NOTICE OF PUBLIC WORKSHOP

State Implementation Plan Revision for the 2008 and 2015 8-hour Ozone National Ambient Air Quality Standard for the Sacramento Federal Nonattainment Area – Proposed Contingency Measures and Reasoned Justification

Public Workshop:

Date: Wednesday, September 18, 2024
Time: 10:00 a.m.
Location: SMAQMD Office, 777 12th St, 3rd Floor, Sacramento, CA 95814

and Online via Zoom at: <https://us06web.zoom.us/j/87935161565>

Zoom Meeting ID: 879 3516 1565

The Sacramento Metropolitan Air Quality Management District (SMAQMD) will conduct a public workshop to discuss a proposed revision to the State Implementation Plan (SIP) to comply with the federal Clean Air Act (CAA) requirements for Contingency Measures. The CAA requires ozone nonattainment areas to develop SIPs that include contingency measures. Due to recent court decisions, EPA released updated guidance requiring contingency measures that are triggered by a failure to attain the air quality standard by the attainment date or make reasonable further progress towards attainment.

The Sacramento Federal Nonattainment Area, which include all of Sacramento and Yolo counties and portions of Placer, El Dorado, Solano, and Sutter counties, is classified as a nonattainment for both the 2008 and 2015 8-hour ozone National Ambient Air Quality Standard (NAAQS). This SIP revision identifies the proposed contingency measures for volatile organic compounds and includes an infeasibility demonstration for nitrogen oxides contingency measures. This plan revision will be submitted to the U.S. Environmental Protection Agency (EPA) for SIP approval.
