabeling of products. Moreover, the unit files both criminal and civil complaints against individuals and businesses who are committing violations of various consumer protection statutes – including civil Business and Professions Code section 17200 cases concerning unlawful business practices. This program is funded through the use of funds collected from defendant judgments.

Real Estate Fraud

This unit provides the investigation and prosecution of Real Estate Fraud. The funding for Real Estate Fraud is ongoing. Historically, as the real estate instruments specified under GC 27388 are recorded, a \$2.00 fee is assessed, with 90% of the fee being deposited into a Special Revenue Account for use by the District Attorney's office for the investigation and prosecution of Real Estate Fraud. Following FY 2021-22, the Real Estate Fraud Committee approved the suspension of the recording fee for a period of three years based on the health of the Real Estate Fraud Prosecution Fund balance.

Victim Witness Assistance

The Victim Witness Assistance program serves as a resource for crime victims. The advocates funded under this grant are required to provide the following services: crisis intervention, emergency assistance, resource referral and assistance, direct counseling and therapy, claim assistance, property return, orientation, court escort, case status/disposition, and notification of family and friends.

Funding is received through the California Governor’s Office of Emergency Services. This grant is applied for and awarded on an annual basis.

Workers’ Compensation Insurance Fraud

The El Dorado County Workers’ Compensation Unit provides the investigation and prosecution of Workers’ Compensation Insurance Fraud in El Dorado County. This includes claimant, premium, uninsured employer, and medical provider fraud. Claimant fraud includes employees making false or exaggerated claims. Premium fraud occurs when employers misstate the type of work and/or work experience of their employees in order to pay a lower premium. Uninsured employers are those who don’t protect their employees by failing to obtain required workers’ compensation coverage. Medical provider fraud can occur when medical professionals bill for services not rendered, misrepresent the service provided, or bill for unnecessary services. This program is funded on an annual basis through a grant application to the California Department of Insurance.

STAFFING TREND

Staffing for the District Attorney’s Office has remained fairly stable over the last decade. The recommended staff allocation for FY 2024-25 is 70 FTEs, which is the same as the FY 2023-24 Adopted Budget personnel allocation. After the adoption of the FY 2023-24 Budget, the Board approved the addition of 1.0 Deputy District Attorney I-IV, Limited Term and 1.0 FTE Sr. Department Systems Analyst on February 27, 2024 (Legistar #24-0292). 2.0 FTE Victim Witness Program Specialists (1.0 FTE is Limited Term) are being deleted with the FY 2024-25 Recommended Budget. The Limited Term allocation is being deleted due to the termination of funding and the Permanent allocation is being deleted due to it being unfunded in a prior year, but the allocation was never deleted.

Two vacant Sr. Office Assistants were alternately filled during FY 2023-24 with Legal Secretaries due to changing programmatic needs. Also, one vacant Sr. Paralegal was alternately filled during FY 2023-24 with a Paralegal I/II due to difficulties in recruiting the senior allocation. Finally, one vacant Sr. Victim/Witness Program Specialist was alternately filled during FY 2023-24 with a Victim/Witness Program Coordinator due to changing programmatic needs. The Recommended Budget revises the allocations to match the current classification of the allocations.

RECOMMENDED BUDGET • FY 2024-25

SOURCES & USES OF FUNDS

The District Attorney's Office is primarily funded through discretionary General Fund revenue; however, several State and Federal grants provide funding for various programs within the office. The Office also receives a portion of the Public Safety Sales Tax (\$1,630,713), and revenue transfers-in from special revenue funds for Workers' Compensation Fraud, Automobile Fraud, Real Estate Fraud, and Environmental Crimes programs (\$1,119,885). The Department is drawing down \$6,000 in Public Safety Realignment funds.

RECOMMENDED BUDGET

This Budget is recommended at \$60,000, with no change in appropriations or Net County Cost from FY 2023-24.

MISSION

Grand Juries are appointed by the local State Superior Court of California and serve as investigative bodies. Civil grand juries are empowered to inquire into alleged criminal acts within the County; examine fiscal and management practices in County government, departments, cities, and special districts; and investigate allegations of misconduct of any public office or officer within the County. If the evidence warrants, the Jury files formal charges.

PROGRAM SUMMARY

The Grand Jury budget reflects those costs which may be incurred by the Civil Grand Jury members for their activities, as authorized by the California Penal Code and the local Superior Court. The Grand Jury is impaneled by the Superior Court and reports to the Court. Per Penal Code Section 931, the County General Fund shall pay all expenses for Grand Jurors incurred in the investigation of County, City, and District Affairs.

SOURCES & USES OF FUNDS

The Grand Jury is entirely funded with discretionary General Fund revenue. These revenues are collected in Department 15 – General Fund Other Operations. Funds are used mainly to pay for juror per diem and mileage costs, and the costs of operating the office.

RECOMMENDED BUDGET

The Probation Department budget is recommended at \$26,841,277, which is an increase of \$3,310,069 (14.1%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 56.1% of the funding for the department, and total General Fund Support is increased by \$1,628,663 (12.1%) when compared to the FY 2023-24 Adopted Budget.

The bulk of the net increase for the department is in Salaries and Benefits. The appropriations increase is mostly related to the Board-approved salary increases, increases in Workers’ Compensation and Health premiums, and increases for the County’s CalPERS unfunded accrued liability payment.

The Probation Department requested \$159,350 in additional General Fund support for supplemental budget requests primarily for the addition of a Canine Program, a new Case Management System, and building modifications and improvements for the South Lake Tahoe Field Office. These projects were deferred for this fiscal year due to budget pressures for General Fund resources.

MISSION

The mission of the Probation Department is to provide public safety through collaborative partnerships and innovative practices in corrections, with accountability and compassion.

The vision of the Probation Department is Safe Communities through Changed Lives.

The Probation Department believes its well-trained, dedicated, and compassionate employees are the department's most valuable asset. The department is committed to respecting human rights and diversity, fostering transparency through accountability and communication, and providing exemplary service by leading with integrity, humility, honesty, and equality.

PROGRAM SUMMARIES

Administration and Fiscal

The Administration, Fiscal, & Human Resources Division organizes, directs, and supports the daily operations of the Probation Department by overseeing the development, implementation, and monitoring of the annual budget, grant management, contracts administration, Legistar, payroll, accounts

payable/receivable, training, and travel. Members of this division provide experienced and collaborative service to team members and the community we serve while representing the Department with professionalism, accountability, and compassion.

Operations Support

The Operations Support Division provides comprehensive program support and development to the entire Department. The Division leads the advancement and preservation of policy, procedure, and evidence-based and best practices for all Department training and program development. The Division also provides central Department services such as information technologies, developing internal software, information support services, data research, analytics, and reporting functions. In addition, the Division supports, administers and organizes the Community Corrections Partnership.

Adult Probation Services

Adult Probation Services are focused in several areas including Pretrial Services, Adult Court Services, Field Supervision, Electronic Monitoring, Community Corrections Center services, Vocational Job Services, a Transitional Living Program, and Victim Services. The goal of the Adult Services Division is to be effective in our efforts to reduce recidivism for Justice-Involved Individuals through evidence-based decision-making by understanding each individual's risk and needs, and by how an officer responds. Assessments are used to guide supervision decision-making along several dimensions with the goal of strategic use of our community resources, which requires appropriate matching of treatment to the level of the criminogenic need. Risk level for each individual determines the intensity and frequency of supervision by an officer. Specialized caseloads are also in place for sex offenses, DUI, Military Veterans, Domestic Violence, and individuals with behavioral health challenges.

Youth and Family Probation Services

Under the Youth and Family Probation Services Division, officers are responsible for countywide community supervision of the youth who are under a term of probation supervision, utilizing risk and needs assessments to determine criminogenic needs, resulting in an individually based service plan unique to each youth. Officers in this division coordinate intake services (prevention and diversion) for youth as well as delivery of family-based services. Juvenile Court Officers represent the department in all juvenile hearings and complete investigations and recommendation reports to the Superior Court, based on the needs of the youth and community safety with victim input. Supervision of youth is guided by risk level and includes enforcement of court orders, referrals to counseling and may include electronic monitoring, community service, and victim restoration. Specialized juvenile caseloads consist of Dual Status Youth (DSY) and Placement/Foster Care, where collaboration with partner agencies (Child Welfare, Behavioral Health, and Education) and Child & Family Team meetings promote the youth's strengths and goals in service plan development and rehabilitation efforts.

Juvenile Treatment Center

The South Lake Tahoe Juvenile Treatment Center is a 40-bed, medium-security juvenile detention facility where youth await adjudication of cases for delinquent acts and engage in court-ordered programs and interventions to promote rehabilitation and public safety. The Juvenile Treatment Center provides mandated services and treatment programs to incarcerated youth, supporting provisions of five court-ordered disposition programs: Chances, a short-term transition commitment to establish stabilizing and treatment services for the youth out of custody before release (for up to 30 days), Choices (for up to 90 days), Changes (for up to 180 days), Challenge, a camp commitment for moderate to high-risk youth (for up to 240 days), and Cedar Secure Track for youth who qualify under Welfare and Institutions Code 208.5.

Probation

RECOMMENDED BUDGET • FY 2024-25

Youth are assessed for risk and need and provided treatment interventions in each program to address their top criminogenic needs and acute needs. All facilities within the State must comply with State Title 15 and Title 24 regulations covering staffing ratios (staff-to-juvenile), care and custody programming, housing conditions, facility maintenance, medical services, education services, treatment services, and safe transportation to services outside of the facility.

STAFFING TREND

For FY 2024-25, the recommended staff allocation is 124.0 FTEs. After the adoption of the FY 2023-24 Budget, the Board approved 2.0 FTE Assistant Deputy Chief Probation Officers on January 23, 2024 (Legistar #24-0092). This Board item also indicated that a 1.0 FTE Superintendent would be deleted once vacant based on the reorganization. The 1.0 FTE Superintendent is currently vacant and will be deleted in the Recommended Budget. Probation is also adding a 1.0 FTE Health Educator that will be funded with Opioid Settlement Funds to assist with reducing the effects of the opioid crisis in Adult Probation.

During FY 2023-24, 4.0 FTE vacant Sr. Deputy Probation Officer (B) allocations were alternately filled with 4.0 FTE Deputy Probation Officer I/II/III (A) allocations and 3.0 FTE vacant Deputy Probation Officer Supervisor (B) allocations were alternately filled with 3.0 FTE Deputy Probation Officer Supervisor (A) allocations due to the addition of the new classifications in FY 2022-23. The Recommended Budget revises the allocation to match the current classification of the allocation. The Deputy Probation Officer I/II/III (A) was created to transition the current Deputy Probation Officer I/II (B), Deputy Probation Officer I/II – Institutions, Sr. Deputy Probation Officer, and Sr. Deputy Probation Officer – Institutions allocations into one flexibly staffed classification that allows the movement of staff between fieldwork and institutions as needed by the department. The Deputy Probation Officer Supervisor (A) was created to transition the Deputy Probation Officer Supervisor (B) to the new classification series in order to provide the same flexibility discussed above for the department.

SOURCES & USES OF FUNDS

The department is mainly supported by discretionary General Fund tax revenue; however, the department also receives a share of the Public Safety Augmentation Fund (Proposition 172) Sales Tax (\$1,956,856), funding from the State for juvenile probation services (\$577,949), adult probation services (\$339,039), and funding from the State for Corrections training (\$54,984).

Probation received a federal grant award in the amount of \$106,770 for the Juvenile Justice Emergency Planning Demonstration Program. The department also receives Federal funding for juvenile probation services (\$120,000).

The Probation Department’s budgeted use of Public Safety Realignment funds is \$3,961,880 in FY 2024-25. This includes the full recovery of the Office’s overhead costs at \$469,682.

Transfers from special revenue funds include \$16,000 from Criminal Fee Backfill funds; \$17,145 from the Automation Trust; \$25,422 from 2011 Realignment; \$28,843 from the Corrections Performance Innovation fund; \$192,812 from Opioid Settlement Funds; \$304,209 from the Community Corrections Performance Incentives Fund; \$394,642 from the Enhancing Law Enforcement Activities Subaccount funds; \$1,192,388 from the Youthful Offender Block Grant Fund; \$1,221,440 from the Juvenile Justice Crime Prevention Act funds; \$365,000 from the SB 823 Block Grant Fund; and \$671,863 in Part B funding from SB823. The SB 823 Block Grant and Part B funding allocations are to assist Counties in programming and facility modifications to provide services to youth realigned to their home county with the closure of the State’s Division of Juvenile Justice Facilities.

MISSION

The mission of the Public Defender is to provide legal representation for people appointed by the courts who are either charged with criminal offenses or who need legal representation in certain civil matters, who cannot afford to hire private counsel, yet their liberty interests are at stake. The Public Defender's Office provides quality legal services in a compassionate and professional manner, providing constitutional balance to the El Dorado County legal system.

PROGRAM SUMMARY

The functions of the Public Defender's Office are defined by United States law, California state law, and the County Charter. The Public Defender provides wide-ranging legal representation, including investigative services, to people appointed by the courts who cannot afford a private attorney. This includes adults and juveniles charged with criminal offenses, people who require conservatorship when they can't care for themselves due to a mental illness or dementia and/or can't manage their financial affairs, persons who are involuntarily held in a psychiatric facility and/or who are involuntarily medicated, persons who are facing contempt of court cases (family court and civil court cases), and the department will represent those persons in CARE Court, which begins in December 2024. The department is a partner in several specialty courts, such as Veterans' Court, Mental Health Diversion Court, Behavioral Health Court, and

the Family Wellness Court with the Shingle Springs Band of Miwok Indians. The department also participates in standing committees, such as the Community Corrections Partnership (CCP). Clients of the department include:

- Adults accused of felonies or misdemeanors who cannot afford private counsel, including both new cases and violations of probation (VOP), and those requiring mandatory community supervision (MCS) or post-release community supervision (PRCS);
- Juveniles accused of felonies or misdemeanors, including both new cases and VOP;
- Lanterman-Petris-Short (LPS) conservatees (mentally ill persons who are gravely disabled) on petitions to establish or re-establish conservatorship, on petitions for involuntary psychotropic medication, and on writs for involuntary psychiatric hospitalization;
- Probate conservatees and Limited Probate Conservatees (seniors and developmentally delayed persons who are unable to care for themselves) on petitions to establish the initial conservatorship and/or on petitions to renew the conservatorship, including legal work protecting their monies and investments from fraud and undue influence and including jury trials and court trials
- Persons who are facing involuntary psychiatric hospitalizations and persons facing involuntary psychotropic medication, including writ proceedings.
- Clients in specialty courts, such as Veterans' Court, Mental Health Diversion Court, Behavioral Health Court, and Family Wellness Court, when accepted into those programs as part of the overall justice mandate to reduce recidivism and facilitate re-entry into the community.
- Persons who are facing contempt of court charges brought by private attorneys and/or private persons in Family Law Court or other civil matters, when liberty interests are at stake, including contested hearings and trials.
- Persons who are referred to CARE Court, a new initiative from the State of California, to help manage the crisis of mental illness in our communities.

STAFFING TREND

Staffing for the Public Defender's Office has changed little over the last ten years. The recommended staff allocation for FY 2024-25 is 29.5 FTEs, which includes the addition of 1.0 FTE Investigator I/II (Public Defender) and 1.0 FTE Paralegal I/II and the deletion of 2.0 FTE Deputy Public Defender I/II – Limited Term and 1.0 FTE Program Assistant – Limited Term.

Public Defender

RECOMMENDED BUDGET • FY 2024-25

SOURCES & USES OF FUNDS

The department is primarily funded with discretionary General Fund revenue; however, the department does receive a share of the Public Safety sales tax (\$489,214), as well as funding from Public Safety Realignment (\$6,000). The Public Safety Realignment funding will be used for staff training. This budget also includes grant funding from the BSCC for the Public Defense Pilot Program (\$126,754), grant revenue from the Edward Byrne JAG Program (\$220,000), AB 143 Criminal Backfill funding (\$238,790), and Public Defender Sub Account funding (\$104,031).

RECOMMENDED BUDGET

The Sheriff’s Office General Fund budget is recommended at \$106,642,337, which is a decrease of \$18,663,387 (14.9%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 75.9% of the funding for the Department, and total General Fund support is increased by \$9,680,951 (13.6%) when compared to the FY 2023-24 Adopted Budget.

The Sheriff’s Office Inmate Welfare Fund (Commissary) budget is recommended at \$1,725,000, which is a decrease of \$519,720 (23.2%) when compared to the FY 2023-24 Adopted Budget. The Commissary budget is funded entirely from commissions received on Commissary and phone card purchases by inmates.

insurance premium expense, and an overall increase in General Liability premium charges.

(\$824,483) Decrease in Services and Supplies to better align budget to historical actuals and to reduce expenses to help offset the large increase in jail medical costs.

Other Charges

(\$16,500) Decrease in Other Charges due to a decrease in transfers to other governmental agencies for Homeland Security Grant expenditures.

Fixed Assets

(\$3,975,000) Decrease in Fixed Assets due to various Fixed Asset purchases, including the helicopter, completed in FY 2023-24 and fewer requests for Fixed Assets.

Other Financing Uses

(\$555,000) Decrease in Fleet Transfers Out due to a reduction in vehicles needed in FY 2024-25 based on vehicles acquired in FY 2023-24.

(\$981,375) Decrease in Operating Transfers Out due to the completion of multiple Facilities projects in FY 2023-24 (\$131,375), the removal of a South Lake Tahoe parking structure project due to budget constraints (\$600,000), and the removal of a project for the Placerville Jail in Booking (\$250,000).

(\$25,000,000) Decrease in SB 844 expenses for Adult Local Criminal Justice Facilities Construction for the Placerville Jail expansion due to the move of the project to the ACO fund along with the revenue associated with it.

Intrafund Transfers

\$51,800 Increase in Building Maintenance Transfers Out due to increased building maintenance projects at Sheriff's Office facilities.

\$26,000 Increase in Transfers Out based on increased Homeland Security Grant allocations to other County departments.

Intrafund Abatement

(\$10,000) Increase in Abatements (shown as a negative expense) due to an increase in reimbursement from HHSA to the Sheriff's Office for the cost of a Sheriff's Security Officer I/II for building security at Briw Road.

\$1,500 Decrease in Radio Abatements from other County departments based on historical actuals.

\$6,956 Decrease in Abatements due to the use of Sacramento-Placerville Transportation Corridor (SPTC) grant funds in FY 2023-24, lowering the grant amount available in FY 2024-25.

\$15,000 Decrease in Discretionary Transient Occupancy Tax (DTOT) allocated to the Sheriff's Office.

MISSION

The mission of the El Dorado County Sheriff's Office is to uphold the law through the investigation and enforcement of criminal and civil law, to provide leadership and law enforcement support to allied law enforcement agencies, to deliver consistent and humane treatment to those placed in our care and custody, and to perform these responsibilities in a manner that is responsive to the needs of our community and faithful to the Constitution of the United States and the Constitution of the State of California.

The vision of the Sheriff's Office is a modern approach to traditional law enforcement values, total enforcement on crime and criminals, and total care for victims, witnesses, and the community with professionalism through training and by example.

PROGRAM SUMMARIES

Administration

Sheriff's Administration is responsible for the overall management of the Sheriff's Office and includes the office of the Sheriff, Undersheriff, Captains, Chief Fiscal Officer, and the Sheriff's Executive Assistant. Also included within Administration is the Sheriff's Fiscal Division, which is responsible for grant administration, accounting, budgeting, payroll, purchasing, legislative analysis, and contract administration, and is the County CalOES/FEMA Reimbursement liaison.

Custody and Bailiff

The Custody Division is responsible for the operation of the County's two adult custody facilities in Placerville and South Lake Tahoe. The Custody Division offers work programs, warrant services, transportation to and supervision of inmates at court proceedings, and movement of inmates to other correctional facilities. The jails also provide a Commissary and contracted medical care for the inmates. Additionally, the Custody Division provides security for the courthouses throughout the County.

Operations

Patrol Services is responsible for countywide law enforcement patrol activities; responding to calls for service; recording crime reports from citizens and handling investigations of crimes; making arrests where there is a violation of local, State, or Federal laws, codes, or ordinances; assisting other agencies during emergencies; and responding to any and all safety needs of the citizens of El Dorado County. Included within the Patrol Services Division are the Crime Scene Investigators and Detective Units that are responsible for countywide investigation of criminal cases, narcotics investigations and follow-up investigation of crimes referred by the Patrol Deputies, cases from the District Attorney and/or Probation Departments, and the coordination of investigations with multi-jurisdictional task forces. Additionally, the Homeless Outreach Team, Interdiction, Unmanned Aerial Systems, Fleet, Bomb Squad, Search & Rescue, SWAT, K-9, Dive Team, Crisis Negotiation Team, Sheriff's Honor Guard, Reserves, Explorers, Office of Emergency Services, Public Information Officer, and the Sheriff's substations come under the Patrol Services Division.

Support Services

Support Services provides the public with employment opportunities, public records and property, the office of the Coroner, civil process, Vehicle Abatement, the Range/Armory, the Radio Shop, and Information Technology support for the Sheriff's Office. Also included within the Support Services Division are the Sheriff's Training section, the Concealed Carry Weapons (CCW) Unit, the Body Worn

STAFFING TREND

The recommended allocation for FY 2024-25 is 402.0 FTE, which is the same as the FY 2023-24 Adopted Budget personnel allocation. After the adoption of the FY 2023-24 Budget, the Board approved the addition of 1.0 FTE Administrative Technician and the deletion of 1.0 FTE Human Resources Technician on December 12, 2023 (Legistar #23-2147).

SOURCES & USES OF FUNDS

The Sheriff’s Office is primarily funded by General Fund discretionary revenues and a share of the Public Safety Augmentation Fund (Proposition 172 of 1993) sales tax. The Office also receives grant funding from the Federal Department of Homeland Security, the State Department of Boating and Waterways, and other governmental agencies. The Sheriff’s Office receives \$500,000 annually as a result of the County’s agreement with the Shingle Springs Band of Miwok Indians.

The Sheriff’s Office also receives revenue from special revenue funds. The FY 2024-25 Recommended Budget includes the use of approximately \$3.5 million in revenues from the State of California Trial Court

Security Account for security services provided to the Superior Court. This amount is currently not sufficient to cover the costs of the Court Security Program. The Sheriff's Office, in collaboration with the Chief Administrative Office, is exploring solutions to fully fund the Program without using County General Fund.

Other uses of special revenue funds include \$800,000 from Rural Counties, \$393,500 from the Supplemental Law Enforcement Services Fund (SLESF), \$315,000 from the California Multi-Jurisdictional Methamphetamine Enforcement Team (Cal-MMET), \$180,000 from Cal-RAN Board, \$175,000 from Custody Services, \$83,000 from Civil Fees and Equipment, \$72,000 from DNA Identification, and \$23,000 from State Asset Forfeiture funds.

The Sheriff's Office budgeted use of Public Safety Realignment funds is approximately \$2.57 million in FY 2024-25. This includes the full recovery of the Office's overhead costs of \$498,186 to reduce General Fund costs due to budget constraints. Beginning in FY 2023-24, the CFMG contract for Jail Medical Services is administered by the Sheriff's Office instead of HHSA. Approximately \$277,000 of the CFMG contract is funded by the Public Safety Realignment program.

The Inmate Welfare fund is budgeted at \$1,725,000, which includes \$892,000 in Services and Supplies for the benefit and educational needs of inmates and the operation of a commissary, and \$833,000 in Appropriation for Contingency.

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

This Budget is recommended at \$2,244,206, which is an increase of \$63,392 (2.9%) when compared to the FY 2023-24 Adopted Budget. The General Fund is providing \$1,030,832, or 45.9% of the funding for the Department and is decreasing by \$48,055 (4.5%) when compared to FY 2023-24 Adopted Budget. This decrease is mostly due to an increase in Unclaimed Gas Tax Revenue.

Fixed Assets

- \$20,000 Increase in Equipment due to a utility truck body bed being carried over from FY 2023-24.

MISSION

The Department of Agriculture, Weights & Measures' mission is to protect, enhance and promote the preservation of agriculture and the environment while sustaining the public health, safety, and welfare of all citizens, and to provide consumer and marketplace protections through the fair and equitable enforcement of laws and regulations in El Dorado and Alpine Counties.

PROGRAM SUMMARIES

Agricultural Commissioner

Agricultural Commission

Created in 1967 by the Board of Supervisors, the seven-member Agricultural Commission acts in an advisory capacity to the Board and the Planning Commission on all matters related to agriculture. The Agricultural Commission's scope of interests includes a wide variety of agricultural, timber and land use issues including agricultural land preservation, agricultural production, forestland preservation, and forest production. The Commission also advises the Board on procedures and techniques requiring legislative or policy actions that would encourage and promote agricultural activities that are conducive to the continued well-being of El Dorado County.

Agriculture Programs

The Department is responsible for numerous mandated programs that promote, protect and enhance various aspects of agricultural activities.

- Pest Exclusion – plant protection and quarantine;
- Pest Detection – early detection of exotic pests using insect detection traps;
- Pest Management-Vegetation Management – There are nine different noxious weed species under eradication throughout the County. Most weed species in El Dorado County are listed as 'A' rated weeds by the State, and are of limited distribution throughout California;
- Glassy-winged Sharpshooter (GWSS) – initiated in 1999 to prevent the introduction of this insect to El Dorado County. The GWSS is known to spread Pierce's Disease, which can devastate vineyard plantings. The pest monitoring program includes inspections of all nursery stock shipped into the

County from known infested areas. Historically, the Department utilizes Extra Help and Limited Term Agricultural Biology Technician employees for Pest Management programs;

- Vertebrate Pest Management – advice on rodent control;
- Integrated Pest Management – emphasizes preventive methods that provide economical, long-term solutions to pest problems;
- Nursery and Seed inspections – protecting customers and growers;
- Apiary Registration & Inspections – Inspections are made to sustain the continued health of the bee industry in California, which directly translates to the successful production of numerous crops;
- Fresh Fruit, Nut, and Vegetable Quality Control, Honey Quality Control and Egg Quality Control – enforcement of quality standards protecting the consumer;
- Certified Farmers’ Market (Direct Marketing) – Markets give the producers of farm products the option of selling directly to the consumer without the requirements of meeting size, pack, container, and labeling requirements (Standardization). These markets give the public a “direct” link to the production of the crop by buying the produce from the grower;
- Organic Producers – The Department is the local enforcement agency concerning the registration, investigation of complaints and auditing of organic producers and handlers; and
- Crop Report – California Food and Agricultural Code requirement to publish an accurate and meaningful report concerning the agricultural conditions in El Dorado/Alpine Counties.

Administration positions are proportionally allocated to provide oversight, direction and support for Agriculture programs, which include budgeting, accounting, personnel, payroll, purchasing, office support, and administration of contracts through the California Department of Food and Agriculture and private grants. The principal funding source for these programs is the County’s share of unclaimed gas tax as authorized by the Food and Agricultural Code § 224(g).

Pesticide Use Enforcement

The pesticide laws and regulations of California require safe, responsible handling of pesticides from the time of purchase through transportation, storage, usage and disposal. The safety of employees, the environment, and the public is of paramount importance in this program. The enforcement of the regulations by this department applies to all agricultural, non-agricultural and structural usage. The more toxic pesticides are regulated under the restricted materials permit program.

The two main revenue sources are California Department of Food and Agriculture unclaimed gas tax for Pesticide Regulatory Activities pursuant to §224(a) of the Food and Agricultural Code, and the California Department of Pesticide Regulation distribution of the Pesticide Mill Assessment collections in accordance with §12844 of the Food and Agricultural Code.

Weights & Measures

The mission of Weights & Measures is to allow a good-value comparison to the consumer while maintaining fair competition between businesses. Weights & Measures affects everyone’s daily life through the inspections of all commercially used devices such as gas pumps, scales and scanners, as well as through testing of packages

Agricultural Commissioner

RECOMMENDED BUDGET • FY 2024-25

to ensure the product inside the package weighs or measures as much as is stated on the label. The Department also enforces requirements for petroleum products, including antifreeze, brake fluid and motor oil; grades of diesel; and octane levels of gasoline. Weighmaster inspections are intended to deter fraudulent transactions at junk dealers and recyclers and to decrease the sale of stolen property.

The Department's revenue sources include inspection reimbursement for Service Agents, Petroleum Products Compliance and Weighmaster Enforcement through the California Department of Food and Agriculture Division of Measurement Standards, and the annual device registration for commercially used devices such as gasoline dispensers, scales, taxicabs, etc.

Wildlife Services

Wildlife Services works to maintain a biologically sound integrated wildlife damage management program assisting public agencies, businesses, private citizens, schools, property owners, farmers and ranchers in a cooperative venture between El Dorado/Alpine Counties, the U.S. Department of Agriculture, and the California Department of Fish and Wildlife. Wildlife Services is intended to provide Federal leadership and skill to resolve wildlife interactions that threaten public health and safety, as well as agricultural, property and natural resources.

The main focus of the program is to provide technical assistance to prevent wildlife conflicts and to remove only the animals that are causing the problem. Administration and oversight are provided by the Agricultural Commissioner and the USDA Regional Wildlife Services Supervisor. The Department's appropriations include a contract with U.S. Department of Agriculture (USDA). Revenues include a portion of unclaimed gas tax received from the California Department of Food and Agriculture. The USDA provides 1.0 FTE through contract to match the County's 1.0 FTE dedicated to this program.

University of California Cooperative Extension Program

University of California Cooperative Extension Office Programs include 4-H Youth Development Staff, Master Gardener Staff, Natural Resources Advisors, Specialty Crop Advisors and the Forestry Advisor program.

STAFFING TREND

The Department of Agriculture's staff allocation has changed very little over the past 10-year period. On March 5, 2024, the Board approved the addition of 1.0 FTE Assistant Agricultural Commissioner and Sealer of Weights and Measures and the deletion of 1.0 FTE Deputy Agricultural Commissioner and Sealer of Weights and Measures once the Assistant Agricultural Commissioner and Sealer of Weights and Measures is hired. This includes the continuation of 1.0 FTE Limited Term Biology Technician for FY 2024-25. The recommended staff allocation is 13 FTEs

SOURCES & USES OF FUNDS

The Agricultural Commissioner is funded in part with General Fund discretionary revenues.

The Department receives a larger share of its funds from licenses and permits, state and federal revenue to administer programs, and fees charged for services.

The Department's largest source of revenue outside of the County's general fund is unclaimed gas tax. Each year, county agriculture departments receive unclaimed gas tax revenue through the California Department of Food and Agriculture (CDFA) and the Department of Pesticide Regulations (DPR) as partial reimbursement for agricultural program costs. The allocation formula is based on the size of the pool of funds available and on each county's previous year's cost for agricultural programs. Counties with a higher net county cost receive a larger share of the available funds. The CDFA and DPR distribute these funds in the late third quarter or early fourth quarter of the fiscal year. Due to the timing of these disbursements, it can be difficult to accurately forecast how much the County will actually receive.

Environmental Management

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The budget for Environmental Management is recommended at \$22,803,522, which is an increase of \$809,160 (3.7%) when compared to the FY 2023-24 Adopted Budget. The Environmental Management Department programs do not have a Net County Cost, which means that revenues other than discretionary tax dollars are used to operate the programs (e.g., fees, licenses, permits, Federal and State revenues). The changes in appropriations for this budget have equal changes to revenues.

This total includes the General Fund programs portion of the Department Budget, which is budgeted at \$3,527,782, a \$582,346 increase (19.7%) compared to the FY 2023-24 budget. The net cost for the Program continues to be spread across Solid Waste, Liquid Waste, and Hazardous Waste.

County Service Area #3 includes both the Vector Control and Snow Removal programs and is budgeted at \$4,408,590, a \$158,695 increase (3.7%) from the FY 2023-24 budget.

County Service Area #10 includes the Solid Waste, Liquid Waste, Hazardous Waste, and Litter Abatement Programs, as well as the Union Mine closure program. CSA #10 is budgeted at \$14,628,559, a \$99,860 increase (0.6%) compared with the FY 2023-24 Budget.

The Environmental Management Countywide Special Revenue Fund budget, which includes the Hazardous Waste Management Plan fund, the Meyers Landfill fund, the Phillips 66 Settlement fund, the Certified Unified Program Agency (CUPA) Enforcement Penalties fund, and the funds for the Oil Payment Program and City/County Payment Program, are shown in the Special Revenue Funds portion of this Budget book.

MISSION

The mission of the Environmental Management Department is to protect, preserve, and enhance public health, safety, and the environment through a balanced program of environmental monitoring and enforcement, innovative leadership, community education, customer service, and emergency response for the citizens of and visitors to the County of El Dorado.

PROGRAM SUMMARIES

Administration/General Support

The Environmental Management Department Administration/General Support Unit provides executive leadership and oversight for the Environmental Management Department (EMD). Effective July 1, 2019, the majority of costs associated with providing Administrative/General Support to the other EMD programs are primarily offset through direct charges to those programs, with the remaining costs spread to the other programs based on predetermined percentages.

South Lake Tahoe Vector Control (CSA #3)

The South Lake Tahoe Vector Control program carries out activities for the control of mosquitoes, plague, Hantavirus, and yellow jackets in the South Lake Tahoe Basin on a seasonal basis. Program revenue is largely derived from ad valorem taxes and special tax assessments on improved property.

South Lake Tahoe City Snow Removal (CSA #3)

This is a pass-through to the City of South Lake Tahoe. Special tax assessment fees have been levied against properties within the incorporated area of South Lake Tahoe to fund city snow removal services. These assessments are collected by the County and passed on to the City.

Solid Waste (CSA #10)

The Solid Waste program implements the Integrated Waste Management Plan (AB939) and other State mandated solid waste diversion initiatives (AB341, AB1826, SB1383); administers solid waste contracts and franchise agreements; implements and enforces the Construction and Demolition Debris Ordinance (C&D), Bear Proof Garbage Can Requirements Ordinance, and Solid Waste Management Ordinance; operates and maintains the Union Mine Landfill to maintain compliance with permits issued by multiple State agencies, including closed landfill cover and open landfill cells, landfill gas (LFG) extraction system, and perimeter probe network, groundwater well network, and surface water sampling; and provides regulatory services at other landfill sites in the County. This program promotes various recycling programs through State grants, including food recovery and diversion from landfilling, beverage container recycling, waste tire enforcement, and waste tire collection and disposal. This program also includes the West Slope Litter Abatement program, which provides for the removal of roadside litter, administration of and response to solid waste complaints, procurement of grants to fund litter abatement activities, and prosecution of litter or illegal dumping violations.

This program further includes the collection of a designated special assessment for the Clean Tahoe Program (pass-through) which provides for litter pickup and control in the unincorporated area of the South Lake Tahoe Basin. Revenue generated in this program comes from special assessments on improved parcels (ongoing), funding from the Department of Transportation for roadside litter abatement (West Slope), Material Recovery Facility (West Slope) landfill tipping fees, and charges to other EMD programs for staff time. There are several one-time funding sources identified within the solid waste program that are funded by State grants. Appropriations associated with these grants are also one-time in nature.

Household Hazardous Waste/Incident Response (CSA #10)

The Household Hazardous Waste program administers the countywide household hazardous waste collection and disposal program, including the operation of a household hazardous waste drop-off facility, grant activities that promote education and safe recycling related to used and refined oil, as well as recycling of electronic waste, universal waste, and waste oil and latex-based paints. The program operates the hazardous materials

Environmental Management

RECOMMENDED BUDGET • FY 2024-25

incident response team, which includes the response to incidents involving hazardous materials and functions as the County's first responder to all emergencies involving the release or threatened release of hazardous materials. The primary source of revenue generated to support this program comes from special assessments on improved parcels (ongoing) within the County. There are one-time funding sources identified within the Household Hazardous Waste program that are funded by State grants. Appropriations associated with these grants are also one-time in nature.

Liquid Waste (CSA #10)

The Liquid Waste program operates the Union Mine Wastewater Treatment Facility. Effective February 2021, this facility is permitted to annually accept and process up to 7.3 million gallons of septic tank waste (septage), portable toilet waste, and leachate generated from the Union Mine Landfill. The facility comprises a two-million-gallon Class II surface impoundment for the collection of leachate, a receiving station for septage and portable toilet waste haulers, two 500,000-gallon aerobic digesters, two two-million-gallon storage tanks for holding processed wastewater, two high-speed centrifuges for the processing of solids, and a multitude of pumps, blowers and other specialized equipment necessary to receive, process, store and discharge the liquid wastes received by the facility. Revenue generated to support the Union Mine Wastewater Treatment Plant comes from special assessments on improved parcels (ongoing) and charges for services for the disposal of septage at the Union Mine Wastewater Treatment Facility (variable depending on usage). Additionally, 25% of the annual expenses incurred to operate this facility are offset by a transfer from the CSA#10 Solid Waste program.

Environmental Health

The Environmental Health program is responsible for ensuring countywide compliance with applicable state laws, regulations, and County Ordinances concerning many fundamental environmental public health components, such as food facilities, food safety education, public swimming pools/spas, wells, small water systems, and septic systems. This program participates in epidemiological investigation and emerging pathogen responses such as foodborne illnesses, norovirus outbreaks, and West Nile Virus.

Other components of the program activities relate to the reduction in mosquito breeding sources on the West Slope (seasonal) that may impose a threat of West Nile Virus and other diseases carried by mosquitoes and addressing program-related public complaints. The primary source of revenue generated to support this program comes from fees for services, including, but not limited to, various health permits, land use permits, realignment distribution, and charges to other EMD programs for staff time. Additionally, Environmental Health currently receives temporary grant funding contributions from the Health and Human Services Agency to assist with funding the West Slope Mosquito Control program or other Environmental Health operations.

Hazardous Materials -CUPA

The Hazardous Materials/Certified Unified Program Agency (CUPA) program administers and implements the State-mandated (CUPA) program for commercial facilities that store hazardous materials or generate hazardous waste countywide. Activities include inspections of underground and above-ground fuel storage tanks and businesses that store hazardous materials or generate hazardous waste, California Accidental Release Program (CalARP), and response to hazardous materials release incidents at fixed facilities. The primary source of revenue generated to support this program comes from fees for services, including, but not limited to, facility permits and business plans related to the program components, as well as a transfer of civil penalty funds on an as needed and infrequent basis.

STAFFING TREND

The Recommended staff allocation for the Environmental Management Department is 34 FTE. This includes the continuation of one Limited Term Sr. Vector Control Technician and three Limited Term Vector Control Technicians.

SOURCES & USES OF FUNDS

The Department is funded by a combination of taxes, assessments, state funding, grants, realignment distribution, and fees for services. The Environmental Management Department Special Revenue Fund programs do not have a Net County Cost, which means that revenues other than discretionary tax dollars are used to operate the programs. CSA #3 revenue is derived from ad valorem taxes and special tax assessments on

improved property. The Solid Waste, Hazardous Waste, Liquid Waste (Union Mine Wastewater Treatment Facility), and Litter Abatement programs (CSA #10) are funded by State grants, charges for services provided by the Department, fines for violations, designated special assessments (pass-through funds), Material Recovery Facility (West Slope) landfill tipping fees, and charges to other EMD programs for staff time. A small amount of funding is received from other County departments, including the Department of Transportation for roadside litter abatement (West Slope) and the Health and Human Services Agency for public health-related services.

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

This Budget is recommended at \$20,000, which is an increase of \$17,215 (618%) when compared to the FY 2023-24 Adopted Budget. The General Fund has provided contributions in amounts ranging from \$12,000 to \$20,000 in prior years. In FY 2023-24, a \$15,000 General Fund contribution was provided after the budget was adopted for the Commission to complete its workplan.

Appropriations

Services and Supplies

\$17,215 Increase in Services and Supplies for expenses related to the Commission’s workplan for FY 2024-25.

MISSION

The Fish and Wildlife Commission is appointed by the Board of Supervisors for the purpose of advising the Board on matters related to the conservation of fish and wildlife and overseeing the expenditure of the Fish and Wildlife funds received from fines collected by the Courts.

SOURCES & USES OF FUNDS

This budget is made up of \$15,000 of General Fund and \$2,215 in Fund Balance. During FY 2024-25, it is anticipated that up to \$17,215 will be spent on special projects and expenses related to the conservation of fish and wildlife and support fishing derbies.

RECOMMENDED BUDGET

The overall Planning and Building Department budget is recommended at \$18,676,118 which is a decrease of \$4,487,552 (24%) when compared to the FY 2023-24 Adopted Budget. The Department's budgeted Net County Cost reflects General Fund support of \$3,335,664, a decrease of \$2,556,938 (43.4%) when compared to the FY 2023-24 Adopted Budget.

These amounts do not include the budget for the Airports and Cemeteries programs, which total an additional reduction to the Department's budget of \$2,491,566, and a Net County Cost reduction of \$374,211. These programs are budgeted under the Chief Administrative Office in the FY 2024-25 budget year.

This figure also does not include Discretionary Transient Occupancy Tax (DTOT) funding, which is appropriated in Department 15 - General Revenues and Other Operations and is transferred to the Department. In total, Planning and Building is receiving \$3,403,675 in DTOT funding. The majority of this DTOT funding is to fund the Economic Development Division, with additional ongoing allocations to fund Community Planning efforts in the Long Range Planning unit, 3.0 FTE Code Enforcement Officer positions in the Code Enforcement Division, a Sr. Development Technician, and partially fund a Sr. Planner and Deputy Director position in the Vacation Home Rental Program. The decrease in the General Fund contribution is mostly due to the change of methodology wherein the department will no longer be charged Countywide Cost Allocation Plan (A-87) charges, an expense totaling \$2,560,953 in FY 2023-24. The increases partially offsetting this large reduction are attributable to salary and benefit costs, a loss in offsetting revenues from the Building Division of \$600,000. Overall, Department revenues have decreased by \$1,150,487 (8%) due to decreased Permit and Fee revenue and American Rescue Plan Act (ARPA) funding for Economic Development for projects that will be completed and reimbursed in future budget years.

General Fund Programs

The majority of the Department Budget is in the General Fund. This includes Planning and Building Administration, Building Division, Planning Division, Tahoe Planning, Stormwater and Vacation Home Rental (VHR) Division, Economic Development Division, Code Enforcement Division, and the Commercial Cannabis Division. This budget is recommended at \$16,385,939, which is a decrease of \$3,707,425 (19%) when compared to the FY 2023-24 Adopted Budget. Revenues have decreased by \$1,150,487 (8.1%) due to the reduction of ARPA funding and the anticipated decrease in permit and fee activity.

Special Revenue Funds

Non-General Fund portions of this budget include the Affordable Housing Program (formerly Housing, Community and Economic Development (HCED)) (Fund 1108), Development Services Countywide Special Revenue Fund (Fund 1237), El Dorado Development Project Fund (Fund 1374), and the Rare Plant Preserve Fund (Fund 3095). These funds are each balanced and show no Net County Cost, but some funds receive a General Fund contribution. Detailed tables for all Special Revenue Funds are located in the Special Revenue Funds section.

Affordable Housing Program (AHP)

The AHP budget is recommended at \$2,290,179, which is a decrease of \$780,127 (25%) when compared to the FY 2023-24 Adopted Budget. This budget varies widely based on changes to grant funding each year for the program.

MAJOR BUDGET CHANGES

Revenue

License, Permit, and Franchise Fees

- (\$600,000) Decrease in construction permit revenue in the Building Division, based on decreased permit activity in the current year, and projected permit activity for FY 2024-25.
- \$88,750 Increase in the Technology Improvement Fee (\$18,000), Commercial Cannabis Zoning Administration Permit fees (\$30,000), and Zoning Administration Permit fees in Current Planning Division (\$40,750) due to newly adopted fee schedule that targeted increased cost recovery for services.
- \$200,000 Increase in Vacation Home Rental Permit Fees due to a newly adopted fee schedule that targeted increased cost recovery for services.
- \$100,000 Increase in Public Utility Franchise Fees revenue in the Tahoe Planning, Stormwater, and VHR Division to align budget with prior year revenue.

State Revenue

- (\$60,037) Decrease to the Building Services Division due to a grant award from the California Automated Permit Processing (CalAPP) Program to implement an automated solar permit processing platform, that was partially expended in FY 2023-24.

Planning and Building

RECOMMENDED BUDGET • FY 2024-25

- (\$100,000) Decrease in the Economic Development Division due to a grant award from the California Public Utilities Commission (CPUC) for a Local Agency Technical Assistance (LATA) grant for a Broadband Network Design and Engineering Project which was expended in part in FY 2023-24.

- (\$230,000) Decrease in state revenue in the Long Range Planning Unit due to the end of the grant period for SB2 Planning Grant for Community-Based Planning and Regional Early Action Planning (REAP) grant, and decreased use of Local Early Action Planning Grant revenue.

- \$25,000 Increase in the Tahoe Planning, Stormwater, and VHR Division due to a Tahoe El Dorado Area Plan project Local Early Action Planning funding grant.

Service Charges

- \$224,000 Increase in in Planning Division time and materials developer fees associated with a projected increase in staff reimbursement from the increase in billing rates and the use of several on-call planning, fiscal analysis, and environmental consultant contracts for large development projects.

- \$18,625 Increase in Code Enforcement Division fines based on projected enforcement and revenue recovery.

- (\$127,725) Decrease in interfund charges from Planning and Building Administration to Airports due to the reassignment of Airports to the Chief Administrative Office and a decrease to the Affordable Housing Program.

- \$150,000 Increase in Interfund revenue from the Affordable Housing Program Special Revenue Fund for affordable housing to the Tahoe Planning, Stormwater, and VHR Division (\$100,000) and the Long Range Planning Unit (\$50,000) for the Tahoe El Dorado Area Plan and Multi-family Housing projects.

- \$280,900 Increase in Tahoe Planning, Stormwater, and VHR Division for Tahoe Regional Planning Agency (TRPA) fee revenue for reimbursement of professional services and staff time for the Meyers Aquatic Invasive Species Station project.

- \$86,000 Increase to fee revenue throughout the department as a result of adjustments to align budget with prior year actual revenue.

Miscellaneous Revenue

- \$2,000 Increase in Hearing Fee revenue in the Code Enforcement Division to align budget with prior year actual revenue.

Other Financing Sources

- \$50,000 Increase in Operating Transfers into Administration from the new Technology Enhancement/Improvement Special Revenue Fund to cover the increase in cost for CentralSquare (TRAKiT) for the consulting and process improvements needed to increase efficiencies.

Planning and Building

RECOMMENDED BUDGET • FY 2024-25

- (\$9,000) Decrease in Operating Transfers In to the Building Division for the Certified Access Specialist Program (CASp) State Disability Fees, Commercial Grading Deposit draw-down, and TRPA allocation revenue based on anticipated activity for FY 2024-25.
- \$226,000 Increase in Operating Transfers from various special revenue funds for the Long Range Planning Unit projects due to projected spending on Professional Service contracts.
- (\$1,500,000) Decrease in Operating Transfers into the Economic Development Division from the American Rescue Plan Act (ARPA) fund due to the Broadband project schedule.
- \$25,000 Increase in Operating Transfers into Code Enforcement from the Abate Dangerous Building Special Revenue Fund for the abatement of dangerous buildings that present an imminent threat or hazard to public health and/or safety based on anticipated activity.

Appropriations

Salaries and Benefits

- \$112,753 Increase in Salaries and Benefits of 4.3% from the FY 2023-24 Adopted Budget primarily due to increased benefit costs.

Services and Supplies

- (\$51,787) Reduction to Computer system/software cost due to a revised TRAKiT Maintenance and Training Agreement, increased cost related to solar permitting software.
- (\$23,000) Decrease in Office Expense (\$5,350), subscriptions (\$934), Books (\$250), Printing (\$2,150), Staff Development, Memberships (\$6,100) for consistency with prior year actuals and in recognition of budgetary constraints.
- (\$80,000) Decrease in Professional Services in Building Services due to a reduction in anticipated need of on-call Third-party Plan Check services.
- (\$35,390) Decrease in Professional Services in Current Planning primarily due to projected reductions in use of on-call contracts for services.
- \$602,000 Increase in Professional Services in Tahoe Planning and Stormwater primarily due to contracts for services for the Tahoe El Dorado Area Plan project, Meyers Aquatic Invasive Species Station development, and Vacation Home Rental Advisory Committee projects.
- (\$164,390) Decrease in Professional Services in Long Range Planning due to decreased use of on-call contracts for services due to progress on projects in FY 2023-24, including the General Plan Safety Element and Five-Year Review.
- (\$1,102,380) Decrease in Professional Services in the Economic Development Division, primarily due to the reduction of ARPA- and LATA-funded Broadband Design and Engineering completed in FY 2023-24.
- (\$49,697) Decrease in Professional Services in the Code Enforcement Division for as-needed hearing officers.

Planning and Building

RECOMMENDED BUDGET • FY 2024-25

- (\$9,000) Reduction in Other Government Agencies contributions due primarily to moving costs for California Conservation Corps work in the Tahoe Planning and Stormwater Division to Other Charges.
- (\$50,000) Decrease in Special Projects in the Economic Development Division due to discontinuing payments to the Shingle Springs Cameron Park Chamber and Coloma Lotus Business Council.
- (\$28,750) Decrease in software costs due to moving electronic plan review licenses and associated costs to IT.
- \$41,445 Increase in fuel costs.
- (\$21,132) Decrease in Services and Supplies across multiple objects to align budget with actual cost.

Other Charges

- \$119,500 Increase in Interfund Transfers in the Tahoe Planning, Stormwater, and VHR Division due to Public Utility Franchise Fee services charges costs to the Department of Transportation for NPDES-related work.

Operating Transfers Out

- (\$104,000) Decrease in Operating Transfers Out to Fleet due to an upgrade of a replacement vehicle and the purchase of vehicles in the prior year.

Intrafund Transfers

- (\$2,560,953) Decrease in charges to Administration due to a change in budget methodology wherein the Department will no longer be charged from the Countywide Cost Allocation (A-87) Plan.
- (\$312,341) Decrease in charges for Department Administration to other Divisions, due primarily due to the elimination of A-87 charges.

Intrafund Abatement

- \$9,697 Increase in Intrafund Abatements, shown as a negative appropriation, primarily due to an increase in Discretionary Transient Occupancy Tax (DTOT) funding for the Tahoe Planning, Stormwater, and VHR Division related to the TED Area Plan and Zephyr Collaboration projects.

MISSION

The mission of the Planning and Building Department is to guide land use and development consistent with the General Plan, Building Codes, and related regulations by providing accurate, timely and courteous, professional and technical services to customers; maintain the County's unique quality of life; protect public safety and the environment; and promote economic vitality for current and future generations.

PROGRAM SUMMARIES

Department Structure

The Planning and Building Department consists of an Administration Unit along with seven Divisions, which include a variety of sub-units. There have been significant changes to the structure of the Department in recent years. The Department continues to evaluate options and reallocate programs and services to effectively and efficiently meet the needs of the public, enhance its level of service and customer interactions, and fulfill the mission of the Department.

Administration

The Administration Unit provides executive leadership and oversight for the Planning and Building Department. The Director's salary cost, along with the salary costs of other executive staff, is allocated to the other Divisions in the Department, so the remaining expenditures are related to the general support costs for Planning and Building operations.

Building Division

The Building Division is a regulatory agency mandated by the State of California to enforce laws and regulations to ensure healthy, safe, sustainable, and accessible buildings and grounds in our community. The Division's philosophy is to be compassionate, efficient, and customer-friendly public servants who always strive to reduce the burden on our customers. The Building Division employees are spread across four groups, including Field Inspection, Plan Check, Permit Center, and File Room operations. These functions are overseen by the Deputy Director of Building on both the West Slope and in the Tahoe Basin.

The Building Division provides building and grading permit review, issuance, and inspection services for all unincorporated areas of El Dorado County. The Building Division also regulates building construction from the initial application through final inspection to ensure fire and life safety for code compliance. Permit types include residential and non-residential buildings, grading, repair, alteration, and miscellaneous activities.

Additionally, the Building Division provides services for other agencies such as California Title 14 enforcement for each County Fire District, and through a Memorandum of Understanding (MOU) with the Tahoe Regional Planning Agency (TRPA) it provides services including plan review and enforcement of all TRPA regulations and standards.

The Building Division is also responsible for maintaining official permanent records of all permitting activities. The Division provides support and assistance to various agencies, departments, and other divisions within the Planning and Building Department such as the Economic Development Division, Code Enforcement Division, Utility Districts, Community Services Districts, Planning Division, Department of Transportation, and Environmental Management Department.

The State requires the Building Division to establish fees to offset the cost of enforcement activities. These revenues are obtained through permit and administration fees. Additional revenue is obtained from the administration of TRPA's Code of Ordinances. The Building Division also collects the fees for distribution to associated permitting agencies.

Code Enforcement Division

The purpose of the Code Enforcement Division is to protect the health and safety of County residents by enforcing minimum standards for property maintenance as well as procedures for abatement of public nuisances. Code Enforcement staff perform investigations and enforce violations of the County Code and other related codes and ordinances for all applicable County departments. The Code Enforcement Division is also responsible for handling administrative hearings for violations.

Investigations are initiated by responding to citizen inquiries and complaints as well as upon the request of other health and safety agencies. Enforcement actions specifically address safety-related or non-permitted items such as illegal businesses, fire hazards, and substandard or dangerous housing.

In the last four years, the Code Enforcement Division has taken on additional enforcement efforts as a result of County Ordinances pertaining to signs, oak trees, cannabis cultivation, and Vacation Home Rentals (VHRs). Code Enforcement staff also work with the Sheriff's Office during the cannabis cultivation season to execute cannabis search warrants, which allows for the enforcement of violations of the Building Code that are committed to supporting the cannabis grows, such as unpermitted structures or illegal wiring.

Code Enforcement is also used for the initial investigation and subsequent tracking of complaints that may affect multiple departments. This Division is primarily funded by the General Fund, with some offsetting revenues from enforcement fines, administrative hearings, and other fees.

Economic Development Division

The Economic Development Division is responsible for the development of strategies and programs to stimulate business growth and economic expansion in El Dorado County, with the added component of processing priority Economic Development projects within the Department along with Planning Division staff.

Economic Development activities include efforts to retain businesses that already exist in the County or that may be interested in expansion, and the attraction of new businesses; developing and implementing technical assistance to enhance local employment and coordinating programs and services with County departments and community organizations; maintaining a dedicated Countywide Economic Development Project Team that provides timely, professional, and accurate business liaison services to businesses looking to expand or locate in the County; and creating an overall business-friendly atmosphere. The Division also provides staff assistance to the Community and Economic Development Advisory Committee (CEDAC).

The Economic Development Division is primarily funded by Discretionary Transient Occupancy Tax (DTOT) revenues, which are collected and dispersed through the General Fund. Economic Development has also received multiple grants and allocated funding to fund various current and future planned Broadband projects for targeted unserved and/or underserved areas throughout the County.

Planning Division

The Planning Division is responsible for developing, implementing and maintaining the General Plan and Zoning Ordinance, the processing of discretionary applications and ministerial permits, performing the planning review of plans associated with building permits, and responding to general land-use inquiries from the public. The Planning Division employees are spread across Current Planning, the Permit Center, Long Range Planning, and Administration and Support Staff, which also provide assistance to the Planning Commission and Zoning Administrator. These functions are overseen by the Deputy Director of Planning and are separated into two functional land use units, the Current Planning Unit and the Long Range Planning Unit. Additionally, the

Planning and Building

RECOMMENDED BUDGET • FY 2024-25

Current Planning Unit is further separated into two core groups: Discretionary Projects and the Permit Center, as discussed below.

Discretionary Projects

The Discretionary Projects Unit focuses on processing non-County-initiated discretionary development applications such as Tentative Subdivision Maps, Conditional Use Permits, and Rezone Applications subject to the provisions of California Environmental Quality Act (CEQA) analysis. Staff provide information to the public regarding the development review process and the status of existing projects. Discretionary development projects are reviewed by staff and may require additional review or approval by the Director, the Zoning Administrator, the Board-appointed Planning Commission, or the Board of Supervisors. The Planning Commission reviews matters related to planning and development such as specific plans, rezoning, conditional use permits, and subdivisions that are more complex and potentially more controversial than those reviewed by the Zoning Administrator. Depending upon provisions in the County Code, the Commission or Zoning Administrator either approves/denies or makes recommendations to the Board regarding proposed land use projects. The primary revenue source for the Discretionary Projects unit is developer-funded application fees, which consist of both flat fees and time and materials (T&M) billing.

Permit Center

The Permit Center Unit is responsible for processing ministerial planning applications such as Administrative Permits, Temporary Use Permits, and Williamson Act Contracts. The Permit Center issues zoning verification letters and business licenses, and provides Planning review of commercial, residential and agricultural building and grading permits. The Unit is also responsible for responding to phone and email inquiries from the public, and for providing information to the public on planning- and zoning-related questions at the Planning Permit Center counter. The primary source of revenue for the Permit Center is permit fees collected. Because a significant amount of Permit Center staff time is spent answering planning questions from the public in advance of a formal application, a portion of this unit is offset by General Fund revenue.

The Planning Division also functions as the County liaison for coordination with the Federal Emergency Management Agency (FEMA) for floodplain management and the California Department of Water Resources on floodplain management issues. Floodplain management tasks include providing local and federal floodplain information to the community and ensuring compliance with the Local Floodplain Management Plan.

Long Range Planning Unit

The Long Range Planning Unit (LRP) is responsible for assisting the Board of Supervisors in developing policies, plans, ordinances, and programs that support the goals and objectives of the County's General Plan. Long range planning involves highly complex and diverse land use decisions that require a careful balancing of competing economic, environmental and social interests. The LRP Unit consists of two core groups: Land Use Planning and Housing, Affordable Housing (HCED), and these functions are also overseen by the Deputy Director of Planning.

Long Range Planning's Mission Statement is to "Serve the needs of El Dorado County's current and future residents, businesses and visitors by providing accurate information, impartial analysis, and forums for stakeholder discussions to support well-informed long range planning decisions; and facilitating implementation of Board-adopted plans, policies, and ordinances."

Land Use Planning

The Land Use Planning Unit oversees General Plan implementation and monitoring, General Plan Amendments and Element updates, Zoning Ordinance updates, development of new ordinances, and development of community design standards.

Land Use Planning staff collaborate with Department of Transportation (DOT) staff on growth projections for the Traffic Impact Fee (TIF) Major Updates, implementation of SB 743 (Vehicle Miles Traveled metric for transportation projects subject to CEQA), and interagency coordination with the El Dorado County Transportation Commission (EDCTC) and Sacramento Area Council of Governments (SACOG) on EDCTC's Regional Transportation Plan and SACOG's Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS).

Affordable Housing Program

The Affordable Housing Program's ("AHP") (formerly Housing, Community, and Economic Development (HCED)) mission is to administer and expand grant-funded programs that provide an overall economic benefit to the County through support for a variety of housing options, especially low- to moderate-income housing. The AHP program is directed by the policy and objectives of the Board of Supervisors and the Housing Element of the County General Plan. AHP is responsible for implementing and managing related housing programs and special projects to meet those objectives in addition to reporting progress to the Board, the State and other local agencies.

The Community Development Block Grants (CDBG) and HOME Investment Partnerships Program (HOME) grants provide low-interest loans to qualifying low- to moderate-income households in the unincorporated areas of the County for housing repair and gap-financing to purchase their first home. CDBG Economic Development (CDBG-ED) grants create or preserve jobs in the unincorporated area of the County by providing business loans and technical assistance to business owners and low-to-moderate-income entrepreneurs for business expansion or startups. Loan repayments provide for a revolving loan fund for ongoing CDBG, HOME, and CDBG-ED activities.

Significant current projects for FY 2023-24 include a General Plan Safety Element Update, a General Plan Five-Year Review, finalizing the Community Design Standards, conducting major amendments to the Zoning Ordinance for Communication Facilities, Signs, and Oak Resources Conservation, updating the Eco-Preserve Fee, adopting Pre-Approved Accessory Dwelling Unit (ADU) Plans, and preparing an Affordable Housing ordinance. The Long Range Planning unit is primarily funded by General Fund revenue, with a portion of costs offset by various state and federal grant funding as well as special revenue funds.

Tahoe Planning, Stormwater and Vacation Home Rental Division

The Tahoe Planning and Stormwater Division is responsible for assisting the Board of Supervisors in developing policies, plans, ordinances and programs that support the goals and objectives of the County's General Plan and the Tahoe Regional Planning Agency's (TRPA) Regional Plan in the Lake Tahoe Basin portion of the County. This Division oversees Tahoe Current and Long Range Planning activities such as processing ministerial and discretionary project applications, and stormwater review for building and grading permits, the Tahoe Housing Policy, the Memorandum of Understanding (MOU) with TRPA, Environmental Improvement Program Policy and Implementation, the implementation and management of the Vacation Home Rental (VHR) Ordinance, and all County stormwater activities.

Planning and Building

RECOMMENDED BUDGET • FY 2024-25

Stormwater staff manage the implementation of the National Pollutant Discharge Elimination System (NPDES) program. The NPDES program consists of two permits: one for the West Slope and the other for the Lake Tahoe Basin.

West Slope Stormwater Management Program

The West Slope Stormwater Management Program primarily focuses on implementing the requirements outlined in the State of California Phase II NPDES Permit. This Permit requires the County to address high-priority water quality issues identified within the urbanized areas of El Dorado County to enhance surface water quality.

Lake Tahoe Stormwater Management Program

The Lake Tahoe Stormwater Management Program primarily focuses on implementing the requirements outlined in the Lake Tahoe Phase I NPDES Permit. This Permit requires the County to reduce fine sediment particle discharges to Lake Tahoe within the framework of the Lake Tahoe Total Maximum Daily Load.

These Stormwater management programs support General Plan Implementation Measure PS-L: Develop and implement a countywide drainage management program.

Primary revenue sources for the Tahoe Planning and Stormwater Division include General Fund, developer reimbursement, VHR permit fees, and Public Utility Franchise Fees (PUFF) equal to 50 percent of NPDES program costs.

Commercial Cannabis Division

The Commercial Cannabis Division is responsible for the oversight of commercial cannabis activities in the County, including the management of the permitting process, monitoring compliance, and coordinating with other County departments and agencies as needed.

Permitting activities for Commercial Cannabis includes an optional pre-application process that allows applicants to discover the possible variables/issues in their project before starting the application process, which can take a significant amount of time for staff to complete. The application process includes a commercial cannabis use permit, which is a conditional use permit as part of the land entitlement process. In addition, and in conjunction with the use permit, applicants will go through the commercial cannabis annual operating permit process. This process includes a review of the cannabis activities by several County departments, including Agriculture, Weights and Measures, Chief Administrative Office, County Counsel, Environmental Management, Planning and Building, and Sheriff's Office. After approval of the Commercial Cannabis Use Permit and Commercial Cannabis Annual Operating Permit, the business will enter the Commercial Cannabis Monitoring Program, which the County operates to ensure that cannabis businesses adhere to the rules in the voter-approved ballot measures. After a full year in the program, a commercial cannabis business must renew its commercial cannabis annual operating permit. At that time, the County will assess the business's performance and review potential changes to the business's operations.

The Commercial Cannabis Division is primarily funded by General Fund revenue at this time, with a portion of costs offset by Commercial Cannabis permit fees. Cannabis Tax revenues are reflected in the General Fund – Other Operations (Department 15) budget.

STAFFING TREND

Staffing has fluctuated over the last 10-year period due to changes in organizational structure and the addition of several programs to the Planning and Building Department. The Administration and Finance Division was organized into a separate unit under the Chief Administrative Office in FY 2016-17, resulting in a significant decrease in FTEs to 73. In FY 2017-18 and 2018-19, further changes were made as a result of the transition from the Community Development Agency model to a stand-alone Planning and Building Department. During FY 2019-20 and 2020-21, several new programs were transferred from other departments or created and added to the Department, including the Economic Development Division, Vacation Home Rental Permitting and Enforcement Program, Airports and Cemeteries Divisions, and the Commercial Cannabis Division (92 FTEs).

In FY 2021-22, the Recommended Budget included the addition of five FTEs, including two Senior Planner positions, one Senior Development Technician, and two Code Enforcement Officers. An Administrative Analyst I/II position, that was allocated in error in 2020-21, was removed from the allocation, for a total of 96 FTEs. During FY 2021-22, a Planning Manager and an Administrative Technician in Cemeteries and Airports were added. One Assistant/Associate Planner, one Associate Engineer, and one Development Technician I/II were also added to aid in the ongoing Caldor recovery efforts (101 FTEs).

No additions were included in the FY 2022-23 budget. During FY 2022-23, a Sr. Planner in Long Range Planning was added to assist in projects on the program’s workplan. A Building Inspections Supervisor, Assistant Building Inspector, and Development Aide I/II were added to the Building Division in the Tahoe Basin office, and one Building Inspector III was deleted, for a total allocation of 104 FTEs.

During FY 2023-24, two Code Enforcement Officers, one Code Enforcement Supervisor, and one Deputy Director of Planning allocation were added, and one Supervising Civil Engineer was deleted, bringing the total to 107 FTEs.

This year’s budget includes the addition of one Sr. Engineering Technician for the West Slope Stormwater Program. The allocation also reflects the deletion of the Assistant Director allocation and the reassignment of the Airports and Cemeteries programs from the Department to the Chief Administrative Office, which removes

Planning and Building

RECOMMENDED BUDGET • FY 2024-25

one Sr. Administrative Analyst, one Administrative Analyst I/II, one Airport Supervisor, one Airport Operations Technician, and two Administrative Technician from the Department. An Administrative Analyst I/II allocation is currently alternately filled with the Administrative Technician allocation, and the Department is requesting this underfill be carried over into FY 2024-25 per Personnel Rule 505.1. The total allocation for the Department is recommended at 101 FTEs.

SOURCES & USES OF FUNDS

The Planning and Building Department receives the bulk of its revenue through permit fees. The Department is also funded partially by mitigation measure-related funding, including rare plant mitigation payments, which are collected in Special Revenue Fund 3095, Rare Plant Preserve. The Current Planning unit collects deposits for time and material projects in Special Revenue Fund 1237, Development Services.

Other funding sources include other fees for services, federal and state grant revenues, Public Utility Franchise Fee Revenue, and discretionary General Fund revenue, including Discretionary Transient Occupancy Tax.

RECOMMENDED BUDGET

The Budget for the Surveyor’s Office is recommended at \$1,962,762, which is a decrease of \$59,278 (3.5%) compared to the FY 2023-24 Adopted Budget. The General Fund provides 92.73% of the funding for the Department and is increasing by \$33,002 (1.8%) when compared to the FY 2023-24 Adopted Budget.

Intrafund Abatement

(\$13,724) Increase in Intrafund Abatement for Parks and Facilities Divisions for Survey work.

MISSION

The County Surveyor is responsible for providing information to the public on the complex issues of property ownership and for the timely review of all parcel maps, subdivision maps, records of survey, lot line adjustments, certificates of compliance, street names and addresses, Abandonment of Public Easements and Irrevocable Offers of Dedication to facilitate development and serve the public, County departments and outside agencies.

The County Surveyor is also responsible for the Geographic Information System (GIS) and Mapping Division, which oversees and manages the overall operation, maintenance and enhancements made to the Enterprise GIS system. This system is used to serve and support the County, the public, as well as external agencies, for information related to permitting, addressing, parcels, streets and roads, infrastructure, and public safety. It provides this information through the use of GIS maps, data, viewers, mobile applications, and dashboards.

PROGRAM SUMMARIES

Addressing/Road Name Services

The State-mandated functions are applicable to the California Business and Professions, Resources, and Government Codes including structure and suite addressing for building permits, and collaboration with emergency services.

Administration

Administration provides oversight, direction and support for the Department, including Services and Supplies and Fixed Asset line items, and is responsible for administrative and business support functions including budgeting, accounting, payroll, personnel, purchasing and contract coordination, computer services and support, and clerical operations.

Geographic Information Services

The GIS Program is responsible for managing hundreds of thousands of GIS data records through desktop, online, and mobile-based ESRI software applications that support County-wide addressing, permitting, property tax, Economic Development, Planning, Public Health and Safety, Census and Elections, and Transportation operations. The GIS Team provides data, mapping, application support and development, and GIS consulting services to County departments, external agencies and the public. The GIS integrates data from and to other County systems like TRAKiT and Megabyte to provide more effective and efficient data information sharing.

Surveyor Services

Licensed Surveyors in the Office perform state-mandated functions applicable to the California Business and Professions, Resources, and Government Codes, including Map Checking and Certificate of Compliance issues.

STAFFING TREND

The Surveyor’s Office staff allocation has changed very little over the past 10-year period. With the FY 2022-23 Recommended Budget 1.0 FTE Surveyor Technician was added in order to better support succession planning and provide more capacity in Surveying Services. The staff allocation for FY 2024-25 is recommended the same as FY 2023-24 at 13 FTEs.

One vacant Development Aide I/II and one vacant Associate Land Surveyor were alternately filled during FY 2022-23 with an Administrative Technician and an Assistant in Land Surveying, respectively, due to changing programmatic needs. The Recommended Budget revises the allocations to match the current classification of the allocations.

SOURCES & USES OF FUNDS

The budget for the Surveyor is primarily funded with discretionary General Fund revenue with some offset from service fee revenue.

RECOMMENDED BUDGET

The budget for the Department of Transportation is recommended at \$165,114,771, which is an increase of \$10,991,828 (7.13%) when compared to the FY 2023-24 Adopted Budget. The Recommended Budget reflects total General Fund support of \$3,931,266 which is a decrease of \$4,582,169 (59.4%) when compared to the FY 2023-24 Adopted Budget. The change to the Transportation General Fund support is due to a decrease in County Engineer General Fund contribution of \$45,068 and a decrease in Discretionary Transient Occupancy Tax contribution for Pioneer Trail Repair and Countywide Road Maintenance projects completed in FY 2023-24.

The remainder of the Department Budget is within Special Revenue Funds, which are restricted or committed to expenditures for specified purposes and are expended by the Department.

The Road Fund Special Revenue Fund is the largest portion of the Transportation budget and includes department Administration, Capital Improvement, Engineering, and Road Maintenance. The Road Fund budget is recommended at \$150,063,801, which is an increase of \$9,327,380 (6.2%) when compared to the FY 2023-24 Adopted Budget. The increase can primarily be attributed to the Board-approved Capital Improvement Plan schedule, which includes:

- The continuation of the construction of the Mosquito Bridge, which accounts for \$30.8 million in revenue and expenditures;
- The continuation of Phase 2 of the Ice House Road Pavement Rehabilitation Project, which accounts for \$13.1 million in revenue and expenditures; and
- The replacement of the Bucks Bar Road Bridge, which accounts for \$9.4 million in revenue and expenditures; and
- Many other projects as outlined in the Board-approved Capital Improvement Plan.

Additionally, in recognition of Board priorities, additional General Fund has been allocated for road maintenance to allow continued road repair in the face of rising materials and labor costs. This trend will likely continue to fund ongoing operations. Staff is recommending that the Road Fund receive General Fund supplementation through the use of Discretionary Transient Occupancy Tax (\$3,043,390) for snow removal and snow removal equipment, Broadband implementation, and resurfacing of Fallen Leaf Lake Road.

Projects and operations budgeted within the Road Fund are generally funded with other sources of revenue. Of the revenue received for the Road program, approximately \$11.8 million is allocated from discretionary funding sources outside the General Fund, including Tribal Funding (\$4,021,976), franchise fees (\$800,000), and SMUD funds (\$2,238,455) for road maintenance and Capital Improvement projects. In addition, approximately \$3.1 million in Traffic Impact Fee (TIF) revenues will be used for Capital Improvement Plan (CIP) projects. Other major sources of revenues for this fund come from State (\$19.2 million) and Federal (\$77.8 million) sources.

The Department also has several other Special Revenue Funds for specific funding purposes. The Erosion Control budget is recommended at \$10,113,820, which is an increase of \$2,244,821 (28.5%) when compared to the FY 2023-24 Adopted Budget.

The Fleet Program Internal Service Fund Recommended Budget recommended at \$3,182,699, represents a decrease of \$427,855 (11.9%) when compared to the FY 2023-24 Adopted Budget. There is no General Fund Cost for the Fleet Internal Service Fund. The decrease is primarily due to Fleet's decreased vehicle purchases when compared to the FY 2023-24 Adopted Budget.

Transportation

RECOMMENDED BUDGET • FY 2024-25

The Road District Tax Special Revenue Fund and the Roads Countywide Special Revenue Fund, which contain many varied sources of funding for Transportation projects, can be found in the Special Revenue Fund section of this budget book.

On November 8, 2022, the voters in the Tahoe Area voted to approve Measure S – a 4% special tax increase to the County’s Transient Occupancy Tax (TOT) rate in the unincorporated portion of the Tahoe Area. The additional revenue is dedicated solely to snow removal and maintenance of existing roads in the unincorporated portion of the Tahoe Area. The Recommended Budget includes \$2.2 million for road maintenance and fixed asset purchases. The anticipated revenue for FY 2024-25 is \$2.5 million, and funds not used in the current fiscal year will be added to Contingency until the use is determined by the Department and discussed with the Measure S Citizen’s Oversight Committee.

On February 23, 2021, the Board approved revisions to Board Policy B-16: Budget Policies, including adding a new goal of designating \$3,000,000 of unappropriated discretionary resources annually for Road Maintenance. At the April 25, 2022, Special Budget meeting, the Board asked that this amount be increased to \$5,000,000. The \$3,043,390 in Discretionary Transient Occupancy Tax funding for road maintenance noted above, plus \$4,021,0976 allocated from Tribe Funds, exceed this goal. This amounts to \$7 million in discretionary revenues being directed to additional road maintenance.

MISSION

The mission of the Department of Transportation is to serve our residents by providing a safe, reliable, sustainable and fiscally responsible transportation system that enhances the quality of life for El Dorado County citizens.

PROGRAM SUMMARIES

Transportation – General Fund Programs

County Engineer

The County Engineer program provides civil engineering functions associated with subdivision and parcel map development, including tentative map and improvement plan check; construction inspection and contract administration; grading and site improvement plan check and inspection; and miscellaneous responsibilities. Staff supporting the County Engineer function is initially funded in the Road Fund in various cost centers, including the Engineering and Long Range Planning unit. These labor costs are secondarily billed to the County Engineer function, which accounts for the fact that the FTE positions are shown as zero.

The County Engineer unit's revenue sources are from development, flat-rate fees, and time and material charges for work performed by the unit. The General Fund provides the balance of funding for this program.

Transportation – Road Fund

Maintenance

This Division is responsible for the maintenance of approximately 1,086 centerline miles of roadway in El Dorado County. The maintenance program includes asphalt patching and paving, roadside brushing and tree trimming, crack sealing, ditch cleaning, roadway sweeping, storm drain and culvert cleaning, bridge maintenance, and the roadside vegetation control (herbicide) program. In addition, Maintenance conducts the snow removal program and the surface treatment (overlay and chip seal) program as funding becomes available. This Division is also responsible for Traffic Operations, which conducts speed surveys, installs and maintains

roadway signs, traffic signals, and roadway striping. Additionally, Maintenance operates the equipment maintenance facilities that maintain heavy equipment and County vehicles.

Engineering

The Engineering Division is responsible for planning, designing, engineering, surveying, and constructing County roads, highways, bridges, interchanges, and stormwater quality and environmental restoration projects. The unit is also responsible for the discretionary review of projects where development is conditioned to construct improvements to mitigate impacts resulting from the proposed project. The construction of these projects includes performing inspections and material testing for roadway construction, including developer-advanced road projects, performing the subdivision inspection function of the County Engineer, and overseeing public utility facilities construction activities within the County road right-of-way in South Lake Tahoe. The Division also includes the Office Engineer, who is responsible for the creation of operating standards to facilitate project delivery and the creation of policy and guidelines for the Department's Continuous Quality Improvement Program (CQIP), and the Materials Lab, which manages materials testing for road projects and performs annual Pavement Condition Index (PCI) evaluations.

Administration

The Director's Office manages and has overall responsibility for all divisions within Transportation. Department-wide administrative costs, such as the allocation of Central Services Administration costs, Countywide Cost Allocation Plan charges, and Department-specific software costs, are included in this Division's appropriations. These costs are allocated and recovered throughout the Department in the administrative component of the Department's labor rates.

General Department Costs

General costs include items such as liability insurance, County Counsel charges, utilities, telephone charges, etc. Where these services are provided to restricted road fund programs, costs are recovered through the billing rates charged to that program. The Road Fund discretionary revenue sources are received in this Division. Major revenue sources are State Highway Taxes (Gas Tax), Senate Bill (SB) 1 Taxes, Road District Taxes, Tribe Funds (Local Discretionary), and Public Utility Franchise Fees.

Capital Roadway Improvements

This program (with the staff provided by Engineering provides for the project development and construction of County roadway capital improvements. The CIP focuses on the transportation system within the County, consisting of the roadway network and bicycle and pedestrian facilities. The CIP provides for the rehabilitation of existing infrastructure as well as the expansion of existing facilities and systems. The appropriations included in the Recommended Budget are consistent with the proposed 2023 CIP.

Transportation – Other Special Revenue Funds

Erosion Control Improvements

The primary objective of the Erosion Control program is to utilize grant funding and local Tahoe Regional Planning Agency (TRPA) mitigation funds to construct the El Dorado County Stormwater quality improvement projects and environmental restoration projects contained within the Lake Tahoe Basin Environmental Improvement Program, which is incorporated into the CIP. Resources provided by the Tahoe Engineering Unit are utilized to accomplish this objective. The Lake Tahoe Basin EIP and federal water quality mandates have objectives designed to accelerate the achievement of water quality improvement goals established for the Lake

Tahoe region. The Erosion Control Program also includes efforts related to the implementation of bicycle facilities identified in the Lake Tahoe EIP to assist in the attainment of air quality thresholds.

Road District Tax

This budget unit is established for the purpose of initially capturing property taxes designated for road purposes as Road District Tax revenues, which are subsequently transferred out of this fund and recorded as funding sources to the Road Fund. Since the enactment of ERAF I (Education Revenue Augmentation Fund I) by the State of California, an annual subsidy from the Road District Tax fund to the Cameron Park Airport District has been provided for road maintenance.

The Road District Tax unit receives all revenue from property taxes and homeowners' tax relief funds.

Fleet – Internal Service Fund

The Fleet Services unit is overseen by the Department's Maintenance Division. Fleet Services manages the planning, acquisition and replacement of County vehicles, as well as the sale or disposal of surplus vehicles, and manages the fleet pool. This unit also provides auto maintenance and repair services for County vehicles both in and out of the fleet pool. This internal service fund charges costs for services to other County departments.

STAFFING TREND

Staffing for the Department of Transportation has fluctuated over the last 10 years due to a number of organizational changes, including the reorganization and transfer of various programs such as airports, facility services, and administrative and finance functions from Transportation to other departments, and Fleet Services, Zones of Benefit, and Traffic functions to Transportation.

On February 6, 2024, the Board approved the deletion of 1.0 FTE Associate Right of Way Agent and the addition of 1.0 FTE Administrative Technician. During FY 2022-23, a vacant Sr. Engineering Technician allocation was alternately filled with the Engineering Aide, and the Department is requesting this underfill be

carried forward again for FY 2024-25 per Personnel Rule 505.1. Lastly, the recommended Budget deletes a vacant 1.0 FTE Office Assistant I/II, 1.0 FTE Parts Technician and adds a 0.5 FTE Office Assistant and a 1.0 FTE Administrative Analyst I/II. The recommended staff allocation for FY 2024-25 is 156.5 FTEs.

SOURCES & USES OF FUNDS

The Department of Transportation is primarily funded by State and Federal revenues. Other revenues come primarily from Traffic Impact Fees, discretionary tribe funds, and fees for services. The Fleet Management function is an internal service fund and receives the majority of its funding through charges to other County departments that use Fleet services.

There is General Fund support to the Department, which is funded by general revenues received in the Department 15 – Other County Operations budget unit.

Child Support Services

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The Recommended Budget for Child Support Services is \$4,606,884, a decrease of \$22,768 (0.5%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 0.1% of the funding for the Department with no change in General Fund support from the FY 2023-24 Adopted Budget.

The State reduced El Dorado County’s Local Child Support Agency allocation during FY 2020-21. In the past three years and in the Recommended Budget, the department has been able to delete vacant positions to avoid an increase in General Fund support while maintaining service levels. In FY 2022-23, the County purchased the Ponderosa building with Child Support Services sharing space with the Health and Human Services Agency and Elections Office, significantly lowering lease costs. These cost-saving measures resulted in Child Support Services being able to maintain the Net County Cost of \$5,000 in the FY 2024-25 Recommended Budget.

MISSION

The State of California's Child Support Program's mission is to promote parental responsibility to enhance the well-being of children by providing child support services to establish parentage and collect child support.

El Dorado County Child Support Services' mission is "Making a difference in the lives of children by providing exceptional child support services to families." El Dorado County Child Support Services meets the State's mission by providing County residents the opportunity to receive services in the Shingle Springs and South Lake Tahoe offices.

PROGRAM SUMMARIES

Administration and Services

The Child Support Program is a federal/state/local mandated partnership aimed at establishing paternity and enforcement of child support and medical support. The Federal Child Support Enforcement Program was established nationwide in 1975. A restructuring of the child support program in 2000 through State reform legislation allows counties to independently operate under the State Department of Child Support Services. The goals of the program are to promote the well-being of children and the self-sufficiency of families by assisting both parents in meeting the financial, medical, and emotional needs of their children through the delivery of quality child support establishment, collection and distribution services. Revenues for services are ongoing and are provided by the State at 34%, the Federal government at 65.9%, and the County General Fund at 0.1%.

Child Support Services

RECOMMENDED BUDGET • FY 2024-25

EDP Maintenance and Operations

This refers to the Electronic Data Processing (EDP)/Maintenance and Operations arm of the Division. Funding is provided by the State and Federal governments for specific, identifiable child support automation duties and responsibilities. Funding covers information technology support, network costs, and other automation-related expenses. Revenues for this program are provided by the State at 34% and the Federal government at 66%. There is no cost to the County General Fund.

STAFFING TREND

The Recommended Budget includes a total allocation of 28.5 FTE, and overall decrease of 0.5 FTE from the FY 2023-24 Adopted Budget. After the adoption of the FY 2023-24 Budget, the Board approved the addition of 1.0 FTE Administrative Technician and the deletion of 1.0 FTE Child Support Specialist III on December 6, 2023 (Legistar item 23-2126) and the addition of 1.0 FTE Office Assistant I/II and the deletion of 1.0 Child Support Investigator I/II on April 9, 2024 (Legistar item 24-0530). During FY 2023-24, a 1.0 FTE Child Support Specialist II requested to move from full-time to part-time employment. The Department can absorb this workload and is requesting to delete the vacant 0.5 FTE Child Support Specialist I/II allocation with the Recommended Budget.

SOURCES & USES OF FUNDS

As stated above, the Child Support Program is a federal/state/local mandated partnership; this means that State and County contributions to the program are matched by federal funding with a ratio of 34% state/county funding and 66% federal funding.

Health and Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The budget for the Health and Human Services Agency (HHS) is recommended at \$224,602,823, which is a decrease of \$10,328,019 (4.4%) when compared to the FY 2023-24 Adopted Budget. Revenue totals \$211,423,619, and total staffing is 669.83 FTE positions. The majority of the change in appropriations can be attributed to Behavioral Health pandemic-related funding and a reduced amount of Realignment Fund Balance when compared to FY 2023-24 due to an accounting change where Behavioral Health Realignment funding is left in the Realignment Fund and transferred to the Mental Health Fund only when expended.

The Recommended Budget for HHS reflects General Fund support of \$13.2 million. The change to the HHS General Fund support request is a net decrease of \$455,539 over the FY 2023-24 Adopted Budget.

MISSION

The Health and Human Services Agency (HHS) partners with the community on health and welfare issues. The Agency’s mission is, with integrity and respect, to provide effective, efficient, collaborative services that strengthen, empower, and protect individuals, families, and communities, thereby enhancing their quality of life.

Health and Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

AGENCYWIDE PENDING ISSUES

Implementing State Mandates

The Recommended Budget for HHSA incorporates a significant number of changes that are the result of State mandates that require new programs or changes to existing programs, often without additional funding. The Recommended Budget includes the building of the Permanent Navigation Center in Community Services; the implementation of Crisis Care Mobile Units, Crisis Residential Treatment services, and CARE Courts in Behavioral Health; and the implementation of CalAIM Justice Involved programming in Social Services and Behavioral Health. Many of the State mandates that HHSA are implementing include increased administrative and quality improvement processes. The Recommended Budget reflects an investment in staffing to meet these State mandates, while at the same time minimizing the impact of these programs on the General Fund.

State Budget Impacts on HHSA

The Governor's January Budget proposed cuts in funding to HHSA programs in the areas of CalWORKs program administration, Expanded Subsidized Employment, Housing Support, Family Stabilization, and is considering additional deferrals of one-time multiyear allocations including Bringing Families Home, Home Safe, and the Families First Transition Act State Block Grant. Additionally, HHSA is anticipating declines in Realignment revenue due to slowing Sales and Use Tax and Vehicle License Fee collections.

Historically, the demand for government services in the community increase during economic downturns and are generally inversely proportionate to Realignment revenue collections. As the cost of basic needs rise and consumer discretionary spending declines, HHSA will be seeing an increase in cash, food, housing, and energy assistance applications, reports of violence in the home, and the demand for health, mental health, and drug and alcohol services. As such, it is important to continue to conservatively safeguard Realignment fund balances to mitigate the potential negative impacts to program service delivery and County General Fund if the economy continues to decline. Staff continue to closely monitor the State Budget and plan for any impacts it may have on HHSA programs. It is likely the Agency will have revisions to the Recommended Budget in the fall, once the State Budget has been finalized.

CalAIM Initiative

The California Advancing and Innovating Medi-Cal (CalAIM) is a state initiative that went into effect on July 1, 2023. The initiative's Medi-Cal payment reform eliminates the current cost report and settlement to cost requirements and instead implements "peer" county rates. Counties are allowed to be paid in excess of their actual cost, with the excess being reinvested into counties' programs. In addition, counties are allowed to include incentive payments for quality outcomes in their contracts with service providers. CalAIM has required HHSA to adapt financial and administrative procedures to comply with CalAIM requirements. The implementation of CalAIM is ongoing and staff continue to adapt processes and closely monitor the impacts of CalAIM on costs and revenues.

Agency-wide Efforts to Conserve General Fund Resources

HHSA's Recommended Budget reflects an attempt to reduce the burden on General Fund as much as possible while meeting the increased demands for mandated health and welfare services, complying with new statutory regulations, and attempting to not overburden staff. HHSA has deferred requests for needed staff including Office Assistants for Veteran Affairs and Senior Day Services, an Administrative Analyst for Animal Services, various fiscal and analyst positions for the Administration and Finance Division, and program staff for Social Services and Behavioral Health. The HHSA Executive Team is actively looking at additional cost saving and

Health and Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

revenue generating measures such as evaluating special revenue fund balances for allowable uses, finding ways to increase operational efficiencies through organizational flexibility, and braiding existing program funding to serve the community more holistically and efficiently. HHSA will continue to work with the Chief Administrative Office to determine feasible cost savings measures to present to the Board in the fall.

Administration and Financial Services

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The budget for the Health and Human Services Agency (HHS) Administration and Financial Services Division (Admin and Finance) is recommended at \$5,566,767, which is an increase of \$606,162 (12%) when compared to the FY 2023-24 Adopted Budget. The increase in appropriations is the result of the addition of 2.0 FTE allocations during FY 2023-24 and 3.0 FTE allocations with the Recommended Budget. This additional staff is to assist the Administration and Financial Services Division with meeting state and federal mandates primarily related to CalAIM, Care Court, disaster reimbursement, and the Housing and Homelessness Program.

The General Fund cost for this Division is recommended at \$466,344. The General Fund cost primarily relates to the true-up of the over-collection of revenues from HHS programs that fund the Administration and Financial Services Division, through the carry-forward calculation that is part of the annual Indirect Cost Rate (ICR) Plan. Due to the variance between budget and actuals, ICR collections may exceed or not meet Administration and Finance costs, resulting in an under- or over-collection. When utilizing an indirect cost rate methodology, it is anticipated that over a two-year period, the costs of HHS Administration will be fully recovered by the programmatic departments which can cause fluctuation in ICR amounts and the General Fund cost of the Administration and Finance Division. With the FY 2023-24 Adopted Budget the Board designated \$250,000 of General Fund savings that was the result of an over-collection in FY 2022-23. The Recommended Budget includes the use of the \$250,000 designation, which shows as a revenue in General Fund General Revenues and Non-Departmental Expenses (Department 15) budget. The use of this designation helps smooth the General Fund impact of the ICR true up process, and if possible is recommended for use in future years.

MISSION

The HHS Administration and Financial Services Division (Admin and Finance) provides administrative and fiscal support to the seven programmatic divisions of HHS, which include Behavioral Health, Public Health, Community Services, Social Services, Animal Services, Public Guardian, and Veteran Services. The Division's mission is to support programs and community stakeholders by providing financial information in an efficient, collaborative and consistent manner to ensure compliance with government regulation and fiscal accountability.

PROGRAM SUMMARY

Administration and Finance was created in July 2013 to provide efficiencies in administrative and fiscal support to the various programs in each of the programmatic departments of the Agency. The Division provides a wide range of services to the seven divisions, including maintaining and monitoring contracts; providing fiscal and budget support; coordinating facility maintenance, purchasing, billing, payroll, grant

reporting; preparing items for submission to the Board of Supervisors; and internal personnel processing. The Division charges programs for the use of its services and recovers costs from each of the seven HHSA divisions through an Indirect Cost Rate (ICR).

STAFFING TREND

Staffing for Administration and Finance is recommended at 70.5 FTE allocations, a 5.0 FTE increase from the FY 2023-24 Adopted Budget. After the adoption of the FY 2023-24 Budget, the Board approved the addition of 1.0 FTE Fiscal Technician and 1.0 FTE Accountant I/II on April 23, 2024 (Legistar item 24-0219). The Recommended Budget includes the addition of a 1.0 Fiscal Technician allocation to replace the long-term use of an extra-help employee. The Recommended Budget also includes the addition of a Sr. Accountant and Sr. Administrative Analyst to increase the capacity of the Division to proactively respond to changes in financial reports and administrative processes, particularly in monitoring legislation that will impact the Division and HHSA programs. Additionally, a 0.5 FTE Administrative Analyst allocation is being moved to the Public Health Division and a 0.05 FTE Program Manager allocation is being moved from Community Services to Admin and Finance to better reflect the workloads of the allocations.

During FY 2023-24, one vacant Administrative Analyst I/I and one vacant Office Assistant I/II were alternately filled with two Administrative Technician allocations due to changing programmatic needs. The Recommended Budget revises the allocation to match the current classification of the allocation.

SOURCE & USES OF FUNDS

The Health and Human Services Agency Administration and Financial Services Division was created to provide efficiencies in administrative and fiscal support to all the programs across the agency. The Department allocates these fiscal and administrative costs to programs within the agency based on direct program salaries. Administration and Finance costs are funded by state, federal, realignment, donations/fees, and General Fund.

Animal Services

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The Budget for the Health and Human Services (HHS) Animal Services Division is recommended at \$4,478,630, which is an increase of \$40,997 (0.9%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 57.1% of the funding for the Division and is increased by \$108,843 (4.4%) when compared to the FY 2023-24 Adopted Budget. The increase in General Fund is primarily in Fixed Assets including replacement vehicles and the corresponding dog boxes for the vehicles. HHS requested the addition of an Administrative Analyst allocation that has been deferred to the Adopted Budget to determine if funding is available for the request.

funded by the transfer of a smaller truck to the Office of Wildfire Preparedness and Resilience.

Intrafund Transfers

(\$41,152) Decrease in Intrafund Transfers primarily due to the HHS Administration and Finance Indirect Cost Rate and Executive Staff Cost Allocation charges that recover the appropriate share of those costs from Animal Services.

Intrafund Abatements

(\$26,000) Increase to Intrafund Abatements, shown as a negative expense, from an Office of Emergency Services (OES) Grant from the Sheriff's Office for the purchase of a trailer for transporting animals during emergencies.

MISSION

The mission of the HHS Animal Services Division is to promote the health and safety of people, their animals, and the communities of El Dorado County. The Division provides Field Services, Rabies Control Program, and Shelter Operations. The Division provides these services in a caring, professional and fiscally responsible way, maximizing the resources available.

PROGRAM SUMMARY

For both the Western Slope and South Lake Tahoe areas of the County, Animal Services provides mandated services such as rabies control, impoundment of animals at large, investigations of aggressive dogs threatening humans and livestock, sheltering stray animals, veterinary treatment for sick or injured animals, animal licensing, and enforcement of State and local animal laws. Revenues in this program come from licensing, fees for services, penalties/fines, State Sales Tax Realignment, and contract payments from the City of Placerville and the City of South Lake Tahoe.

STAFFING TREND

The recommended staff allocation for FY 2024-25 is 21.0 FTEs, unchanged from the prior year. There are 15.52 FTEs on the West Slope and 5.48 FTEs in South Lake Tahoe.

SOURCES & USES OF FUNDS

The General Fund provides the majority of funding for this Department (57.1%). Other funding comes from service agreements with other agencies (21.1%); Licenses and Permits (4%); Service Charges (3.8%); vehicle license fees (8.1%); sales tax realignment (1%); and court fines, disaster reimbursement, and miscellaneous revenue (4.9%).

Health and Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

In addition to the operations out of the Animal Services General Fund organizational code, Animal Services has three Community and Employee donation funds maintained in Special Revenue Funds: Animals for Retired Friends, Neuter Deposits, and the Pet Aid Program. These Special Revenue Funds are used to assist low-income residents with pet care, neuter, and adoption fee costs, and to provide veterinary care for shelter animals. The Recommended Budget includes the use of \$380,115 from these Special Revenue Funds. Details for each Special Revenue Fund can be found in the Special Revenue Fund section.

RECOMMENDED BUDGET

The Health and Human Services Agency (HHS) Behavioral Health Division budget is recommended at \$67,385,720, which is a decrease of \$13,083,979 (16.3%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides \$16,510 for the Department's Maintenance of Effort (MOE) as directed by the State Department of Health Care Services.

Traditional Behavioral Health Programs

The Recommended Budget for the Traditional Behavioral Health Programs is \$19,656,961, which is a decrease of \$17,878,944 (48%) when compared to the FY 2023-24 Adopted Budget. The decrease can be attributed to projected decreases in overall Realignment Fund Balance available from FY 2023-24 for use in FY 2024-25, due to slowing revenue growth and use of Realignment in FY 2023-24, and due to an accounting change where funding is not transferred from the Realignment Special Revenue Fund until the expense is incurred, and the majority of Realignment Fund Balance is budgeted as Contingency in the Realignment Special Revenue Fund.

The FY 2024-25 Recommended Budget includes the 10% transfer of 1991 Realignment revenue from Public Health and 2011 Social Services revenue into Behavioral Health. This transfer adds up to an additional \$1,042,438 in revenue into Traditional Behavioral Health Programs. As improvements to the Behavioral Health continuum of care are implemented, it is anticipated that this comprehensive system of care will reduce the structural deficits in Realignment funding for Behavioral Health and the 10% transfer will not be needed in future years.

The Traditional programs are primarily funded by federal revenues, Realignment/state revenues, and charges for services to other counties and private payers.

Mental Health Services Act (MHSA) Program

The Recommended Budget for the MHSA Program is \$37,705,414, which is an increase of \$4,064,567 (12%) when compared to the FY 2023-24 Adopted Budget. The increase in the budget is primarily due to increases in Medi-Cal revenue in the program to fund MHSA activities, which include a new Wellness Center and contracted Crisis Residential Treatment Facility.

The FY 2024-25 Recommended Budget will use \$3,749,361 of fund balance for MHSA programming, representing 49.6% of the total MHSA fund balance. This will leave \$3,806,646 of fund balance by the end of the year. The MHSA Plan was presented to the Board in April and will be brought to the Board for approval in June after the budget hearing. Staff continue to determine how the passing of Proposition 1 and the change of MHSA to Behavioral Health Services Act will impact El Dorado County Programs. The Recommended Budget reflects MHSA spending guidelines and plans.

Substance Use Disorder Services (SUDS) Programs

The Recommended Budget for Substance Use Disorder Programs, including Opioid Settlement funding is \$10,023,345, which is an increase of \$730,398 (7.8%) when compared to the FY 2023-24 Adopted Budget. The increase is primarily due to Opioid Settlement Funding and increased Medi-Cal funding for Substance Use Disorder Programming.

SUDS Programs are funded primarily by federal and state revenue and Realignment funds.

Other Financing Sources

(\$9,576,381) Decrease in Operating Transfers In of 1991 & 2011 Realignment Revenue primarily due decreased Realignment Fund Balance available for use in FY 2024-25 and a change in accounting practice where the majority of Realignment Fund Balance is budgeted as Contingency in the Realignment Special Revenue Fund not the Mental Health Fund.

(\$1,524,363) Decrease in Operating Transfers In primarily due to American Rescue Plan Act support for pandemic impacts to the Behavioral Health system of care that are not continuing into FY 2024-25.

Fund Balance

(\$6,560,064) Decrease in Realignment Fund Balance in fund balance primarily due to the accounting change mentioned above where Realignment funding is left in the Realignment Fund and transferred to the Mental Health Fund only when expended.

\$559,483 Increase in estimated fund balance available at the beginning of the year in the MHSA subfund.

(\$396,694) Decrease in estimated fund balance available at the beginning of the year from Opioid Settlement funding.

Appropriations

Salaries and Benefits

\$5,134 Increase in Salaries and Benefit costs due to the addition of 0.1 FTE Medical Records Technician allocation to bring a current allocation to 1.0 FTE.

(\$87,763) Decrease in Salaries and Benefit costs due to the deletion of a limited term Mental Health Worker allocation that was funded with General Fund for fire recovery activities.

\$1,480,226 Increase due to FY 2023-24 Board-approved additions of 5.0 FTE Administrative Analyst allocations, 1.0 FTE Fiscal Technician allocation, 3.0 FTE Mental Health Clinician allocations, and 5.0 FTE Mental Health Worker allocations.

\$363,243 Increase in Salaries and Benefits expenses primarily due to Health Insurance cost increases, employee step increases, and changes to benefit elections.

Services and Supplies

\$480,705 Increase in Professional Services related primarily to the implementation of the Nature Therapy for Youth MHSA Project.

(\$1,434,511) Decrease in Special Projects and expenses primarily due to an updated plan for the implementation of an Adult Crisis Residential Treatment Facility as part of the Behavioral Health Continuum Infrastructure Program Grant.

(\$767,138) Decrease in Prior Year Revenue Refund for a Mental Health Cost Report Settlements and State Audits that was included in FY 2023-24 Budget and not needed in FY 2024-25.

\$110,000 Increase in Other Government Agencies expenses for the CalMHSA Behavioral Health Workforce Program.

\$159,523 Increase in Services and Supplies due to adjustments in multiple objects to align with actual costs.

Other Charges

\$382,000 Increase in projected Institute for Mental Disease expenses to align budget with projected costs.

(\$243,749) Decrease in Health and Ancillary Services to align contract spending with estimated MHSA Fund Balance availability.

\$563,000 Increase in Housing due to the implementation of the Behavioral Health Bridge Housing grant

(38,193) Decrease in Interfund Transfers primarily due to an A-87 cost reduction of \$114,617 and increase to the HHSA Administration and Finance Indirect Cost Rate and Executive Staff Cost Allocation charges that recover the appropriate share of those costs from the programs, which is decreasing for the Traditional Programs.

Fixed Assets

\$40,000 Increase in Fixed Assets for kitchen equipment and improvements to the Psychiatric Health Facility.

(\$923,920) Decrease in Fixed Assets as vehicles for the Crisis Care Mobile Unit included in the FY 2023-24 Adopted Budget are not included in the Recommended Budget.

Other Financial Uses

\$289,833 Increase in Operating Transfers Out due primarily to the allocation of Opioid Settlement funding to the Sheriff's Office and Probation.

Intrafund Transfers

\$321,250 Increase in Intrafund Transfers across the Behavioral Health programs primarily to recover Behavioral Health administration costs across the various programs.

Intrafund Abatements

(\$771,250) Increase in Intrafund Abatements, shown as a negative expense, primarily due to a transfer of funding from Public Health for a Suicide Prevention Program.

Contingency

(\$16,934,640) Decrease in Realignment Contingency due to the accounting change mentioned above where Realignment funding is left in the Realignment Fund and transferred to the Mental Health Fund only when expended.

\$3,806,646 Increase in MHSA Contingency due projected MHSA funding that will be unspent in FY 2024-25 and available for use in future years.

MISSION

The HHS Behavioral Health Division strives to alleviate the impact of mental illness or significant emotional disturbance by providing recovery-oriented, client-centered, culturally competent treatment services in collaboration with clients, families and community partners. The Division seeks to eliminate disparities in service access and to reduce the stigma associated with mental illness while offering the highest quality behavioral health care to improve the community's health and safety, strengthen individuals' resilience, and promote the restoration of healthy families. The Division also provides substance use disorder services to address alcohol and other drug-related issues affecting the community.

PROGRAM SUMMARIES

Traditional Behavioral Health Programs

The Behavioral Health Division's (BHD) traditional programs include mandated and/or core programs that existed prior to the passage of the Mental Health Services Act (MHSA) in November 2004. The County General Fund contribution represents the minimum required General Fund cash match to support mandated services. The majority of services provided are Medi-Cal-eligible services provided to predominantly Medi-Cal-eligible clients. Primary traditional programs in order of relative magnitude include:

Outpatient Mental Health Services for Children

These programs are primarily provided through contracted resources that provide a variety of therapeutic interventions for severely emotionally disturbed children, including assessments, and in consultation with schools, other community partners, and families.

Health and Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

Outpatient Mental Health Services for Adults

Provides initial mental health assessments for new clients, as well as specialty mental health services for a limited number of severely mentally ill adults who are not enrolled in MHSA-funded programs.

Psychiatric Health Facility (PHF)

El Dorado County contracts with the Telecare Corporation to operate the PHF, which is located in Placerville and is a licensed, 16-bed, 24-hour, acute, non-medical facility providing adult inpatient services for persons requiring intensive psychiatric care, many of whom are involuntarily hospitalized. Although the County of El Dorado's residents receive priority for required admissions, the Department contracts with several other counties to provide their residents with inpatient care on an as-needed, as-available, basis.

Institutional and Residential Care

Involves appropriate placement and care of seriously mentally ill adults and seriously emotionally disturbed children when required based on the level of severity of their illness/disturbance.

Psychiatric Emergency Services (PES)

Ensures 24/7/365 on-call services are provided predominantly at hospitals on both slopes of the County to respond to psychiatric crises, provide referrals for follow-up services, and, when necessary, detain and admit individuals to a psychiatric hospital.

Utilization Review/Quality Improvement

Ensures timely and appropriate access to services and compliance with Federal and State regulations, as well as quality improvement efforts, staff development programs, and clinical program evaluation.

Extra-help staff and overtime are used in support of traditional programs primarily to ensure the availability of after-hours and on-call psychiatric emergency services. Extra-help staff are sometimes used as a more cost-effective way to provide other intermittent mental health services, often when after-hours or weekend work is necessary.

MHSA Programs

In November 2004, California voters passed Proposition 63, known as the Mental Health Services Act (MHSA). The MHSA is funded by a one percent tax on personal income in excess of \$1,000,000 for California residents. The Department's MHSA programs are designed to reduce disparity in service access and to promote mental health wellness and recovery by providing effective mental health interventions and critical supportive services to seriously mentally ill individuals and seriously emotionally disturbed children, often to those client populations that were previously underserved or unserved. MHSA programs are designed to engage clients, and sometimes other supportive individuals, in playing a significant role in formulating client recovery plans. Community participation is also a key element in creating and monitoring our MHSA programs. MHSA funds cannot be used to supplant other funds, including Realignment, for programs that were in existence in 2004 when the Act was passed; however, MHSA funds can be used for the expansion of traditional programs beyond the base 2004 service level.

MHSA is composed of the following five components:

- Community Services and Supports (CSS)
- Workforce Education and Training (WET)
- Prevention and Early Intervention (PEI)
- Innovation
- Capital Facilities and Technological Needs (CFTN)

The Behavioral Health Division currently has approved plans for all components. Funding for each of these components is provided through county allocations from the State. The funding for each component must be expended within a certain period of time or the funding reverts to the State for redistribution to other counties. The CSS, PEI, and Innovations components have a five-year reversion policy and continue to receive allocations on an annual basis; CFTN and WET have a 10-year reversion policy and are operating from fund balances and transfers from CSS, as these components are no longer allocated MHSA funds from the State.

Proposition 1 on the March 2024 ballot, when combined with the recently signed SB 326 and AB 531, form what is known as MHSA Reform. Although the majority of the reform will not be implemented until July 1, 2026, planning for the changes is already taking place within the BHD. Key changes brought on by MHSA Reform include the integration of SUDS, thereby necessitating a name change from MHSA to BHSA, the addition of a new Housing component that will receive 30% of BHSA funds, and the elimination of the Innovation, Workforce Education, and Capital Facilities and Technology Needs components. No changes have been made to the increased responsibilities for County Behavioral Health services, for which MHSA has become a core funding mechanism, which could result insignificant financial shortfalls with no reduction in obligations.

Substance Use Disorder Services (SUDS) Programs

These programs implement strategies designed to address alcohol and other drug-related issues affecting communities, criminal justice, child welfare systems, and schools. Activities include education, raising public awareness of issues, promoting drug-free alternatives for youth and adults, drug-free workplace programs, activities to reunite families, where appropriate, and related services. Also included are drug court activities. Revenues in these programs include State and Federal funding, Local Realignment, miscellaneous revenues, and court fines. The Local realignment is used for Drug Medi-Cal services.

Beginning June 1, 2019, Behavioral Health opted into participating in the Organized Delivery System (ODS) Waiver Program for a more comprehensive substance abuse treatment approach. The waiver is a California pilot program that enables more local control and accountability, provides greater administrative oversight, creates utilization controls to improve care and efficient use of resources, implements evidence-based practices in substance abuse treatment, and coordinates with other systems of care. Participating counties can offer an expanded range of SUDS treatment modalities for Medi-Cal beneficiaries, including a Narcotic Treatment Program, non-perinatal residential substance abuse treatment, withdrawal management, and recovery services.

FUTURE/PENDING ISSUES AND POLICY CONSIDERATIONS

Adult Behavioral Health System of Care Changes

Traditional Behavioral Health program funding continues to present a challenge to the County since the majority of traditional Realignment funds are spent on a relatively small number of out-of-county placements and placements in the Psychiatric Health Facility (PHF). Just a few clients placed at high-cost facilities can have a significant effect on the use of Realignment funds. In addition, with a shortage of

Health and Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

residential beds available statewide, conserved clients, who no longer meet the medical necessity requirements of acute PHF placement, continue to remain at the PHF until a residential bed in a lower level of care is available. Offsetting Medi-Cal revenue cannot be claimed for the days waiting for an appropriate placement, which further exacerbates this funding issue.

Behavioral Health has received Behavioral Health Continuum Infrastructure Program (BH-CIP) funds for a Crisis Care Mobile Unit (CCMU) and a Crisis Residential Treatment (CRT) facility. The BHD has been able to increase its Realignment fund balance over the past few years with a combination of County ARPA funding, Realignment growth, and the exercising of the 10% transfer authority from both Public Health and Social Services. Nearly all of the ARPA funding has been exhausted, and with the potential of an economic downturn, Realignment funding may decline. This would not only reduce Realignment funds sent directly to the BHD, but reduce, or eliminate the ability to exercise the 10% transfer authority. Staff will continue to monitor revenue and legislation, implement improvements to the system of care, and maximize other revenue sources during the fiscal year.

CalAIM Initiative

CalAIM has had significant impacts on Behavioral Health with CalAIM Medi-Cal payment reform going into effect on July 1, 2023. CalAIM eliminates cost report and settlement requirements and instead implements a county-specific fee-for-services rate. Staff continue to closely monitor revenue and adapt all County processes to the new requirements. The Recommended Budget reflects lessons learned from the first year of CalAIM implementation, but it is anticipated that further budget and contract updates may be needed in FY 2024-25 as the implementation of CalAIM continues.

Community Assistance, Recovery and Empowerment (CARE) Court legislation (SB 1338)

Senate Bill 1338 was signed into law in 2022 and requires all counties to establish CARE Courts no later than December 1, 2024. The aim of CARE Courts is to connect people in crisis with a court-ordered Care Plan for up to 12 months, with the possibility to extend for an additional 12 months. The framework provides individuals with a clinically appropriate, community-based set of services and supports including court-ordered stabilization medications, wellness and recovery supports, and connection to social services and a housing plan. The State provided some planning funds, but it is unlikely that they will provide additional funding for this program as the position of Department of Health Care Services is this program is fully funded through existing Medi-Cal obligations despite the expanded service, reporting, and court related functions. CARE Court will be implemented in FY 2024-25 and estimated costs for the program are included in the Recommended Budget, but these are estimates that may need to be adjusted after the program is implemented.

STAFFING TREND

The staff allocation for FY 2024-25 is recommended at 129.25 FTEs, which is a net increase of 12.6 FTE when compared to the FY 2023-24 Adopted Budget. After the adoption of the FY 2023-24 Budget, the Board approved the addition of 4.0 FTE Administrative Analyst I/II, 1.0 FTE Fiscal Technician, 5.0 FTE Mental Health Worker I/II, 3.0 FTE Mental Health Clinician IA/IB/II, and 0.5 FTE Office Assistant I/II on April 23, 2024 (Legistar #24-0463).

The Recommended Budget includes the deletion of a vacant 1.0 FTE limited-term Mental Health Worker allocation that was added to assist with fire recovery activities. The Recommended Budget also includes the addition of 0.1 FTE Medical Records Technician allocation to bring a current allocation to 1.0 FTE and support the digitization of records in the BHD.

During FY 2023-24, 2.0 FTE vacant Mental Health Clinician IA/IB/II allocations were alternately filled with 2.0 FTE Health Educator allocations due to changing programmatic needs. The Recommended Budget revises the allocation to match the current classification of the allocations.

SOURCES AND USES OF FUNDS

The Behavioral Health Department is funded primarily by MHSAs revenue, which is derived from a one-percent tax on personal income in excess of \$1 million for California residents, state Realignment revenue, and federal Medi-Cal funding to support the Mental Health and Drug Medi-Cal-ODS Waiver program.

The Behavioral Health Fund Balance is budgeted as follows:

Program	FY 2024-25 Est Beginning Fund Balance	Budgeted Fund Balance Use	FY 2024-25 Est Ending Fund Balance

RECOMMENDED BUDGET

The budget for the Health and Human Services Agency (HHS) Community Services Division is recommended at \$32,304,681, which is an increase of \$69,897 (0.2%) when compared to the FY 2023-24 Adopted Budget. The General Fund Contribution is \$3,475,242, a decrease of \$214,014 (5.8%). The General Fund provides 11.4% of the funding for this Department.

The Community Services Fund 1107 is decreasing by \$442,498 primarily due to the end of one-time pandemic-related funding for senior programs that is partially offset by increases in funding for Housing and Homelessness Programs. The IHSS Public Housing Authority is increasing by \$73,600 due to a true-up of State allocations. The Public Authority Fund 1376 is increasing by \$438,795 due to an increased utilization of Housing Choice Vouchers in FY 2023-24 which is anticipated to continue into FY 2024-25.

MISSION

The HHSA Community Services Division provides a range of programs to assist persons in attaining or maintaining their self-sufficiency, independence, safety and/or well-being. The mission is to respectfully serve all persons in a manner that improves the overall quality of life in El Dorado County.

PROGRAM SUMMARIES

Community Programs

Community Programs provide a range of services designed to meet specific special needs of low-income, disabled and/or other targeted County resident population groups. These services help qualified program participants meet basic needs in support of their health and well-being, maintain their independence, acquire permanent housing and/or continue living in their own homes.

Community Programs include the federally funded Low-Income Home Energy Assistance Program (LIHEAP), which assists with the purchase of home heating fuel or firewood; and Weatherization Assistance Program, which provides families with more energy-efficient residences; the Community Services Block Grant (CSBG) that is used to offset administrative costs for Community Programs that provide services to low-income populations; and the Community Corrections Partnership, which helps to link justice-involved individuals to available services.

Homeless Prevention Program Grants

Health and Human Services Agency and the El Dorado County Opportunity Knocks Continuum of Care (CoC) have been awarded several multi-year state grants aimed at homelessness prevention. The expected outcomes include but are not limited to capital improvements for temporary and permanent housing, rental subsidies, landlord incentives, a youth homeless prevention set-aside, and other public services including coordinated entry for the homeless and those at risk of becoming homeless. HHSA has been delegated by the Board of Supervisors as the Administrative Entity for the CoC and therefore will administer State grant funding for allocations awarded to the CoC.

Aging and Adult Continuum of Care

Aging and Adult Continuum of Care consists of a wide array of programs that assist seniors aged 60 and over and functionally disabled or mentally impaired adults to remain safe, stable, active and independent to the greatest extent possible. El Dorado County operates as the Area Agency on Aging for the County, enabling the County to receive federal and state funding to provide an array of Senior Services.

Programs include Information and Assistance; Senior Legal Services; Ombudsman Services for residents of local care facilities; Senior Center (social and recreational programs); Senior Nutrition Services, with

Community Services

RECOMMENDED BUDGET • FY 2024-25

meals served daily at seven congregate meal sites and countywide home-delivered meals; and Family Caregiver Support Services to assist families who are caring for a dependent adult in their home. Senior Day Services in Placerville and El Dorado Hills provide respite for caregivers and social opportunities for attendees, funded with county general fund and attendee fees.

Aging and Adult Continuum of Care funding includes Federal, State, Fees/Donations/Other and County funds. Revenues are ongoing in nature, with the exception of one-time-only MAA/Linkages Fund Balance reserved for pending outstanding audits.

The Medi-Cal Administrative Activities (MAA) program, which is administered by the California Department of Health Care Services (DHCS), leverages allowable State and local revenue to receive federal reimbursement for approved Medi-Cal activities.

IHSS Public Authority

The mission of the In-Home Supportive Services (IHSS) Public Authority (PA) is to improve the availability and quality of in-home supportive services by providing IHSS recipients with access to care providers who have received the training and met the standards set by the State of California. IHSS Public Authority funding includes Federal, State, Fees/Donations/Other and County funds and is ongoing in nature. The County Board of Supervisors acts as the governing body of this “Authority” and HHSA administers the program.

Public Housing Authority (PHA)

The Public Housing Authority (PHA), through the Housing Choice Voucher Program, enables eligible households to rent existing and safe housing by making housing assistance payments to private landlords. Federal funds are also used to reimburse clients for utility costs.

Family Self Sufficiency (FSS)

As a program within the PHA, Family Self Sufficiency provides a monetary incentive to clients in order to promote self-sufficiency and decrease the use of public assistance. The County Board of Supervisors acts as the governing body of this “Authority” and HHSA administers the program.

STAFFING TREND

The recommended staff allocation for FY 2024-25 is 65.43 FTE allocations, an increase of 0.75 FTE allocations when compared to the FY 2023-24 Adopted Budget. After the adoption of the FY 2023-24 Budget, the Board approved the addition of 1.0 FTE Office Assistant I/II on April 23, 2024, with 0.8 FTE of the allocation funded in Community Services and 0.2 FTE funded in Social Services (Legistar item 24-0504).

Health and Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

The Recommended Budget includes the movement of 0.05 FTE of a Program Manager allocation to HHSA Administration and Financial Services Division due to changing programmatic needs. The Recommended Budget also includes the deletion of a vacant 0.9375 FTE Program Aide allocation and the addition of a 0.9375 FTE Program Assistant Allocation to increase opportunities for promotion and employee retention in the Division.

SOURCES AND USES OF FUNDS

The Community Services Department is funded by State and Federal revenue and by the General Fund. The budget includes \$22.6 million in State and Federal funding and \$4.7 million in fund balance primarily for homeless assistance programs.

RECOMMENDED BUDGET

The Health and Human Services Agency (HHS) Public Guardian Division’s budget is recommended at \$2,341,940, which is an increase of \$48,803 (2.1%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 93.6% of the funding for the Public Guardian Division. The General Fund cost is \$2,191,940, which is an increase of \$58,803 (2.8%). The increase in General Fund is primarily due to Board-approved compensation and benefit increases including salaries, benefits, and Indirect Cost Rate charges.

Health and Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

\$1,689 Increase in General Liability insurance premium expense.

\$1,700 Increase across multiple objects to align budget with actual costs.

Intrafund Transfers

\$19,896 Increase in Intrafund transfers primarily due to the HHSA Administration and Finance Indirect Cost Rate and Executive Staff Cost Allocation charges that recover the appropriate share of those costs from the programs.

MISSION

The Office of the Public Guardian ensures the physical and financial safety of persons unable to care for themselves, and when there are no viable alternatives to a public conservatorship. Services are defined and directed by the Superior Court. The Superior Court can appoint the Public Guardian as a conservator of the person only, estate only (for probate), or both person and estate.

PROGRAM SUMMARY

The mandated Public Guardian Program (PG) establishes and administers conservatorships of persons and/or the estates of individuals who are functionally disabled, to ensure the proper care and treatment of those who are unable to adequately care for themselves or those who are victims of fraud and/or abuse. Public Guardian deputies work in collaboration with County Counsel, the District Attorney's Office, the courts, and Behavioral Health to provide the least restrictive setting for conserved persons to receive treatment with the goal of regaining the ability for self-care and independence.

Public Guardian participates in the Medi-Cal Administrative Activities (MAA) program, which is administered by the California Department of Health Care Services (DHCS). Medi-Cal Administrative Activities leverages allowable State and local revenue to receive Federal reimbursement for approved Medi-Cal activities. Other funding includes Fees for Services and County General Fund.

PENDING ISSUES

Community Assistance, Recovery and Empowerment (CARE) Court legislation (SB 1338) was signed into law in 2022 and requires all counties to establish CARE Courts no later than December 1, 2024. The aim of CARE Courts is to connect people in crisis with a court-ordered Care Plan for up to 12 months, with the possibility to extend for an additional 12 months. The framework provides individuals with a clinically appropriate, community-based set of services and supports including court-ordered stabilization medications, wellness and recovery supports, and connection to social services and a housing plan. It is not yet known at this time how much the CARE Court program will affect the Public Guardian or Behavioral Health programs' budget and staffing requirements; staff will closely measure and monitor impacts during the implementation and return to the Board with an update if needed.

STAFFING TREND

The Public Guardian staff allocation is recommended to remain unchanged at 12.0 FTE for FY 2024-25.

SOURCES & USED OF FUNDS

The General Fund provides the majority of funding for this Division (93.6%). Other funding comes from service charges (3%), Federal Revenue (1.3%), and Misc. Revenue (2.1%).

RECOMMENDED BUDGET

The budget for the Health and Human Services Agency (HHS) Public Health Division is recommended at \$33,816,741. This is a decrease of \$1,335,162 (3.8%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 1.4% of the funding for Public Health.

The total General Fund contribution to Public Health is \$464,552 for the required match for the California Children's Services Program. Additionally, the County Medical Services Program (CMSP) participation fee of \$233,492 is not included in the Recommended Budget. The implementation of the Affordable Care Act created savings in indigent health care, and since that time, this fee has been annually waived by the CMSP Governing Board in early June, after the Recommended Budget is finalized. Should CMSP opt to not waive this fee, this General Fund Contribution of \$233,492 will be added to the Adopted Budget.

Public Health is also funded by 1991 Realignment. Realignment funding provides \$5,562,160 (16%) of the funding for the Division and is increased by \$1,466,157 when compared to the FY 2023-24 Adopted Budget. The County is required to make a \$704,192 General Fund contribution to the Realignment Special Revenue Fund. This funding is then transferred to the Sheriff's Office to partially offset the cost of correctional medical services. Realignment funding in Public Health is used to support Public Health Programs and it is anticipated that Public Health Realignment Fund Balance will be needed to address the facility needs of Public Health, as the Spring Street Facility will need either a full replacement or major refurbishment over the next 10-15 years.

Intrafund Transfers

- \$450,000 Increase in Intrafund Transfers to Behavioral Health for a Suicide Prevention Grant.
- \$211,485 Increase in Intrafund Transfers across the Public Health programs primarily to recover Public Health administration costs across the various programs.

Intrafund Abatements

- (\$211,485) Increase in Intrafund Abatements, shown as a negative expense, across Public Health programs primarily due to recovering Public Health administration costs across the various programs.

Contingency

- (\$2,057,012) Decrease in Contingency primarily due to the increased use of Public Health Realignment for program operations as pandemic-related other funding expires.
- \$20,000 Increase in Contingency related to Tobacco Settlement funding that is not programmed for use in FY 2024-25.
- \$2,000 Increase in Contingency related to Tobacco Use Prevention Program funding that is not programmed for use in FY 2024-25.

MISSION

The mission of the HHS Public Health Division is to promote the health and safety of people and the communities of El Dorado County. The Public Health Division (PHD) provides leadership and expertise in the areas of prevention, health care access, information sharing, collaboration with community partners, health and safety education, and direct client services aimed at promoting individual and family health and wellness, particularly for at-risk, underserved, and uninsured populations.

The Division provides these services in a caring, professional and fiscally responsible way, maximizing the resources available.

PROGRAM SUMMARIES

Public Health (PH) Administration

Provides programmatic administrative support to the Public Health Division (which manages approximately 30 programs) and primarily addresses the areas of policies and procedures and accreditation. Revenues include the use of Realignment to assist programs within Public Health Realignment and for programs that have non-billable administrative costs.

COVID-19 Epidemiology and Laboratory Capacity Enhancing Detection Program

The grants are intended to provide critical resources to local health departments in support of building their infrastructure so they can appropriately respond to communicable disease events in the future. This includes enhancing and developing the workforce, improving surveillance systems and databases, and supporting community partners in a coordinated response. The funds will support the Public Health

response and recovery from the Coronavirus Pandemic and lay the foundation for the future of Public Health response. At this time, grants will continue through July 31, 2026.

Communicable Disease (CD), Vital Stats, & Public Health Preparedness

Programs address communicable disease surveillance, prevention, preparedness, education, and control. This includes limited clinical services, vital statistics and health information collection, analysis and reporting. The Communicable Disease Unit is also responsible for the pandemic response and recovery including providing vaccines to the community. The Preparedness programs address bioterrorism preparedness, regional City readiness initiatives, and pandemic flu preparedness. Revenues for these programs include Realignment, health fees, state funding and federal funding.

Community Nursing

The Public Health nurses and associated staff provide community/school-based skilled early intervention and case management services designed to improve health outcomes, reduce disease incidence, and protect the public from vaccine-preventable illnesses with special emphasis on women of childbearing age and medically fragile children. In addition, the Public Health Nurses provide direct support to preparedness and communicable disease areas related to mitigation efforts as appropriate. These activities are accomplished through the administration of the following core programs: Maternal, Child, Adolescent Health (MCAH); California Children's Services (CCS); Healthy Families; Child Health and Disability Prevention (CHDP); the Early Periodic Screening, Diagnosis, and Treatment (EPSDT, a State and Federal mandate of Medi-Cal), Health Care for Children in Foster Care, Child Lead Poisoning Prevention Program, High Risk CPS Intervention and Immunization campaigns. Extra help funding is for public health nursing staff to assist with seasonal flu clinics and to assist with the CHDP program. The General Fund contribution reflects a required County match for the CCS and Healthy Families programs. Revenues in these programs include Realignment, Social Services Realignment, First 5, Probation AB 109 Realignment, County General Fund (required match), Health Fees, transfer from Human Services, and State and Federal funding.

HIV and AIDS Programs

These programs provide for surveillance and testing activities related to HIV and AIDS, as well as services and assistance, such as housing and case management, to persons affected by HIV. Revenues in these programs come from state and federal funding for HIV/AIDS and Realignment.

Public Health Laboratory/Local Enforcement Agency

Public Health uses a contracted Laboratory for any needed services. Local Enforcement Agency (LEA) responsibilities are mandated under the Public Resources Code and involve enforcement of State solid waste laws (currently primarily through contracted services). Revenue in this program comes from health fees, the State, transfers from various County departments for services, and Realignment.

Women, Infants, and Children (WIC)

The Supplemental Food Program for Women, Infants, and Children (WIC) serves low- to moderate-income pregnant, breastfeeding, and postpartum women, and infants/children up to age five who are at nutritional risk. The program offers nutrition education, breastfeeding support, and food vouchers. Revenue in this program include Federal funding and Realignment.

Health and Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

Tobacco Settlement Programs

Discretionary funds are made available through the County’s allocation from the State’s Tobacco Settlement Agreement and following prior Board direction are designated for capital improvement projects for health programs.

Health Promotions

Public Health supports a variety of health promotion programs and targeted services. Included are outreach and enrollment services to identify and provide health insurance options, particularly for uninsured/underinsured children; focused nutrition education interventions, particularly for the people eligible for the Supplemental Nutrition Assistance Program (SNAP); assessment and assistance to connect individuals with appropriate health care services; programs aimed at increasing child safety through the proper use of car seats and safety helmets; and other aligned services. Responsibilities also include the evaluation and development of health promotion strategies to prevent chronic disease and improve health outcomes for general and targeted populations (including indigent, institutionalized, and CMSP populations) and the administration of domestic violence prevention and response contracts. Revenues in these programs include marriage license fees, court fines and federal funding.

Tobacco Use Prevention Program (TUPP) and Oral Health Program

This program provides services targeted at tobacco use prevention and cessation and improvement of oral health. Revenues in these programs come from State tobacco funds available through AB 75, Proposition 56 (Tobacco Tax Act) and Realignment funds.

STAFFING TREND

The recommended staff allocation for FY 2024-25 is 75.65 FTEs. This is a net increase of 6.3 FTE when compared to the FY 2023-24 Adopted Budget. After the adoption of the FY 2023-24 Budget, the Board approved the addition of 0.8 FTE Health Educator limited term allocation on December 6, 2023 (Legistar item 23-1485). The Board approved the addition of 1.0 FTE Public Health Nursing Manager on January 9, 2024 (Legistar item 23-2035). Then the Board approved the addition of 1.0 FTE Supervising Health Education Coordinator, 1.0 FTE Sr. Administrative Analyst, 1.0 FTE Deputy Director Health and Human Services Agency to support the Housing and Homelessness Programs, and 1.0 FTE Health Educator on April 23, 2024 (Legistar item 24-0219). The Recommended Budget also includes the transfer of 0.5 FTE Administrative Analyst allocation from the HHS Administration and Financial Services Division.

SOURCES AND USES OF FUNDS

The Public Health Department is funded primarily by state and federal revenue streams, 1991 Public Health Realignment, General Fund, and Public Health Fund Balance Revenue.

The chart below summarizes budget changes in Fund Balance in FY 2024-25.

Social Services

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The Health and Human Services Agency (HHSA) Social Services budget is recommended at \$77,776,780, which is an increase of \$2,980,987 (4%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 4.2% of the funding for the Division at \$3,240,821, a decrease of \$618,310 when compared to the FY 2023-24 Adopted Budget. The decreased General Fund contribution reflects \$241,823 in American Rescue Plan Act (ARPA) funding to support pandemic-related impacts to the General Assistance Program and the end of the Caldor Fire Designation-funded Social Worker allocation in the FY 2024-25 Recommended Budget.

Changes to the Social Services budget reflect changes to Social Services programs due to state initiatives that have resulted in new programs, expanded eligibility for existing services, or mandates that require changes to the program approach. HHSA has been assessing, planning, and updating programming to meet these changes. The Recommended Budget reflects an update to budgeting and staff to meet these new programs and mandates.

Social Services applies all state, federal and realignment funding to cover its operational costs, and considers the County’s Countywide Cost Plan Allocation charges to be largely unfunded. Total Countywide Cost Plan Allocation charges are \$3,725,706, an increase of \$106,076 from FY 2023-24. The Division has also budgeted a position vacancy rate of 6% for most staffing categories, which is lower than historical actual rates from 10% to 14%. The 6% rate is below the natural rate of attrition and allows for budgetary and program flexibility.

In Social Services, budgeted realignment expenditures will result in an estimated Social Services realignment fund balance of \$7,480,639 for 2011 Realignment and no 1991 Realignment by the end of FY 2024-25. Social Services expenditures can vary greatly from year to year due to the needs of the community members served. Maintaining a prudent fund balance in Social Services mitigates the impact on the County from unexpected costs. This minimizes the need to implement service level reductions or provide additional General Fund support for these mandated services.

MISSION

The County of El Dorado Health and Human Services Agency (HHSA), Social Services includes the Protective Services and Self-Sufficiency Divisions. This area of HHSA provides a range of programs to assist persons in attaining or maintaining their self-sufficiency, independence, safety and/or well-being. The mission is to respectfully serve all persons in a manner that improves the overall quality of life in El Dorado County.

PROGRAM SUMMARIES

Social Services Administration and Public/Client Assistance

Social Services Administration and Public Assistance Programs are designed to protect and meet the basic needs of El Dorado County’s most vulnerable population groups. These are Federal- and/or State-mandated programs that require the County to provide assistance to eligible applicants regardless of the availability of local resources. If the County does not comply with applicable regulations, it can result in Federal and/or State fiscal sanctions and/or a loss of funding. Public Assistance Programs include the California Work Opportunity and Responsibility to Kids (CalWORKs), CalFresh, Medi-Cal, Adoption Assistance, Foster Care Assistance, Housing Disability and Advocacy Program (HDAP) and General Assistance.

Protective services programs provided through Social Services Administration include Child Welfare Services (CWS), Adult Protective Services (APS) and In-Home Supportive Services (IHSS). Protective Services were fully realigned by the state in 2011, eliminating a state share of cost. These programs provide a voice for children and adults in abusive situations. The CWS program provides supportive services to families for reunification, locating and providing foster care or adoption placement and the legal responsibilities dictated by the courts.

Social Services programs, both administrative and assistance, operate mostly on a cost-sharing basis where the County is required to expend a percentage of the non-federal share of costs for the provision of services. This percentage varies by program, and the County share is generally paid for with Realignment funding sources. The CalWORKs administrative program operates under a Maintenance of Effort (MOE) basis, where the County is required to contribute a minimum amount of funding toward the administration of the program after which the County is reimbursed with Federal and/or State funding up to a capped allocated amount.

Health and Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

CalWORKs

CalWORKs provides cash aid and supportive services to eligible families that have a child(ren) in the home. The program focuses on family stabilization, well-being, employment, job training, and education.

The CalWORKs Housing Support Program (HSP) is intended to promote housing stability for families experiencing homelessness in the CalWORKs program. HSP assists families to obtain permanent housing and offers financial assistance and housing-related wraparound services, including, but not limited to rental assistance, housing navigation, case management, employment and training, security deposits, utility payments, moving costs, hotel and motel expenses, legal services and credit repair.

Housing and Disability Advocacy Program

The Housing and Disability Advocacy Program (HDAP) assists disabled individuals who are homeless, or at risk of homelessness, to apply for state and federal disability benefit programs, while also providing intensive advocacy and housing support. The Housing and Disability Advocacy Program offers outreach, case management, benefits advocacy, and housing support to program participants.

CalFresh

CalFresh is a program designed to assist low-income households in supplementing their budget with funds to purchase healthy and nutritious food for their table. CalFresh is the largest food program in California and provides an essential hunger safety net.

Medi-Cal

Medi-Cal is California's Medicaid program. This is a health coverage program that provides needed health care services for low-income individuals, including families with children, seniors, persons with disabilities, foster care, pregnant women, and low-income people with specific diseases such as tuberculosis, breast cancer, or HIV/AIDS.

Foster Care Assistance and Adoption Assistance

The Foster Care and Adoption Assistance Programs (AAP) are entitlement programs to provide financial and medical coverage to care for youth in the Child Welfare system in an effort to protect them from abuse or neglect and, when appropriate, support children being adopted into permanency.

General Assistance

The General Assistance (GA) Program is designed to provide relief and support to indigent adults who are not supported by their own means, other public funds, or assistance programs. Each county's program is established and fully funded by its Board of Supervisors.

In-Home Supportive Services Program

The In-Home Supportive Services (IHSS) program provides personal care and domestic services to Medi-Cal-eligible individuals to help them remain safely in their own homes and communities. Recipients are eligible to receive assistance with tasks such as bathing, dressing, housework, and meal preparation. The recipients are typically responsible for hiring and supervising a paid IHSS provider. IHSS Social Workers employed by the County conduct in-home assessments of an individual's needs in order to determine the amount and type of service hours to be provided, based on state guidelines. Funding for this mandated

Social Services

RECOMMENDED BUDGET • FY 2024-25

service continues to be a budgetary concern for counties because the County’s share of provider service costs is paid to the State through a Maintenance of Effort (MOE) and is subject to change, including an annual 4% inflation factor. The MOE is funded by 1991 Realignment, which can be a volatile revenue source that is dependent on a healthy economy. The administration of the IHSS program is funded with a capped State General Fund allocation, and costs that exceed the allocation are funded with Realignment.

CalAIM PATH Grant

Starting in 2023, California Advancing and Innovating Medi-Cal (CalAIM) created initiatives for justice-involved individuals, including the implementation of a pre-release Medi-Cal enrollment and suspension process, as well as the delivery of Medi-Cal and continuous access to care for justice-involved youths and adults. The PATH Grant will provide multi-year funding to support the implementation of these initiatives including staff training for Social Services eligibility functions and collaboration with local law enforcement department facilities.

CalOES Victim Services Grant

El Dorado County administers a Victim Services Grant from the California Office of Emergency Services (CalOES). This grant provides enhanced funding to Court-Appointed Special Advocates (CASA) of El Dorado County for increased services and support to victimized youth in foster care. The grant was originally awarded in FY 2017-18 for a period of two years but has been extended on a yearly basis.

PENDING ISSUES

The Social Services programs are subject to change by federal and state legislation. The following items concern the potential impact on the County due to increasing costs and volatile funding resources:

Use of the 10% Realignment Transfer Authority: The 10% Realignment Transfer Authority for 1991 and 2011 Realignment was approved for use in FY 2020-21, FY 2021-22, and FY 2022-23 from Social Services to Behavioral Health. Due to decreasing fund balance available in 1991 Social Services Realignment, only the 10% transfer of 2011 Social Services Realignment was included in the FY 2023-24 Budget.

The Recommended Budget includes the 10% transfer of 1991 Realignment from Public Health to Social Services. 1991 Realignment has no statutory base restoration. So, due to decreases in Sales and Use Tax revenue, the State could potentially not fund caseload growth for the foreseeable future and base revenues may not be met, resulting in Realignment revenue that is lower than current levels, if revenues continue to decline.

In-Home Supportive Services (IHSS): There is an annual statutory 4% increase to the IHSS Maintenance of Effort (MOE), regardless of Realignment Growth collections. In addition to the MOE costs, annual state program administration funding is capped. The IHSS provider labor agreement expires in December 2024,

Health and Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

it is likely that there will be financial impacts resulting from the successor agreement. As costs continue to increase beyond HHSA's control, 1991 Realignment funding will be required to fill the gap. Realignment funding is dependent on a healthy economy; therefore, an economic downturn could affect the ability of Social Services funding to cover the increases.

Federal Discount Rate: The majority of Child Welfare Services programs receive federal Title IV-E open-ended reimbursement. Federal reimbursement is generally (with a few exceptions) 50% of costs after applying the most current non-federal discount rate. The discount rate is calculated quarterly based on the ratio of federally eligible to non-federally eligible foster care cases in El Dorado County. As federal eligibility is dependent on the primary household income in comparison to the federal income limits, the California minimum wage increases continue to cause a significant increase in the number of non-federal cases. This has a twofold effect on Social Services funding. Realignment must replace the declining federal funding for both foster care assistance and Child Welfare program administration. To illustrate the reduction in federal funding for Child Welfare, the average non-federal discount rate in FY 2016-17 was 33%, compared to 63% in FY 2020-21. Over the last several years, the direction of Child Welfare has shifted to prevention and managing cases with families intact whenever possible, which has drastically reduced the number of children in out-of-home placements. This has created savings in realigned assistance costs that have been able to offset the effects of reduced federal participation. As the economy declines with rising inflation and stressors on families increase, the number of serious neglect and abuse cases that require the detention of children has also begun to increase.

State Budget Challenges: The Social Services Programs are subject to constant change by federal and state legislation. The State, in the FY 2024-25 State Budget, is considering cuts in funding to Social Services in the areas of CalWORKs program administration, Expanded Subsidized Employment, Housing Support, Family Stabilization, and is considering additional deferrals of one-time multiyear allocations including Bringing Families Home, Home Safe, and the Families First Transition Act State Block Grant. Staff continue to closely monitor that development of the State Budget. If these deferrals are passed and will impact El Dorado County, HHSA will return to the Board with the Adopted Budget with cost saving measures which could include the delay of filling vacant positions or reducing other costs.

STAFFING TREND

The recommended staff allocation for FY 2024-25 is 287.35 FTE allocations, an increase of 4.7 FTE from the FY 2023-24 Adopted Budget allocation of 284.65 FTE. After the adoption of the FY 2023-24 Budget, the Board approved the addition of 1.0 FTE Senior Information Technology Department Coordinator on April 23, 2024 (Legistar item 24-0440). The Board approved the deletion of a 1.0 FTE limited term Social Worker I/II allocation and a 1.0 FTE limited term Program Coordinator allocation due to the funding for the allocations ending (Legistar item 23-1154). The Board also approved the addition of 1.0 FTE limited term Social Worker I/II allocation and 1.0 FTE Office Assistant allocation to support the Housing and Homelessness Program, only 0.2 FTE of the Office Assistant is funded by Social Services with 0.8 FTE funded by Community Services (Legistar item 24-0504).

The Recommended Budget includes the addition of 1.0 FTE Social Worker III within the In-Home Supportive Services Program due to the expansion of services for undocumented Medi-Cal eligible recipients. The Recommended Budget also includes the addition of 1.0 FTE Social Worker III within Adult Protective Services due to increased referrals for elder abuse. Lastly, Social Services has received grant funding to support the addition of a 0.5 FTE Senior Citizens Attorney to support Senior Programs in Community Services.

Social Services

RECOMMENDED BUDGET • FY 2024-25

During FY 2023-24, one vacant Social Worker Supervisor II was alternately filled with a Social Worker Supervisor I allocation due to changing programmatic needs. The Recommended Budget revises the allocation to match the current classification of the allocation.

SOURCES AND USES OF FUNDS

The Social Services Division is funded by state, federal and realignment funding streams. Any non-reimbursable costs are charged to the County General Fund. In concept, the General Fund pays primarily for the County Cost Allocation Plan charge.

Veteran Services

RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The Health and Human Services Agency (HHS) Veteran Services budget is recommended at \$931,564, which is an increase of \$50,692 (5.8%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 82.3% of the funding for the Veteran Services Division. The General Fund cost is recommended at \$766,855, which is an increase of \$19,567 (2.6%) when compared to the FY 2023-24 Adopted Budget. The increase in General Fund cost is primarily related to Health Benefit costs and Risk Program charges. HHS requested the addition of 1.0 FTE Office Assistant allocation, but due to General Fund constraints, consideration of this will be deferred to the Adopted Budget, while the Agency tries to secure alternative funding for this position.

- (\$2,000) Decrease in Federal Medicaid Program revenue, operating in California counties as the Medi-Cal Program.

Other Financing Sources

- \$1,125 Increase in Operating Transfers In primarily due to an increase in support from the License Plate Special Revenue Fund and Veterans House Committee (for Janitorial services).

Health & Human Services Agency

RECOMMENDED BUDGET • FY 2024-25

Appropriations

Salaries and Benefits

\$65,769	Increase in Salaries and Benefits expenses primarily due to Health Insurance cost increases and an increase to Temporary Employee costs paid by the License Plate Special Revenue Fund.
\$2,218	Increase in CalPERS employer's contribution, primarily due to increases to the County's unfunded accrued liability payment.
(\$9,180)	Decrease in Retiree Health Program charges due to a rate holiday to conserve General Fund costs.
\$4,534	Increase in Workers' Compensation premium charge.

Services and Supplies

\$1,008	Increase in General Liability premium charge.
(\$17,672)	Decrease in Security System costs due to a project to increase door security in the FY 2023-24 Budget.
\$3,222	Increase due to adjustments across multiple objects to align the budget to actual costs.

Intrafund Transfers

\$793	Increase in Intrafund transfers primarily due to the HHSA Administration and Finance Indirect Cost Rate and Executive Staff Cost Allocation charges that recover the appropriate share of those costs from the programs.
-------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

MISSION

The mission of HHSA Veteran Services is to represent and assist veterans and their dependents and survivors through the filing and adjudication of claims to the U.S. Government, and to advocate that the benefits received are the maximum possible under the full extent of the law. Veteran Services is a collaborative point of contact between the County, veterans and various veteran service organizations in the Community.

PROGRAM SUMMARY

Veteran Services provides information, benefit and application assistance, intercession, and appellate advocacy for veterans applying for State and Federal programs governing assistance to persons who served in the military as well as for their dependents and survivors. State and Federal assistance programs may include war-time pensions, compensation, education programs, burial assistance, survivors' benefits, and military retirement benefits. Staff are trained and knowledgeable of Title 38 United States Code (U.S.C.), much of Title 10 U.S.C., the California Military and Veterans Code and changing legislation.

Veteran Services

RECOMMENDED BUDGET • FY 2024-25

This program collaborates with community-based providers in the delivery of a variety of programs for homeless veterans by providing referrals to services that help the re-assimilation of returning veterans by meeting their social and behavioral health needs.

Staff also provide guidance on Veterans Services to the Board of Supervisors upon request and administrative support for the Veterans Affairs Commission and the Veterans Memorial Building House Council.

STAFFING TREND

The recommended staff allocation for FY 2024-25 is 7.1 FTEs, which remains unchanged from FY 2023-24.

SOURCES & USES OF FUNDS

The Department is primarily funded with discretionary General Fund revenue.

State funding for administration and training is distributed to counties on a pro-rata basis using allowable subvention workload units according to the California Military and Veteran Code (CMVC) §972.1.

The Department also plans to transfer \$26,369 from a special revenue fund established under CMVC §972.2 for the collection of special interest license plate fees that are to be used “for the operation of county veterans’ service offices.”

The Veteran Services Department aids the Veterans Affairs Commission in administering the annual Discretionary Transient Occupancy Tax (DTOT) contribution to the Veterans Affairs Commission Special Revenue Fund. The FY 2024-25 Recommended Budget includes \$175,000 in DTOT funding. Details for each Special Revenue Fund can be found in the Special Revenue Fund section.

Library & Museum
RECOMMENDED BUDGET • FY 2024-25

RECOMMENDED BUDGET

The Library and Museum Department’s Budget is recommended at \$6,497,639, which is an increase of \$111,806 (1.8%) when compared to the FY 2023-24 Adopted Budget. The General Fund provides 46.7% of the funding for the Department and is decreased by \$206,538 (29.7%) when compared to the FY 2023-24 Adopted Budget.

The decrease in General Fund is primarily attributed to holding positions vacant to save General Fund.

MISSION

Vision: The Library is the hub of the community, providing a welcoming environment to inspire our diverse population to read, learn and connect.

Mission: El Dorado County Library provides free and easy access to ideas, books and technology to promote literacy and lifelong learning.

The Mission of the El Dorado County Historical Museum is to exhibit and interpret the heritage of the County in a current, accurate and engaging manner; to be a valuable historical resource to the community through its well-organized research facility, historical exhibits and educational programs; to collect, document and preserve artifacts and records significant to the history of El Dorado County using the highest standards of scholarship and professional museum and archival practices; and to provide a rewarding experience for volunteers and visitors and enhance the Museum's significance to the community.

PROGRAM SUMMARIES

Administration

Provides oversight, direction and support for the Department and is responsible for administrative and business support functions including budgeting, accounting, payroll, personnel, purchasing and contract coordination.

Central Support

Delivers computer services and support and clerical operations as well as book receiving, ordering, cataloging, and processing support for all library branches.

Bookmobile

Provides access to library materials and collections at various community sites.

First 5 Early Literacy Program

Promotes the development of early literacy skills by providing early literacy programs and services for children 0-5 years old and their caregivers. Services are provided at all county branch libraries. This program is funded by a grant from First 5 El Dorado that is matched by the Library.

Law Library

This division represents the County's contribution to the Law Library for rent, custodial services, and utilities. Other expenses associated with the Law Library are funded with court filing fees and administered by the County Law Library Board. The Library Department does not oversee the operation of the Law Library.

Libraries

Cameron Park Library

Provides access to library materials and collections, public computers, reference and research assistance, and adult and children's programs that promote education and literacy. Maintains a collection of 56,000 books and other items and circulates 103,000 items annually. Open six days per week. Revenue sources are library assessments, fines and fees, donations, fund balance and General Fund.

El Dorado Hills Library

Provides access to library materials and collections, public computers, reference and research assistance, and adult and children's programs that promote education and literacy. Maintains a collection of 75,000 books and other items and circulates 226,000 items annually. Open six days per week. Revenue sources are library taxes, fines and fees, donations, fund balance and General Fund.

Georgetown Library

Provides access to library materials and collections, public computers, reference and research assistance, and children's programs that promote education and literacy. Maintains a collection of 19,000 books and other items and circulates 27,000 items annually. Open five days per week. Revenue sources are library taxes, fines and fees, donations, fund balance and General Fund.

STAFFING TREND

The Recommended Budget for FY 2024-25 is 39.85 FTE for the Library and Museum. A 0.5 FTE Library Assistant was overfilled to a Librarian and merged with a 0.50 FTE Librarian vacancy to create a 1.0 FTE Librarian allocation. The Recommended budget will revise the allocation to match the current classification of the allocation.

SOURCES & USES OF FUNDS

The Department is primarily funded with discretionary General Fund tax revenue and special taxes collected in the various library zones of benefit that are held in special revenue funds and transferred to the Library’s operating budget, with smaller amounts of revenue from donations, state grant funds, and charges for services.

Fixed Assets

RECOMMENDED BUDGET • FY 2024-25

A fixed asset is an asset of long-term character such as land, buildings and equipment exceeding a \$5,000 value, also referred to as a “capital asset.” The County’s Budget Policy B-16, item 14, states that “Fixed Assets requested and approved through the annual Budget Process will be included in the Departments’ recommended/approved budget and itemized on the Fixed Asset list submitted for approval with the Recommended Budget.”

The list below represents all fixed assets with the exception of projects outlined in the Accumulative Capital Outlay Fund narrative and workplan. Further explanation of individual fixed assets can be found in the department narratives.

SPECIAL REVENUE FUND SCHEDULES

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

The majority of the special revenue funds collect specific revenue sources and transfer those funds to County operating department budgets (e.g., Sheriff) for expenditure. The purpose of any associated expenses is therefore discussed in each department’s budget narrative.

CHIEF ADMINISTRATIVE OFFICE

Countywide Special Revenue Fund in the Chief Administrative Office

The Countywide Special Revenue – Local Revenue in the Chief Administrative Office (Fund 1277) includes the following subfunds:

Trial Court Security

The Trial Court Security subfund is used to account for state funding for court security services. Beginning in Fiscal Year 2011-12, as part of Trial Court Realignment, the State of California Superior Court Act of 2012 established the Trial Court Security Account to fund court security. The Sheriff negotiates the MOU with the Superior Court specifying an agreed-upon level of court security services and any other agreed-upon governing or operating procedures and brings it to the Board for consideration. The State of California Court Security Realignment monies fund the Sheriff’s Office personnel used to provide Security for the Courts and the equipment and supplies necessary to perform the services.

Warrant Assessment PC853.7A

The Warrant Assessment PC853.7A subfund was established per Penal Code 853.7A, which states that “a county may, by resolution of the board of supervisors, require the courts of that county to impose an assessment of fifteen dollars (\$15) upon every person who violates his or her written promise to appear or a lawfully granted continuance of his or her promise to appear in court or before a person authorized to receive a deposit of bail, or who otherwise fails to comply with any valid court order for a violation of any provision of this code or local ordinance adopted pursuant to this code. The funds can be “used first for the development and operation of an automated county warrant system. If sufficient funds are available after appropriate expenditures to develop, modernize, and maintain the automated warrant system, a county may use the balance to fund a warrant service task force for the purpose of serving all bench warrants within the county.”

Motherlode Quimby Fees

The Quimby Act, within the Subdivision Map Act, authorizes the legislative body of a city or county to require the dedication of land or to impose in-lieu fees for park or recreational purposes as a condition of the approval of a tentative or parcel subdivision map, if specified requirements are met. The Motherlode Quimby subfunds are for the collections of park fees imposed upon new development within the Motherlode region of the County. Funds can be expended only for new or expanded park facilities within the same region. In FY 2023-24, all Parks subfunds were moved due to a change in budgeting methodology where Parks funds are isolated in a separate accounting structure from other Chief Administrative Office Divisions.

SHERIFF

Countywide Special Revenue in the Sheriff's Office

The Countywide Special Revenue in the Sheriff's Office includes the following subaccounts:

Civil Fees

The Civil Fees subfund shall be expended to supplement the County's cost for vehicle fleet replacement and equipment, maintenance, and civil process operations, including data systems and consultant services. The funds are used annually to offset staff time under the allowance of civil process operations. Staff costs exceed the monies received; therefore, the fund balance is often zero at the start of each fiscal year.

Equitable Sharing Assets, Asset Seizure Trust, State Asset Seizure, and Rural Counties

The Equitable Sharing Assets, Asset Seizure Trust, State Asset Seizure, and Rural Counties funds are Law Enforcement related and non-supplanting. Equitable Sharing and Asset Seizure can be used for investigations, training, equipment, and memorials so long as there is a link to law enforcement. A percentage of State Asset Seizure funds must be used for education and Rural Counties funds cannot be used for surveillance. Seizure funds fluctuate year to year due to the applicable cases, monies seized, and updated legislation that limits when an agency is entitled to expend seized funds. Rural Counties is far more consistent as it tied to Government Code 30070 and provides an allocated percentage of funding each fiscal year.

The Fingerprint ID VC9250.19 funds are used exclusively for the purchase and operation of equipment that is compatible with the Department of Justice's Cal-ID master plan, as described in Section 11112.2 of the Penal Code. The Sheriff's Office has utilized these funds to provide livescan machines throughout the County, this coincides with the master plan in that there is a direct means of sending direct image fingerprints between the livescan machine and DOJ. Annually, the RAN Board determines the use of the remaining funds and presents that to the Board of Supervisors.

Fish and Game Fund

The Fish and Wildlife Commission oversees the expenditure of fish and game funds received from fines collected by the Courts. The El Dorado County Fish and Wildlife Commission advises the Board of Supervisors on matters pertaining to the conservation of Fish, Game and Wildlife. The Commission also makes recommendation to the Board pertaining to the expenditure of Fish and Wildlife Preservation funds and fine revenues. One of the key initiatives of the Commission is the eradication of poaching in El Dorado County. The goals of the Fish and Wildlife Commission include serving El Dorado County Board of Supervisors and the community, encouraging responsible stewardship of EDC’s fish, game and wildlife resources, develop Commission resources to work on past and future projects, encourage cooperative sponsorships & funding, expanding community outreach, and monitor relevant legislation and policy.

Department of Transportation (DOT) RSTP STBGP

Regional Surface Transportation Program (RSTP) Surface Transportation Block Grant Program (STBGP) funding is received annually and is nominated and awarded for specific capital improvement road projects. RSTP funding was previously held in the Road Fund, but in FY 2022-23 new special revenue funds were created for the three types of RSTP funding to facilitate proper accounting and reporting requirements for RSTP revenues and to establish auditable records of RSTP funding usage within the County's financial system. The advance funding received can only be used to reimburse road fund for costs incurred for the nominated projects and requires annual reporting to the El Dorado County Transit Commission (EDCTC) detailing project specific funding utilized and remaining balances.

Shingle Springs Band of Miwok Indians Memorandum of Understanding (Tribe Funds)

In 2006, the County and the Tribe entered into an MOU in settlement of then-pending litigation related to the Tribe's proposed construction of the Red Hawk Casino on Tribe land. In exchange for the County's agreement to drop all pending lawsuits and cease its opposition to the construction of the casino, the Tribe would provide compensation to the County to mitigate anticipated impacts of the casino, including traffic. As amended in 2017, the MOU requires the Tribe to pay the County \$2.6 million dollars annually, which must be used for "qualifying public improvement projects," which are defined in the MOU as road improvements and maintenance. The annual payment will increase by 2% every year. This subfund receives the Tribe funds, and funding is transferred out to Transportation for use on County road projects.

Subdivision Improvement Agreement Indian Creek

The Indian Creek Ranch project, TM 08-1472, executed Subdivision Improvement Agreement #22-5023 in order to meet the Conditions of Approval prior to issuance of Final Map TM-F22-0001. The subdivision Map Act requires a security against the construction of improvements, which most developers provide in the form of surety bonds. However, the Map Act also allows for a cash deposit, which the owners of the Indian Creek Ranch opted to provide instead. This fund will hold the cash security for the duration of the project, to be held for approximately 2-5 years depending on construction timelines, with refunds made at several points during the final 12 months as part of the initiation, and subsequent completion, of the warranty period.

Frontage Improvement Deferral

The Cool General Retail Project, DR 19-0009, was required to construct a segment of Class II Bike Path along the parcel's frontage on CA-49, per Condition of Approval #13 for the project. The segment of bike path is part of a larger bicycle network included in the El Dorado County Transportation Commission's Active Transportation Plan (ATP), which has not yet been constructed. Due to the lengthy permitting process to encroach on the Caltrans right of way, the lack of connection to adjacent bike paths, and plans for future improvements to the CA-49/CA-193 intersection in the immediate vicinity of the project, it was determined that the frontage improvements would be delayed, and the developer pay an in-lieu fee rather than construct the improvements at the time of building permit issuance. This special revenue fund holds the in-lieu payment, subject to Agreement #22-55007 (recorded as Doc #2022-0009093), until the CA-49/CA-193 intersection improvement project moves forward.

County Engineer Grading Deposits

The County Engineer Grading Deposits subfund, 12360425, is for securing deposits from property owners for grading projects with the County, which are later refunded once the grading project is completed. This was previously a trust account, but it was determined that the account did not meet the standards for a fiduciary account, so a special revenue fund was opened. These funds are held as a deposit from others and therefore this subfund will not have a fund balance, reserve, or designation.

Utility Bond

The Utility Bond subfund, 12360426, is for securing a deposit on a utility project with the county. Property owners pay a refundable deposit when the project begins. After final inspections and billing, the county refunds any remaining deposit to the property owner. This was previously a trust account, but it was determined that the account did not meet the standards for a fiduciary account, so a special revenue fund was opened. These funds are held as a deposit from others and therefore this subfund will not have a fund balance, reserve, or designation.

Surface Mining Reclamation

The Surface Mining Reclamation Act (SMARA) requires that every surface mining operation have a permit, a reclamation plan, and financial assurances. A fundamental purpose of SMARA is that surface mine operators, rather than the taxpaying public, bear the expense of reclaiming lands disturbed by surface mining. The financial assurances must remain in effect for the duration of the mining operation and until reclamation is complete and are made payable to the lead agency and the Department.

Environmental Impact Report Development Fees Fund

The Environmental Impact Report Development Fees Special Revenue fund was created as a pass-through account to collect funds from developers for subdivisions, commercial grading, and parcel maps. Funds were collected and deposited into this special revenue fund, then transferred to the Current Planning Division as work was completed. The Planning and Building Department (Department) no longer uses this methodology and fund as the process has changed to billing developers or project applicants on a time and materials basis for Department staff time and/or consultant costs. The funds were transferred in FY 2022-23 and the fund will be closed.

El Dorado Development Project Fund in the Planning and Building Department

The El Dorado Development Fund in the Planning and Building Department includes two subfunds the Missouri Flat and Missouri Flat Project Management subfunds.

The Missouri Flat subfund was established in accordance with Ordinance Code 130.72 for the deposit of fees charged for any non-residential development requiring a building permit within the Missouri Flat Area. The fees were established to reimburse the initial contributing developers that participated in funding the Environmental Impact Report for the Missouri Flat Road Circulation Plan.

Countywide Special Revenue – Realignment Fund

The Countywide Special Revenue – Realignment fund in Social Services consists of three subfunds.

The Social Services Realignment fund consists of 1991 realignment funds that are restricted for use for the county share of Social Services Administrative and Assistance costs that were realigned according to legislation.

The CalWORKS Maintenance of Effort (MOU) is part of the Budget Act of 2011 Realignment Legislation (AB 118 and ABX 116). Mental Health funds from 1991 Realignment were replaced with 2011 Realignment freeing up 1991 Realignment to be redirected to offset State General Fund costs for CalWORKS cash assistance.

The Health and Welfare Realignment – Family Support subfund consists of a portion of 1991 Health Realignment that was shifted to Social Services to offset State General Fund Costs for CalWORKS cash aid payment increases and some administrative cost increases.

Community Services Fund

The Grant Programs subfund includes Community Services Administration, Community Services Block Grant, Community Corrections Partnership, the Low-Income Home Energy Assistance Program, and the Low-Income Weatherization Program.

Special Revenue Funds

RECOMMENDED BUDGET • FY 2024-25

The Grant Programs subfund includes Community Services Administration, Community Services Block Grant, Community Corrections Partnership, the Low-Income Home Energy Assistance Program, and the Low-Income Weatherization Program.

Targeted Case Management includes the Medi-Cal Administrative Activities (MAA) program, which reimburses for activities such as Outreach, Assistance with Facilitating Medi-Cal applications, Referral and Monitoring, and Program Planning and Policy Development related to Medi-Cal Covered Services. Agencies that have programs participating in MAA/TCM are required to designate a Local Government Agency (LGA) Coordinator. The Public Guardian Program participates in and receives MAA reimbursements, and this subfund accounts for the cost and reimbursement of the LGA Coordinator for El Dorado County.

Homeless Emergency Assistance Program includes homeless aid programs that have received multiyear grants to help aid in the prevention and care for the homeless. Funding includes capital improvements for homeless shelters, homeless youth set aside, rental assistance, and assistance for persons experiencing or at risk of homelessness.

The Area Agency on Aging (AAA) is responsible for the administration of senior programs for El Dorado County residents 60 years of age and older. The AAA develops and implements the Area Plan for Senior Services in El Dorado County, which is required to receive Federal and State Funding for the Aging Programs. The AAA also administrates memorandum of understating for HICAP (Health Insurance Counseling and Advocacy program). AAA Admin also funds the Committee on Aging, an advisory Committee to the El Dorado County Board of Supervisors.

The Community Based Services Program subfund holds the residual fund balance from participation in the Area Agency on Aging (AAA) Targeted Case Management (TCM) Linkages program that was discontinued in FY 2010-11. The Center for Medicaid Services (CMS) has an outstanding open audit of this program with the Department of Health Care Services (DHCS) that dates back to FY 2003-04 through FY 2006-07. The fund balance must be retained in the event that the funds are owed back once the audit has been settled. HHSA has no control over the timing or outcome of the audit.

The Multipurpose Senior Services Program (MSSP) moved to the Public Health division; the fund is now used to facilitate pass through funding per Board of Supervisor Resolution 323-82 from the California Department of Housing and Community Development to Mother Lode Rehab Enterprises Inc. for the annual Rental Housing Grant, to provide affordable rental housing to disabled adults.

In-Home Supportive Services Board Governed Public Authority in the Community Services Division

The mission of the In-Home Support Services (IHSS) Public Authority (PA) is to improve the availability and quality of in-home supportive services by providing IHSS recipients with access to care providers who have received the training and met the standards set by the State of California. IHSS Public Authority funding is Federal, State, and County General Fund and is ongoing in nature. The County Board of Supervisors acts as the governing body of this “Authority” and HHSA administers the program.

Mental Health

The Behavioral Health division has multiple special revenue subfunds within the Mental Health fund.

The Mental Health subfund consists of mandated programs in effect prior to the passage of the Mental Health Services Act in November 2004; these programs are primarily funded by Medi-Cal and both 1991 and 2011 Realignment, with minor funding coming from insurance, self-pay clients, and other California counties who place clients in the County's Psychiatric Health Facility.

The Mental Health Services Act (MHSA), which places a 1% income tax on incomes in excess of \$1,000,000, was passed by CA voters in November 2004 (Proposition 63). This revenue is used by the State and counties to provide programs and services that were created after the passage of the MHSA. As required by the MHSA, El Dorado County uses its MHSA funding to provide a myriad of program as identified in its Board-approved three-year MHSA plan. Additional funding for the MHSA programs comes from Medi-Cal and two federal Substance Abuse and Mental Health Services Administration (SAMHSA) block grant allocations. The State allocates the MHSA funds to the counties and these funds are deposited in the MHSA subfund.

The Alcohol Drug Program, recently renamed Substance Use Disorder Services (SUDS), provides substance use prevention and treatment services in both outpatient and inpatient settings. Funding for these programs come primarily from Medi-Cal, 2011 Realignment, the federal Substance Abuse and Mental Health Services Administration's (SAMHSA) Substance Abuse Block Grant (SABG) allocation, and the County's Community Corrections Program (CCP).

The AB 2086 Drunk Driver Special Revenue subfund receives fifty dollars (\$50) of each DUI fine collected to help fund alcohol programs in the County.

The Drug Fines HS 11372.7 subfund receives up to a one hundred fifty-dollar (\$150) drug program fee, per offense, that is levied by the courts to persons convicted of a drug offense. This Special Revenue fund provides funding for the County's drug abuse programs in schools and the community, with at least 33% required to be spent on primary prevention programs.

The Alcohol Abuse Education and Prevention subfund receives up to a fifty-dollar (\$50) alcohol abuse education and prevention penalty assessment levied by the courts to persons convicted for a DUI and funds the County's alcohol abuse education and prevention programs.

Public Health Fund

The Public Health Division has multiple subfunds within the Public Health Fund.

The Public Health subfund consists of program accounts that do not require a separate subfund, including Communicable Disease, Vital Statistic, Maternal Child and Adolescent Health (MCAH), California Children's Services (CCS), Child Health and Disability Prevention -Program (CDPH), Immunization Program (IZ), AIDS Block Grant, COVID -19 ELC Enhancing Detection Program, COVID-19 Emergency Response Grant, Institutional Care Program, Women, Infants, and Children (WIC), Supplemental Nutrition Assistance Program (SNAP), Oral Health Program and Public Health Administration, which Public Health 1991 Realignment fund balance resides.

The Tobacco Settlement subfund consists of discretionary funds made available through the County's allocation from the State's Tobacco Settlement Agreement and are designated for capital improvements for Health Programs per prior Board direction.

The Domestic Violence Centers subfund is the result of CA W&I Code 18290-18309.8, which establishes the Domestic Violence Shelter-Based Programs Act. The fund from a portion of marriage license fees is deposited here and distributed to approved Domestic Violence Shelter Programs. Funds are currently distributed equally to two organizations, one each in the Western Slope and South Lake Tahoe.

The Medical Administrative Claiming subfund consists of a residual fund balance from the former Title XIX MAA activities, and then funded Public Health Accreditation Activities. The fund balance is discretionary for Public Health use and now accounted for in the Public Health subfund.

The Car Seat Restraint subfund receives a portion of the fines from car seat violations. Funds are used for education for securely installing car seats, and to provide car seats to qualified families.

The Bicycle Helmet subfund receives funds from bicycle helmet violations; this fund has not had activity for several years.

The Tobacco Use Prevention Program subfund receives funding per the Tobacco Tax and Health Protection Act of 1988; this state law authorizes a tax of 25 cents per pack of cigarettes, which is then allocated to the County for tobacco use education and cessation.

RECOMMENDED BUDGET • FY 2024-25

The Prop 56 Tobacco Use Prevention subfund receives funding per the Tobacco Tax and Health Protection Act of 2016; this state law authorizes a tax of two dollars (\$2) per pack of cigarettes, which is then allocated to the County for tobacco use education and cessation.

The Emergency Medical Services, Centers for Disease Control and Prevention (CDC) Bioterrorism City Readiness, and Public Health Emergency Preparedness Ebola Grant funds have been transferred from the Public Health Division to the Chief Administrative Office.

Glossary of Terms

ADOPTED BUDGET

Approved legal spending plan for a fiscal year, which, pursuant to Government Code Section 29088, must be approved by the Board of Supervisors by October 2 of each year.

APPROPRIATION

An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes (an appropriation usually is time limited and must be expended or obligated before that deadline).

ASSESSED VALUATION

A valuation set upon real estate or other property by a government as a basis for levying property taxes.

AUDIT

An examination of financial statements and related documents, records, and accounts for the purpose of determining the propriety of transactions, whether transactions are recorded properly and statements drawn from accounts reflect an accurate picture of financial operations and financial status. Audits may also include reviews of compliance with applicable laws and regulations, economy and efficiency of operations and effectiveness in achieving program results.

AUTHORIZED POSITIONS

The number of permanent full-time and permanent part-time positions authorized by the Board of Supervisors (excludes extra-help), which represents the maximum number of permanent positions that may be filled at any one time.

AVAILABLE FUND BALANCE

The amounts of fund balance available to finance the budget after deducting carryover encumbrances and reserves.

BUDGET

The planning and controlling document for financial operation with estimates of proposed expenditures and revenues for a given period of time, usually one year.

CAPITAL PROJECTS

The County's acquisitions, additions, and improvements to fixed assets; e.g., buildings, building improvements, and land purchases.

CONTINGENCY

A budgetary provision representing that portion of the financing requirement set aside to meet unforeseen expenditure requirements.

CORE FUNCTION

A group of related programs and activities aimed at accomplishing a major service, or line of business, for which a government entity is responsible.

COUNTY FUNDS

Operating or governmental funds of the County that account for expenditures and revenues in accordance with the funds' purpose. Operating funds of the County and Board-governed special districts are accounted for in the County Budget.

Glossary of Terms

COUNTYWIDE GOALS

Community and organizational goals derived from the County's mission statement and approved by the Board of Supervisors to identify the most important priorities for the County.

DEPARTMENT

An organizational device used by County management to group programs of a like nature under the direction of an elected or appointed County official.

ENCUMBRANCE

An obligation in the form of a purchase order, contract, or other commitment that is chargeable to an appropriation and for which part of the appropriation is reserved. In some cases encumbrances are carried over into succeeding fiscal years.

EXPENDITURE

Decreases in net financial resources, which include current operating expenses that require the current or future use of net current assets, debt service and capital outlays.

EXTRA HELP

Temporary employees of the County who are not included in the Salary Ordinance and do not receive benefits (i.e., medical, dental, life insurance and paid vacation time).

FINAL BUDGET

Adopted budget adjusted by all revisions throughout the fiscal year as of June 30.

FISCAL YEAR

Twelve-month period for which a budget is prepared, which for El Dorado County is July 1 through June 30.

FIXED ASSET

An asset of long-term character such as land, buildings and equipment exceeding a \$5,000 value, also referred to as "capital asset".

FULL TIME EQUIVALENT

This represents the budgeted number of full time equivalent staffing. A full time equivalent position is equal to 2,080 or 1,950 hours a year (40/37.5 hours/week x 52 weeks). For example: two half-time positions at 20 hours per week equal 1.0 FTE and a position allocated for 32 hours per week in a 40-hour job class equals 0.8 FTE.

FUNCTIONAL GROUP

A categorizing of departments and services by general purpose, including Health and Human Services; Law and Justice; Land Use and Development Services; and General Government.

FUND

An independent fiscal and accounting entity with a self-balancing set of asset, liability, and (usually) budgetary accounts.

Glossary of Terms

FUND BALANCE

The excess of assets and estimated revenues of a fund over its liability and appropriations at the end of a fiscal year. A portion of this balance may be available to finance the next fiscal year's budget.

GENERAL FUND

The major countywide fund that directly funds unreimbursed costs of most programs and departments in County government.

GRANT

A contribution from one governmental unit to another, usually made for a specific purpose and time period.

INTERFUND REIMBURSEMENTS

Payment received for services rendered to departments in other funds.

INTERNAL SERVICE CHARGE

Annual budgetary charges from servicing departments (such as Auditor-Controller, County Counsel, Facilities), reimbursing costs incurred in the provision of internal County services to the departments receiving the services. For servicing organizations, the reimbursement is reflected as Intrafund Transfers offsetting their Gross Appropriation (from General Fund departments) or as Revenue (from non-General Fund departments). Services provided by these departments include computer support, telephone services and insurance.

INTRAFUND CHARGES

A transfer of costs to the operating units within the same fund.

MISSION

A clear, concise statement of purpose for the entire organization that focuses on the broad, yet distinct outcomes/results the organization achieves for its customers.

MODIFIED ACCRUAL

The modified accrual basis of accounting is used by all Governmental Funds. Revenues are recognized in the accounting period in which they become available and measurable. The primary revenue sources susceptible to (modified) accrual are property taxes, sales tax, intergovernmental revenues, rent, investment income and charges for services. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. One exception to this general rule is that principal and interest on general long-term debt is recognized when due. El Dorado County uses the modified accrual basis for budgeting in governmental funds and full accrual in proprietary funds; i.e. budgets are not constructed on a cash basis of accounting.

NET COUNTY COST

Total requirements less total sources. This figure represents the part of a budget unit's appropriation that is financed by general purpose revenues, such as property taxes, sales taxes and interest earnings.

NON-DEPARTMENTAL

Expenses, revenues, services, programs or resources that cannot be specifically tied to a single department.

Glossary of Terms

ONE-TIME EXPENDITURES

Used to describe and differentiate non-recurring expenditures from routine ongoing costs within a given budget. Typically, fixed assets are one-time expenditures. This category may also include single-year appropriations for special purposes.

OTHER CHARGES

A payment to an agency, institution or person outside the County government. Example: "Aid to Indigents".

PROGRAM

A defined set of activities that have a common purpose, intended result or target population.

REAL PROPERTY

Land and the structures attached to it.

RECOMMENDED BUDGET

The final working document containing departmental requests and County Administrative Office recommendations for revenues and expenditures for the upcoming fiscal year, presented to the Board of Supervisors for consideration and approval prior to June 30 of each year.

RESERVE

An amount in a fund used to meet certain cash requirements, emergency expenditures, or future defined requirements. A reserve is not an appropriation and there is no limitation on the amount of reserve that can be established.

REVENUE

Funds received to finance ongoing county governmental services.

SECURED ROLL

Assessed value of real property, such as land, buildings, secured personal property or anything permanently attached to land as determined by each County Assessor.

SECURED TAXES

Taxes levied on real properties in the county which are "secured" by liens on the properties.

SPECIAL DISTRICT

A unit of local government generally organized to perform a single function such as street lighting, waterworks, landscape maintenance, and fire departments. Special districts are governed either by the Board of Supervisors or locally elected or appointed boards, and their operations are accounted for in separate funds.

SPECIAL FUNDS

Funds used to account for proceeds from specific revenue sources that are legally restricted as to how the revenues may be spent.

STRATEGIC PLAN

Sets forth the purpose, goals, plans, and performance expectations for an organization for a certain period of time.

Glossary of Terms

SUPPLEMENTAL TAX ROLL

The Supplemental Property Tax Roll is a result of legislation enacted in 1983 and requires an assessment of property when a change to the status of the property occurs, rather than once a year as was previously the case.

TAX LEVY

The amount of tax dollars billed to taxpayers based on the imposition of the tax rate on the assessed valuation.

UNALLOCATED REVENUES

Revenues which are for general purposes. Also known as discretionary, unrestricted, or local-purpose revenues.

UNFUNDED POSITION

A vacant, allocated position for which funding is not included in the budget.

UNINCORPORATED

The areas of the county outside city limits. Some county services are provided only in unincorporated areas or within area cities only on a cost-reimbursement basis. Example: Sheriff's patrol and building inspection.

UNSECURED TAX

A tax on properties such as office furniture, equipment and boats that are not affixed to property.

VISION STATEMENT

Serves to inspire action by describing what the future would look like if the organization were successful in achieving its stated mission and goals.
